School of Architecture
University of Southern California
ARCH 481: FURNITURE DESIGN
Units: 3
Term: Fall 2017
3 hours/week - Thursdays 3:00-6:00 PM
Watt Hall B7 and School of Architecture Metal Shop
Instructor: John Uniack

Course Description:

This hands-on seminar will focus on furniture design and metal furniture fabrication. Lectures will provide a foundation for student work by studying the relationships of architecture, art and design during four influential movements taking place at the beginning of the 20th century: futurism, neo-plasticism, modernism, and constructivism. These movements, its artists and architects, explored ideas relating to the changing nature of society, technology, industrialization, the greater influence of machines, new discoveries, and invention. Steel and metalworking were at the forefront of this exploration. These artists and architects were interested in utilizing the newest materials, construction and joining methods as well as innovative finishing techniques.

This course will look closely at the furniture and building design of Pierre Chareau, the work of Carlo Scarpa, and furniture designed by architects and artists including: Eileen Gray, Le Corbusier, Ludwig Mies van der Rohe, Otto Wagner, Adolf Loos, George Nakashima, Jean Prouve, Charles and Ray Eames, Charlotte Perriand, Carlo Molino, among others.

Consistent attendance and class participation is critical for success in this class. The first few lectures will explore shop safety, the general properties of steel, how to order it, and the basics of welding and metal working tools. Simultaneous workshops will be held to gain familiarity with shop procedures and working with steel. Subsequent lectures may include guest speakers and/or field trips to designer’s studios and production shops. Estimated budget expense for combined furniture projects is between $75-$150. This is variable based on each individual’s material choices and possible outside vendor costs.
Course Objectives:

Students will complete three projects. The final two will have drawing requirements.

**Project 1: Practice Piece (Coupon)**
Objectives:
- a. Practice: Welding, Cutting, Grinding, Bending
- b. Improve metal working skills
- c. Improve Craft
- d. Develop technique/ style

**Project 2: Small project (Table) – project brief will be given out at 3rd week**
Objectives:
- a. Concept/ Interpretation
- b. Scale/ Proportion
- c. Material Integration / Joining Methods – Second Material must be an integral/ structural component
- d. Finish

**Project 3: Larger scale project (Chair) – project brief will be given at 7th week**

Course Format:

1. Class will be held once a week for 3 hours, plus occasional field trips. The class will be approximately 40% lecture/field trips and 60% shop time.
2. Attendance is crucial to final grade - more than two “unexcused” classes (as defined by USC guidelines) will result in a grade penalty.
3. Field trips and guest lectures may change.
Grading Breakdown:

<table>
<thead>
<tr>

Grading Scale:

Course final grades will be determined using the following scale:

A  95-100
A- 90-94
B+ 87-89
B  83-86
C+ 77-79
C  73-76
C- 70-72
D+ 67-69
D  63-66
D- 60-62
F  59 and below

2017 Course Schedule (Thursdays, 3:00 pm – 6:00 pm, except as noted with an asterisk):

**Week 1:** 8/24/17

*Lecture:* Class Introduction, Safety Test Assignment

*Lab:* Introduction to welding (theory of metal inert gas welding), initial familiarity with tools, steel properties and ordering steel, safety procedures & introduction to the shop.

*Reading:* Sembach, Klaus-Jürgen. Twentieth-century furniture design. pp. 10-123

**Week 2:** 8/31/17

*Lecture:* Safety and welding; quiz. Coupon Assignment

*Lab:* Elementary metal fabrication technique

*Reading:* The Measure of Man and Woman: Human Factors in Design by Alvin R. Tilley pp. 44-51

**Week 3:** 9/7/17

*Lecture:* Student presentations: Case Studies, Inspiration assignment due

*Lab:* Additional metal fabrication methods

*Reading:* Blakemore, Robbie G., History of interior design and furniture pp.68-91

Morley, John., The history of furniture pp. 39-62

9/9/17*

Saturday - Field Trip to MADWORKSHOP (9:00 AM to 11:00 AM)

*Lecture:* 19th and 20th century steel architecture and furniture design.

**Week 4:** 9/14/17

*Lab:* Field Trip to Industrial Metal Supply (I.M.S.)

