Catalog Description
Mat exercises designed to promote healthy movement practices, develop strength, balance, flexibility and coordination.

Full Course Description
This class uses mat exercises designed to promote healthy movement practices, develop strength, balance, flexibility and coordination. Principles of basic anatomy and kinesiology may be integrated with principles of Pilates mat training.

Course Overview
This class teaches safe performance of movement in a progressive approach and offers an opportunity to improve and/or maintain a high-level of fitness through application of conditioning principles. In particular, this class offers a basic understanding of the concepts of alignment, centering, breathing, stabilization, mobilization and balance. Utilizing non–impact, whole–body conditioning mat exercises based on the work of fitness pioneer Joseph Pilates, the work of this class is designed to develop body awareness, improve posture, enhance muscle recruitment and further the art of muscle relaxation. The mat work increases core strength and stabilization, builds muscle tone and improves coordination, balance and flexibility. Mat techniques may be augmented with exercises utilizing exercise balls, therabands, free weights and the body for resistance.

Learning Objectives
In this studio course students will:
- Perform and demonstrate Pilates–based strengthening exercises for major muscle groups
- Develop a self–awareness of skeletal alignment and body mechanics, emphasizing an intelligent use of the body
- Increase strength, coordination, flexibility and range of motion
- Provide and demonstrate key exercises for selected common fitness and/or dance technique goals.
Proper Attire and Supplies for Pilates Mat Class
Students do not need to bring their own mat (unless they wish to do so). Please come dressed in appropriate workout/yoga/dance attire and bring to each class:
- Pair of socks or ballet slippers (advance notice will be given if students should bring athletic shoes)
- Towel
- Journal and pen/pencil

Required Textbook

Additional Resources
Though not required, these texts may be of interest:

Description and Assessment of Assignments
Students are expected to be in class every day and keep a written journal of exercises, personal achievements/challenges, and understanding of Pilates mat work. Further the student is expected to do the following:
- Be on time for class and prepared to work
- Learn all assigned exercises and variations presented
- Develop a personal system of Pilates mat work with consultation of faculty

Exams
The mid-term and final exam will consist of both a written test (multiple choice, fill-in-the-blank (or anatomical diagram), short answer and essay) and a practicum.
Mid-Term Exam: TBD
Final Exam: TBD

Dance Review – Looking at Bodies in Motion (due at final exam):
Students will write a personal reflection paper (2–3–pages, typed, double-spaced and proof-read) offering original comments about observing the human body in motion after attending a live dance performance given by USC Kaufman BFA Students. Ticket or program must be stapled to your paper.
- End of semester showcase in Bing Theatre: April 28 & 29, 2016

Additional Policies
Attendance is mandatory as most of our work is done in the studio each session. There will be four excused absences allowed. No doctors’ notes are necessary or accepted. No make-up classes are allowed. Tardiness is not tolerated as early warm-ups are critical to preventing injury; the full class time is necessary to complete course training, and tardiness creates a significant disruption to the course work of the other students. Tardiness of 20 minutes or more will constitute an absence. Further, three tardy attendances of less than 20 minutes will also constitute an absence. Because Active Participation as defined herein is so utterly important to this course, each additional unexcused absence will count for a 5-point deduction of active participation points.

Please Note
This class takes place at a university committed to equity for all students, where diversity and inclusion are considered critical to the academic environment. In this classroom, free speech is respected, and civil discourse is expected, with a safe learning environment the priority. We will endeavor to use language that is respectful—sometimes being inquisitive and creative, because language changes all the time—particularly when it comes to differences in age, ethnicity, gender identity or expression, race or socioeconomic status. If you have a preferred gender pronoun that is not being used, please advise the professor.

Statement for Students with Disabilities
Any student requesting academic accommodations based on a disability is required to register with Disability Services and Programs (DSP) each semester. A letter of verification for approved accommodations can be obtained from DSP. Please be sure the letter is delivered to me (or to TA) as early in the semester as possible. DSP is located in STU 301 and is open 8:30 a.m.–5:00 p.m., Monday through Friday. Website and contact information for DSP: http://sait.usc.edu/academicsupport/centerprograms/dsp/home_index.html, (213) 740–0776 (Phone), (213) 740–6948 (TDD only), (213) 740–8216 (FAX) ability@usc.edu.

Emergency Preparedness/Course Continuity in a Crisis
In case of a declared emergency if travel to campus is not feasible, USC executive leadership will announce an electronic way for instructors to teach students in their residence halls or homes using a combination of Blackboard, teleconferencing, and other technologies.

Support Systems
A number of USC’s schools provide support for students who need help with scholarly writing. Check with your advisor or program staff to find out more. Students whose primary language is not English should check with the American Language Institute http://dornsife.usc.edu/ali, which sponsors courses and workshops specifically for international graduate students. The Office of Disability Services and Programs http://sait.usc.edu/academicsupport/centerprograms/dsp/home_index.html provides certification for students with disabilities and helps arrange the relevant accommodations. If an officially declared emergency makes travel to campus infeasible, USC Emergency Information http://emergency.usc.edu/ will provide safety and other updates, including ways in which instruction will be continued by means of blackboard, teleconferencing, and other technology.
