Catalog: Federal and state statutory and regulatory requirements affecting California transportation systems, including transportation planning and funding law; and government contracting, environmental, and civil rights requirements.

Host Department CE 3 Units

Location: Monday 6:30 to 9:10 p.m. KAP 165

Office hours:

I am on campus Monday, Tuesday and Thursday evenings. Make an appointment to see me before or after my classes or telephone me anytime (my office phone is forwarded if I'm not there). Email is very good as I often work late in the evening or weekends. If you send an email, please be relatively specific, including course number and a subject line as I teach 3 courses. If you have a question about a problem describe the problem, not just a problem number.

Prerequisites:

None. It is assumed the students have no prior legal or transportation planning courses. Open to all graduate students and undergraduate students with permission of the instructor.
