Catalog Description

Mat exercises designed to promote healthy movement practices, develop strength, balance, flexibility and coordination.

Full Course Description

This class uses mat exercises designed to promote healthy movement practices, develop strength, balance, flexibility and coordination. Principles of basic anatomy and kinesiology may be integrated with principles of Pilates mat training.

Course Overview

This class teaches safe performance of movement in a progressive approach and offers an opportunity to improve and/or maintain a high-level of fitness through application of conditioning principles. In particular, this class offers a basic understanding of the concepts of alignment, centering, breathing, stabilization, mobilization and balance. Utilizing non-impact, whole-body conditioning mat exercises based on the work of fitness pioneer Joseph Pilates, the work of this class is designed to develop body awareness, improve posture, enhance muscle recruitment and further the art of muscle relaxation. The mat work increases core strength and stabilization, builds muscle tone and improves coordination, balance and flexibility. Mat techniques may be augmented with exercises utilizing exercise balls, thera-bands, free weights and the body for resistance.

Learning Objectives

In this studio course students will:

- Perform and demonstrate Pilates-based strengthening exercises for major muscle groups
- Develop a self-awareness of skeletal alignment and body mechanics, emphasizing an intelligent use of the body
- Increase strength, coordination, flexibility and range of motion
- Provide and demonstrate key exercises for selected common fitness and/or dance technique goals.

Proper Attire and Supplies for Pilates Mat Class

Students do not need to bring their own mat (unless they wish to do so). Please come dressed in appropriate workout/yoga/dance attire and bring to each class:

- Pair of socks or ballet slippers (advance notice will be given if students should bring athletic shoes)
- Towel
- Journal and pen/pencil

Description and Assessment of Assignments

Students are expected to be in class every day and keep a written **journal** of exercises, personal achievements/challenges, and understanding of Pilates mat work. Further the student is expected to do the following:

- Be on time for class and prepared to work
- Learn all assigned exercises and variations presented
- Develop a personal system of Pilates mat work with consultation of faculty

Exams

The mid-term and final exam will consist of both a written test (multiple choice, fill-in-the-blank (or anatomical diagram), short answer and essay) and a practicum.

Dance Review – Looking at Bodies in Motion (due at final exam):

Students will write a personal reflection paper (2–3–pages, typed, double–spaced and proof–read) offering original comments about observing the human body in motion after attending a live dance performance given by USC Kaufman BFA Students. Ticket or program must be stapled to your paper.

Additional Policies

Attendance is mandatory as most of our work is done in the studio each session. There will be four excused absences allowed. No doctors' notes are necessary or accepted. No make-up classes are allowed. Tardiness is not tolerated as early warm-ups are critical to preventing injury; the full class time is necessary to complete course training, and tardiness creates a significant disruption to the course work of the other students. Tardiness of 20 minutes or more will constitute an absence. Further, three tardy attendances of less than 20 minutes will also constitute an absence. Because Active Participation as defined herein is so utterly important to this course, each additional unexcused absence will count for a 5-point deduction of active participation points.

Emergency Preparedness/Course Continuity in a Crisis

In case of a declared emergency if travel to campus is not feasible, USC executive leadership will announce an electronic way for instructors to teach students in their residence halls or homes using a combination of Blackboard, teleconferencing, and other technologies.

Statement on Academic Conduct and Support Systems

Academic Conduct

Plagiarism – presenting someone else’s ideas as your own, either verbatim or recast in your own words – is a serious academic offense with serious consequences. Please familiarize yourself with the discussion of plagiarism in SCampus in Section 11, Behavior Violating University Standards <https://scampus.usc.edu/1100-behavior-violating-university-standards-and-appropriate-sanctions/>. Other forms of academic dishonesty are equally unacceptable. See additional information in SCampus and university policies on scientific misconduct, <http://policy.usc.edu/scientific-misconduct/>.

Discrimination, sexual assault, and harassment are not tolerated by the university. You are encouraged to report any incidents to the Office of Equity and Diversity <http://equity.usc.edu/> or to the Department of Public Safety <http://capsnet.usc.edu/department-department-public-safety/online-forms/contact-us>. This is important for the safety whole USC community. Another member of the university community – such as a friend, classmate, advisor, or faculty member – can help initiate the report, or can initiate the report on behalf of another person. The Center for Women and Men <http://www.usc.edu/student-affairs/cwm/> provides 24/7 confidential support, and the sexual assault resource center webpage sarc@usc.edu describes reporting options and other resources.

Support Systems

A number of USC’s schools provide support for students who need help with scholarly writing. Check with your advisor or program staff to find out more. Students whose primary language is not English should check with the American Language Institute <http://dornsife.usc.edu/ali>, which sponsors courses and workshops specifically for international graduate students. The Office of Disability Services and Programs http://sait.usc.edu/academic-support/center-programs/dsp/home_index.html provides certification for students with disabilities and helps arrange the relevant accommodations. If an officially declared emergency makes travel to campus infeasible, USC Emergency Information <http://emergency.usc.edu/> will provide safety and other updates, including ways in which instruction will be continued by means of blackboard, teleconferencing, and other technology.
