Objective
This course is intended to teach the basic languages and tools involved in web publishing. Each student will individually build and publish a web site.

Concepts
The core web publishing languages of HTML and CSS, the fundamentals of how Web pages and sites function, a basic understanding of graphic production with a specific stress on creating graphics for the Web, and a general grounding introduction to more advanced topics such as programming and scripting.

Prerequisites
None.

Instructor
Nayeon Kim

Grader
TBA

Lecture and Lab
Tuesdays 5 - 7:50pm at KAP160

Website
http://uscitp.com

Required Textbooks
None.
## Grading

The following percentage breakdown will be used in determining the grade for the course.

<table>
<thead>
<tr>
<th>Component</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Attendance &amp; Labs</td>
<td>15%</td>
</tr>
<tr>
<td>Assignments</td>
<td>30%</td>
</tr>
<tr>
<td>Midterm Exam</td>
<td>20%</td>
</tr>
<tr>
<td>Final Project</td>
<td>35%</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>100%</strong></td>
</tr>
</tbody>
</table>

## Grading Scale

The following shows the grading scale to be used to determine the letter grade.

- **A** 100-93
- **A-** 92-90
- **B+** 89-87
- **B** 86-83
- **B-** 82-80
- **C+** 79-77
- **C** 76-73
- **C-** 72-70
- **D+** 69-67
- **D** 66-65
- **F** 64 or below

## Policies

### Attendance

As this is a very hands-on course, attendance is critical to successfully learn the material taught in this class. As a result, attendance is taken every lecture starting Week 3 via Blackboard’s Qwickly Attendance system. To get credit for attendance, you will go to Blackboard and “check-in” by entering a 4-letter code given by the instructor at the beginning of the class. The check in period is open for 30 minutes. After this time, you will not receive credit for attendance.

### Assignments

All assignment requirements and deadlines are posted on the class website. To submit an assignment, you will upload your work to USC’s server space as defined on the class website. It is your responsibility to ensure that your assignment file has been uploaded correctly to the USC server. You will get THREE late extension requests for any lab or assignment. One extension gives you an extra 72 hours to submit the lab or assignment. To receive the extension, you must email the instructor and grader BEFORE the lab or assignment’s original deadline.

### Exam

There is only one exam for this course (the midterm exam). No make-up exams (except for documented medical or family emergencies) will be offered. Final projects take place of the final exam.
Final Project
In this class, a final project takes place of a final exam. The final project is due on the last day of classes at 11:59pm. Final project presentations will take place on the Final Examination date as scheduled by the University. All students are required to attend.

Incomplete and Missing Grades
Excerpts for this section have been taken from the University Grading Handbook, located at http://www.usc.edu/dept/ARR/grades/gradinghandbook/index.html. Please see the link for more details on this and any other grading concerns.

A grade of Missing Grade (MG) “should only be assigned in unique or unusual situations... for those cases in which a student does not complete work for the course before the semester ends. All missing grades must be resolved by the instructor through the Correction of Grade Process. One calendar year is allowed to resolve a MG. If an MG is not resolved [within] one year the grade is changed to [Unofficial Withdrawal] UW and will be calculated into the grade point average a zero grade points.

A grade of Incomplete (IN) “is assigned when work is not completed because of documented illness or other ‘emergency’ occurring after the twelfth week of the semester (or 12th week equivalency for any course scheduled for less than 15 weeks).”

Students with Disabilities
Any student requesting academic accommodations based on a disability is required to register with Disability Services and Programs (DSP) each semester. A letter of verification for approved accommodations can be obtained from DSP. Please be sure the letter is delivered to your course instructor (or TA) as early in the semester as possible. If you need accommodations for an exam, the form needs to be given to the instructor at least two weeks before the exam.

DSP is located in STU 301 and is open from 8:30am to 5:00pm, Monday through Friday. Contact info: 213-740-0776 (Phone), 213-740-6948 (TDD only), 213-740-8216 (FAX), ability@usc.edu, http://sait.usc.edu/academicsupport/centerprograms/dsp/home_index.html.

Emergency Preparedness/Course Continuity in a Crisis
In case of emergency, when travel to campus is difficult, if not impossible, USC executive leadership will announce a digital way for instructors to teach students in their residence halls or homes using a combination of the Blackboard LMS (Learning Management System), teleconferencing, and other technologies. Instructors should be prepared to assign students a “Plan B” assignment that can be completed ‘at a distance.’ For additional information about maintaining your classes in an emergency, please access: http://cst.usc.edu/services/emergencyprep.html
Statement on Academic Conduct and Support Systems

Academic Conduct
Plagiarism – presenting someone else’s ideas as your own, either verbatim or recast in your own words – is a serious academic offense with serious consequences. Please familiarize yourself with the discussion of plagiarism in SCampus in Section 11, Behavior Violating University Standards https://scampus.usc.edu/1100-behavior-violating-university-standards-and-appropriate-sanctions/. Other forms of academic dishonesty are equally unacceptable. See additional information in SCampus and university policies on scientific misconduct, http://policy.usc.edu/scientific-misconduct/.

