A. **Catalogue Course Description**
Data mining and machine learning algorithms for analyzing very large data sets. Emphasis on Map Reduce. Case studies.

B. **Expanded Course Description**
Data mining is a foundational piece of the data analytics skill set. At a high level, it allows the analyst to discover patterns in data, and transform it into a usable product. The course will teach data mining algorithms for analyzing very large data sets. It will have an applied focus, in that it is meant for preparing students to utilize topics in data mining to solve real world problems.

C. **Recommended Preparation:**
INF 550, INF 551 and INF 552. Knowledge of probability, linear algebra, basic programming, and machine learning.

A basic understanding engineering principles is required, including basic programming skills; familiarity with the Python language is desirable. Most assignments are designed for the Unix environment; basic Unix skills will make programming assignments much easier. Students will need sufficient mathematical background, including probability, statistics, and linear algebra. Some knowledge of machine learning is helpful, but not required.

D. **Course Notes**
The course will be run as a lecture class with student participation strongly encouraged. There are weekly readings and students are encouraged to do the readings prior to the discussion in
All of the course materials, including the readings, lecture slides, home works will be posted online.

E. Technological Proficiency and Hardware/Software Required
Students are expected to know how to program in a language such as Python. Students are also expected to have their own laptop or desktop computer where they can install and run software to do the weekly homework assignments.

F. Required Readings and Supplementary Materials
- Rajaraman, J. Leskovec and J. D. Ullman, Mining of Massive Datasets

In addition to the textbook, students may be given additional reading materials such as research papers. Students are responsible for all assigned reading assignments.

G. Grading Structure

Homework Assignments: There will be 5 homework assignments. The assignments must be done individually. Each assignment is graded on a scale of 0-100 and the specific rubric for each assignment is given in the assignment.

Quizzes: There will be weekly quizzes based on the material from the week before. There is no mid-term for this class.

Final Exam: There is a final exam at the end of the semester covering all of the material covered in the class.

Class Participation: Students are expected to come to class and participate in the class discussions and discussion board.

Grade breakdown:

<table>
<thead>
<tr>
<th>Component</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Quizzes</td>
<td>30%</td>
</tr>
<tr>
<td>Homework</td>
<td>40%</td>
</tr>
<tr>
<td>Final</td>
<td>25%</td>
</tr>
<tr>
<td>Class Participation</td>
<td>5%</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>100%</strong></td>
</tr>
</tbody>
</table>

Grades will range from A through F. The following is the breakdown for grading:

- 94 - 100 = A
- 90 – 93 = A-
- 87 – 89 = B+
- 84 – 86 = B
- 80 – 83 = B-
- 74 - 76 = C
- 70 - 73 = C-
- 67 - 69 = D+
- 64 - 66 = D
- 60 - 63 = D-
H. Grading Policy
Homework assignments are due at 11:59pm on the due date and should be submitted in Blackboard. Late homework will be deducted 10% of its points for every 24 hours that it is late. No credit will be given after 72 hours of its due time.

Makeup for quizzes and exams are not permitted unless there are medical emergencies. Doctor notes are needed as proof. Typically no makeups will be given for situations such as interview, job fairs, etc. Students are responsible for scheduling to avoid conflicts with class meeting times and for any missing coursework due to these situations.

Homework, quizzes, and midterm exam regrading requests must be made within a week after the solutions have been posted. Grades are final after the regrading period.