**Week 5:** 9/21/17

*Lecture:* Materials/Joinery Techniques

*Lab:* Finish Project 1: Craft, Welding, Cutting, Bending, Grinding Project 1 Due (Coupon)
Week 6: 
9/28/17 
**Lecture:** Structural Principles in Furniture Design: Cantilever, Connection  
**Lab:** Cantilever Construction and Testing: "Make it and Break it"  
**Critique of Student Design Proposals**  

Week 7: 
10/5/17 
**Lecture:** Strength of materials; Scale, weight  
**Lab:** Design Project Sketching, shop time.  
**Reading:** *Designing for People_. by Henry Dreyfuss, Earl Powell pp.12-35

Week 8: 
10/12/17 
**Lecture:** Fit and Finish  
**Lab:** Sketching, shop time to complete Project 2)  
**Reading:** Uta Abendroth. *World design : the best in classic and contemporary furniture, fashion, graphics and more_. pp. 75 - 93

Week 9: 
10/19/17 
**Lecture:** Metal Sculptural Design and Theory.  
**Lab:** Sculpting Methods: Bending, Stretching and Rolling  
**Project 2 Due**

Week 10: 
10/26/17 
**Lecture:** Fabrication Techniques  
**Lab:** FIELD TRIP: Modernica Furniture Factory (tentative)  
**Reading:** Jean Prouve Highlights 1917-1944, by Peter Sulzer and Erika Sulzer-Kleinemeier pp. 20-62

Week 11: 
11/2/17 
**Lecture:** Dynamic Elements in Furniture Design: Hinge, Pivot, Motion  
**Mid-term Exam on Readings**  
**Lab:** Connections for motion. Hinges and Pivots

Week 12: 
11/9/17 
**Lecture:** Issues in large scale furniture design  
**Lab:** Final Project. Individual Critiques

Week 13: 
11/16/17 
**Lecture and Lab:** Final Project Fabrication

Week 14: 
11/23/17* 
**Thanksgiving Holiday – No Class Meeting**

Week 15: 
11/30/17 
**Lecture and Lab:** Final Project Fabrication

Week 16: 
12/12/17* 
**FINAL PRESENTATION / Jury Critique**  
**Project 3 Due**  
**Please note:** This is a Tuesday, from 2:00 pm to 4:00 pm (location TBD).

Statement for Students with Disabilities
Any student requesting academic accommodations based on a disability is required to register with Disability Services and Programs (DSP) each semester. A letter of verification for approved accommodations can be obtained from DSP. Please be sure the letter is delivered to me (or to TA) as early in the semester as possible. DSP is located in STU 301 and is open 8:30 a.m.–5:00 p.m., Monday through Friday. Website and contact information for DSP: http://sait.usc.edu/academicsupport/centerprograms/dsp/home_index.html, (213) 740-0776 (Phone), (213) 740-6948 (TDD only), (213) 740-8216 (FAX) ability@usc.edu.

Statement on Academic Integrity
USC seeks to maintain an optimal learning environment. General principles of academic honesty include the concept of respect for the intellectual property of others, the expectation that individual work will be submitted unless otherwise allowed by an instructor, and the obligations both to protect one’s own academic work from misuse by others as well as to avoid using another’s work as one’s own. All students are expected to understand and abide by these principles. SCampus, the Student Guidebook, (www.usc.edu/scampus or http://scampus.usc.edu) contains the University Student Conduct Code (see University Governance, Section 11.00), while the recommended sanctions are located in Appendix A.

Students will be referred to the Office of Student Judicial Affairs and Community Standards for further review, should there be any suspicion of academic dishonesty. The Review process can be found at: http://www.usc.edu/student-affairs/SJACS/. Information on intellectual property at USC is available at: http://usc.edu/academe/acsen/issues/ipr/index.html.

Emergency Preparedness/Course Continuity in a Crisis
In case of a declared emergency if travel to campus is not feasible, USC executive leadership will announce an electronic way for instructors to teach students in their residence halls or homes using a combination of Blackboard, teleconferencing, and other technologies.

Please activate your course in Blackboard with access to the course syllabus. Whether or not you use Blackboard regularly, these preparations will be crucial in an emergency. USC's Blackboard learning management system and support information is available at blackboard.usc.edu.