Discrimination, sexual assault, and harassment are not tolerated by the university. You are encouraged to report any incidents to the Office of Equity and Diversity http://equity.usc.edu/ or to the Department of Public Safety http://capsnet.usc.edu/department/department-public-safety/online-forms/contact-us. This is important for the safety whole USC community. Another member of the university community – such as a friend, classmate, advisor, or faculty member – can help initiate the report, or can help initiate the report on behalf of another person. The Center for Women and Men http://www.usc.edu/student-affairs/cwm/ provides 24/7 confidential support, and the sexual assault resource center webpage sarc@usc.edu describes reporting options and other resources.

Examples of behavior violating University standards:
· The submission of material authored by another person but represented as the student’s own work, whether that material is paraphrased or copied in verbatim or near-verbatim form.
· Acquisition of term papers or other assignments from any source and the subsequent presentation of those materials as the student’s own work, or providing term papers or assignments that another student submits as his/her own work.
· Obtaining for oneself or providing for another person a solution to homework, a project or other assignments, or a copy of an exam or exam key without the knowledge and expressed consent of the instructor.
· Unauthorized collaboration on a project, homework or other assignment. Collaboration between students will be considered unauthorized unless expressly part of the assignment in question or expressly permitted by the instructor.

If the instructor, a grader, or a lab assistant suspects you of academic dishonesty, it has to be reported to SJACS. Do not share lab assignments with another student. Do not submit another student’s work as your own. Do not look at other students’ papers during exams. Do not leave the room during an exam. Do not cheat! As Trojans, we are faithful, scholarly, skillful, courageous, and ambitious.

Support Systems
A number of USC’s schools provide support for students who need help with scholarly writing. Check with your advisor or program staff to find out more. Students whose primary language is not English should check with the American Language Institute http://dornsife.usc.edu/ali, which sponsors courses and workshops specifically for international graduate students. The Office of Disability Services and Programs http://sait.usc.edu/academicsupport/centerprograms/dsp/home_index.html provides certification for students with disabilities and helps arrange the relevant accommodations. If an officially declared emergency makes travel to campus infeasible, USC Emergency Information http://emergency.usc.edu/ will provide safety and other updates, including ways in which instruction will be continued by means of blackboard, teleconferencing, and other technology.
Web Publishing
ITP104 (2 units)

Course Outline

Week 1
Course introduction,
Overview of the Internet and the
World Wide Web and related technologies.

Week 2
Introduction to HTML and CSS
FTP and ‘uploading’ files to a server
Lab: First Web page (due in class)

Week 3
Review of basic HTML and CSS, “Good Code”
CSS selectors,
Introduction of “Divs”
Assignment: Resume (due W4)

Week 4
Two-column layout with divs, floats
Re-creating a news article
Assignment: Film Article (due W5)

Week 5
Multi-column layout
Re-creating Instagram interface
Assignment: Calendar (due W6)
Assignment: Final project proposal (due W7)

Week 6
Graphic CSS, Creating re-usable CSS classes,
HTML Forms
Assignment: Survey (due W7)

Week 7
CSS Positioning - absolute, relative, fixed
HTML Review and Exam Prep
Lab: Practice exam (due W8)

Week 8
Midterm

Week 9
External Stylesheets, CSS compounds, Navigations
Lab: CSS nav (due W10)
Week 10
Introduction to Web design, site mock-ups and planning.
Introduction to Graphic Production and Photoshop.
**Assignment:** Final Project Homepage (due W12)

Week 11
Loading custom fonts, HTML5 Video,
Basic social media integration (e.g. Facebook Like/Share Button)

Week 12
Industry Panel
Interactivity using Javascript and jQuery Plugins
*Lab:* jQuery Plug-in (due W13)

Week 13
HTML5 semantic tags,
Introduction to Responsive Web Design

Week 14
Introduction to CMS & Wordpress
Introduction to WYSIWYG & Dreamweaver

Week 15
Final project wrap-up,
Taking your site beyond USC,
Web hosting and domains

**Final projects posted by 6 p.m. to assignment page**

Final “Exam”
Student Presentations of Final Projects