I. Important Administrative Dates
1/11: Spring classes begin
1/18: Martin Luther King’s birthday, University holiday
1/29: Last day to register and add classes
1/29: Last day to change enrollment option to Pass/No Pass or Audit
1/29: Last day to drop a class without a mark of “W” and receive a 100% refund
2/15: Presidents’ Day, University holiday
3/14-3/20: Spring recess, University holiday
3/25: Deadline to submit signed Approval to Submit form to the Graduate School
4/1: Deadline to upload thesis or dissertation manuscript
4/8: Last day to drop a class with a mark of W
4/29: Spring semester classes end

J. Course Schedule: A Weekly Breakdown

<table>
<thead>
<tr>
<th>Week</th>
<th>Topic</th>
<th>Readings</th>
<th>Homework</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 (1/11)</td>
<td>Introduction to Data Mining, MapReduce</td>
<td>Ch1: Data Mining and Ch2: Large-Scale File Systems and Map-Reduce</td>
<td></td>
</tr>
<tr>
<td>2 (1/18)</td>
<td>MapReduce (cont.)</td>
<td>Ch2: Large-Scale File Systems and Map-Reduce</td>
<td></td>
</tr>
<tr>
<td>3 (1/25)</td>
<td>Frequent itemsets and Association rules</td>
<td>Ch6: Frequent itemsets, Ch3: Finding Similar Items (section 3.5: Distance Measures)</td>
<td>Homework 1 assigned</td>
</tr>
<tr>
<td>4 (2/1)</td>
<td>Frequent itemsets and Association rules</td>
<td>Ch6: Frequent itemsets</td>
<td></td>
</tr>
<tr>
<td>5 (2/8)</td>
<td>Shingling, Minhashing, Locality Sensitive Hashing</td>
<td>Ch3: Finding Similar Items</td>
<td>Homework 1 due, Homework 2 assigned</td>
</tr>
<tr>
<td>6 (2/15)</td>
<td>Shingling, Minhashing, Locality Sensitive Hashing</td>
<td>Ch3: Finding Similar Items</td>
<td></td>
</tr>
<tr>
<td>7</td>
<td>Recommendation</td>
<td>Ch9: Recommendation systems,</td>
<td></td>
</tr>
</tbody>
</table>
K. Statement on Academic Conduct and Support Systems

Academic Conduct
Plagiarism – presenting someone else’s ideas as your own, either verbatim or recast in your own words – is a serious academic offense with serious consequences. Please familiarize yourself with the discussion of plagiarism in SCampus in Section 11, Behavior Violating University Standards https://scampus.usc.edu/1100-behavior-violating-university-standards-and-appropriate-sanctions. Other forms of academic dishonesty are equally unacceptable. See additional information in SCampus and university policies on scientific misconduct, http://policy.usc.edu/scientific-misconduct.

Discrimination, sexual assault, and harassment are not tolerated by the university. You are encouraged to report any incidents to the Office of Equity and Diversity http://equity.usc.edu or to the Department of Public Safety http://capsnet.usc.edu/department/department-public-safety/online-forms/contact-us. This is important for the safety of the whole USC community. Another member of
the university community – such as a friend, classmate, advisor, or faculty member – can help initiate the report, or can initiate the report on behalf of another person. *The Center for Women and Men* [http://www.usc.edu/student-affairs/cwm/](http://www.usc.edu/student-affairs/cwm/) provides 24/7 confidential support, and the sexual assault resource center webpage [http://sarc.usc.edu](http://sarc.usc.edu) describes reporting options and other resources.

**Support Systems**

A number of USC’s schools provide support for students who need help with scholarly writing. Check with your advisor or program staff to find out more. Students whose primary language is not English should check with the *American Language Institute* [http://dornsife.usc.edu/ali](http://dornsife.usc.edu/ali), which sponsors courses and workshops specifically for international graduate students. *The Office of Disability Services and Programs* [http://sait.usc.edu/academicsupport/centerprograms/dsp/home_index.html](http://sait.usc.edu/academicsupport/centerprograms/dsp/home_index.html) provides certification for students with disabilities and helps arrange the relevant accommodations. If an officially declared emergency makes travel to campus infeasible, *USC Emergency Information* [http://emergency.usc.edu](http://emergency.usc.edu) will provide safety and other updates, including ways in which instruction will be continued by means of blackboard, teleconferencing, and other technology.
