

SYLLABUS: MUIN 305, MIDI and Computer Music Production

Instructor:

Steve Cunningham: (323) 697-7248 (cell), (213) 821-4204 (ofc)

E-mail: cunningh@usc.edu Skype: synthmann

Mailbox: LPB 118

Office: LPB 107

Office Hours: Tuesdays 11am – 2pm (Skype), Thursday 1pm – 4pm (Skype); on-campus meetings by appointment.

Course Description

Students will record and edit MIDI and digital audio using Logic Pro computer software, and will learn modern MIDI sequencing techniques for the music, film and television industries.

Requirements, Exams and Grading Information:

Student evaluation in 305 will consist of a variety of work. There will be one midterm exam and one final project, both of which will be practical. Written, online, and practical quizzes may be given from time to time. Tests and quizzes must be taken during the scheduled times and cannot be made up at a later date.

Students are required to complete several exercises during the semester. Detailed instructions on how to complete these will be provided as assigned. Lab time will be available to students, and all students are expected to bring their project-in-progress to class every week after they are assigned. In general, students will be given one week to complete and turn in exercises. All assignments are to be turned in to the class folder on the Overture server and must carefully follow file management and format guidelines. Concise instructions for the Final Project will be available at a later date. Late assignments will be lowered one grade for the first week past the due date, and will not be accepted thereafter.

Because of the specialized nature of this subject, attendance and participation are critical for understanding the material and concepts covered in this class. If you cannot attend a class, it is your responsibility to contact the professor for updates and to get notes from a classmate. Attendance will be taken at each session and will count towards your final grade, at the sole discretion of the Instructor. Per University policy, sessions missed due to medical conditions require a written excuse from an M.D. for each missed session.

GRADING SUMMARY:

- | | |
|--------------------------|-----------|
| 1. Midterm | 15% |
| 2. Final Project | 25% |
| 3. Exercises and quizzes | 50% total |
| 4. Participation | 10% |

Exercises are due at the beginning of class unless otherwise noted, and are considered late from that time the end of the due day. After due day, projects will not be accepted. Letter grades are assigned strictly by percentage: 90+ = A, 80 – 89.99 = B, 70 – 79.99 = C, 60 – 69.99 = D, < 60 = F. Grades ending in 0 but less than 4 are minus, while those ending in 7 but less than 0 are plus (except for A, which has no plus grade). I do not “curve” or “round” scores – please do not ask.

Academic Integrity

Your attention is directed to the principles of Academic Integrity as outlined in the current edition of SCampus. *Collaboration or sharing of information when preparing*

SYLLABUS: MUIN 305, MIDI and Computer Music Production

homework and projects or during any exams is expressly forbidden unless specifically allowed by the instructor.

USC is committed to the general principles of academic honesty that include and incorporate the concept of respect for the intellectual property of others, the expectation that individual work will be submitted unless otherwise allowed by an instructor, and the obligations both to protect one's own academic work from misuse by others as well as to avoid using another's work as one's own. By taking this course, students are expected to understand and abide by these principles.

Required and Supplementary Materials:

1. Headphones, with ¼" plug
2. USB memory stick, suggested minimum size 2 GB
3. David Nahmani, *Logic Pro 9 and Logic Express 9*, Peachpit Press, ISBN 0-321-63680-5 (optional, but highly recommended).

Communication:

All course material, documentation and grades will be posted on Blackboard. It is your responsibility to learn to operate Blackboard. All e-mail correspondence regarding the class will be sent to USC email accounts only, so please check yours regularly! Note: take care to file messages so your mailbox does not fill up... if it does you will not get any new messages.

Classroom Behavior

No sleeping or eating in class. Please exercise common courtesy during lectures and do not distract the class with talk or other disruptive behavior. If you need to carry on a non-related conversation, please do so outside of class. Use of electronic devices during class is considered disruptive. Ringing cell phones will be confiscated and given away as door prizes. Laptops may be used for note-taking only. *Anyone found surfing the web, using email or chat, or playing games on a computer during class will be asked to leave the class. Before you can be readmitted to the class you must meet with the Department Chair.*

Behavior that persistently or grossly interferes with classroom activities is considered disruptive behavior and may be subject to disciplinary action. Such behavior inhibits other students' ability to learn and an instructor's ability to teach. A student responsible for disruptive behavior may be required to leave class pending discussion and resolution of the problem and may be reported to the Office of Student Judicial Affairs for disciplinary action.

Disabilities:

Any student requesting academic accommodations based on a disability is required to register with Disability Services and Programs (DSP) each semester. A letter of verification for approved accommodations can be obtained from DSP. Please be sure the letter is delivered to me (or to the TA if applicable) as early in the semester as possible. DSP is located in STU 301 and is open 8:30 a.m.-5:00 p.m. Monday through Friday. The phone number for DSP is 213-740-0776.

Class Schedule

Week	Date	Topic (subject to change with class progress)
1	01/09	Exploring the Workspace
2	01/16	<i>Martin Luther King holiday</i> (Wednesday class meets). Recording MIDI (Exercise 1)
3	01/23	Recording MIDI 2 and Apple Loops (Exercise 2) LAST WEEK TO DROP WITHOUT A "W"
4	01/30	Programming and Editing MIDI (Exercise 3)
5	02/06	Programming Drums (Exercise 4)
6	02/13	Advanced MIDI Editing (Exercise 5))
7	02/20	<i>President's Day holiday</i> (Wednesday class meets). Recording and Editing Audio (Exercise 6)
8	02/27	Tempo and Time Stretch (Exercise 6 con't), Midterm Exam on Wed.
9	03/05	Software Synthesizers – ES1/2, EFM, EVP88, EVB3, EXS24, Sculpture, Ultrabeat
10	03/12	Advanced Audio Editing (Exercise 7)
11	03/19	<i>Spring Recess</i>
12	03/26	Mixing and Bouncing, Automating the Mix (Exercise 8)
13	04/02	MIDI Processing in the Environment (Exercise 9)
14	04/09	Working With Notation (begin Final Project) LAST WEEK TO DROP WITH A "W"
15	04/16	Working with Video (Final Project con't)
16	04/23	Complete Final Project. FINAL PROJECT DUE APRIL 29, 2012 – NO EXTENSIONS
