Course Description
The purpose of this 15-week course is to build upon a basic level of drumming competency, strengthening the foundation upon which students can increase their understanding of rhythm, promote further mastery of physical and musical coordination, and learn more skills on the drumset. Upon completion of this class, students should expect to have the ability to play the drums in a large number of ensemble and musical settings.

Students will gain:
- The ability to perform basic to advanced drumming rudiments on a practice pad
- The ability to perform basic to advanced drumming styles, using sticks and brushes, with a specific focus on ‘fills’ as well as Afro-Caribbean and Brazilian drumming
- The ability to perform in an ensemble context with a focus on ‘comping’ vocabulary
- A broader and more sophisticated understanding of the role and development of the drumset in contemporary music
The ability to read and understand notated rhythms as well as standard drum charts

**Mandatory Course Materials (all items available from amazon.com, etc):**
- 1 pair of drumsticks for practice pad studies: Vic Firth SD1 model
- 1 pair of drumsticks for drumset studies: Vic Firth “Peter Erskine Big Band” model
- 1 pair of brushes: Vic Firth “Heritage” brush (suggested model)
- *Drumset Essentials, Vol. 3* by Peter Erskine (Alfred Publishing)
- *Essential Drum Fills* by Peter Erskine (Alfred Publishing)

Drumsets will be provided in the ‘Drum Lab’ (G122B). Drumsets are Roland electronic pad kits with teacher-to-individual student communications by way of headsets (similar to an electronic keyboard lab). USB flash drives are recommended!

**Grading Criteria:**

- **Attendance and Participation (16%):** Attendance is expected at all classes and is mandatory for exams. Classes which meet once per week can allow one unexcused absence per semester. Each additional unexcused absence will result in a 4% reduction in overall mark. Classes which meet twice a week can allow two unexcused absences per semester. Each additional unexcused absence will result in a 2% reduction in overall mark. Please be on time and participate in class!

- **Listening Assignment (10%):** Students will be emailed a small set of music samples by Week 5 of the semester. Listen to the music provided and compose a journal-style response between 500-1,000 words. The assignment is due, via email, to Professor Erskine and your respective classroom instructor by the end of Week 10. More details about the Listening Assignment will be discussed in class.

- **Mid-term Exam (34%):** A) Written or aural exam testing drumming styles, players and history presented in class. B) Playing exam testing basic drumming skills on the practice pad as well as drumset skills that have been learned in class.

- **Final Exam (40%):** Students will perform in a jury-type setting for the Instructor. They may be asked to play basic drum rudiments, as well as any of the styles or tempos that have been studied throughout the semester. Drumset chart reading may also be part of the final examination.

**Compulsory Video Viewing (outside of class):**
Students will be provided with a notification/link by way of BLACKBOARD for the viewing of four video lessons (total viewing time approximately 30 minutes) during the first weeks of the semester.
Statement for Students with Disabilities
Any student requesting academic accommodations based on a disability is required to register with Disability Services and Programs (DSP) each semester. A letter of verification for approved accommodations can be obtained from DSP. Please be sure the letter is delivered to Professor Erskine (or to your TA) as early in the semester as possible. DSP is located in GFS 120 and is open 8:30am – 4:30pm, Monday through Friday. The phone number for DSP is (213) 740-0776.

Statement on Academic Conduct and Support Systems

Academic Conduct:
Plagiarism – presenting someone else's ideas as your own, either verbatim or recast in your own words – is a serious academic offense with serious consequences. Class Notes

- Practicing: Students are expected to practice approximately 3-4 hours per week outside of class time. The drum lab schedule is provided at the beginning of this document. Any time, 24/7, a class is not scheduled, you may enter with your USC Card to practice.

- It is assumed that most students are right-handed. Students will be asked to swap right-for-left instructions if they are left-handed. A drumset can be set up to accommodate left-hand students. Alternately, left-handed students could play on a right-handed drumset utilizing an “open” grip (this is the recommended solution, preparing/allowing left-handed drummers to play on any kit).
