I. COURSE PREREQUISITES

This course is a master’s level applied learning course. Students are required to take this course concurrently with SOWK 588 - Integrative Learning for Social Work Practice.

II. CATALOGUE DESCRIPTION

Supervised field placement to develop practice skills in working with individuals, families, groups, communities and/or organizations. Graded CR/IP/NC.

III. COURSE DESCRIPTION

This course is the second semester, department specific, direct practice portion of the MSW program. This course provides students the opportunity to apply Evidence-Based Interventions (EBIs) in their work with individuals, families, groups, organizations, communities and businesses. Students will begin to learn how to apply specialized practice coursework concepts, while practicing social work and developing

competencies in their specialized area of practice. Application for SCI students involves organizations, business and community settings. Application for CYF students involves children, youth and families. Application for AMHW students involves practice in health, mental health, and integrated care settings.

Each student receives continual support provided by a Field Faculty Liaison who serves as an educator, consultant and coach for the practicum experience to emphasize the Four C's of Field Education at USC: 1) collaboration, 2) communication, 3) creativity, and 4) critical thinking. Students utilize critical thinking and creativity through application of EBIs on the micro, mezzo and macro level of practice. Students utilize effective communication techniques in working with clients, agency employees and USC faculty to enhance their professional development as social workers.

Students are expected to take an active role in their experiences through the use of three core learning processes: self-reflection, interaction, and risk-taking. This teaching method draws on Transformative Learning Theory, which asserts that students develop integrative knowledge about self and others in a dynamic, multicultural society from multiple perspectives. The primary goal is to help students understand their own and others' cultural experiences, to challenge their preconceptions and stereotypes, and to develop an attitude of openness and flexibility in cross-cultural interactions. Additionally, students will apply Person-In-Environment and Ecological Systems Theory along with EBIs learned and practiced during the first semester: Motivational Interviewing (MI), Cognitive Behavioral Therapy (CBT) and Problem Solving Therapy (PST). These empowering theories and frameworks not only help students at the individual and group client level, but also set the stage for understanding how their work is linked to societal systems and organizational change.

Due to its practice component, Field Education is a natural setting for the advancement of translational science: taking research from the experimental to the applicable with a macro goal of influencing policy (Tufts University Clinical and Translational Science Institute, 2011). Each year, students in field placement have the opportunity to implement research-based practices in multidisciplinary settings, thereby contributing to the direct application of EBIs and enhancing the capacity of organizations to provide EBIs. Infusing USC School of Social Work applied learning experiences with EBIs provides a translational link between research and practice, further solidifies a developing science of social work, and underscores Field Education as the "signature pedagogy" of social work.

At semester end, the Field Faculty Liaison is responsible for assigning students a grade of Credit, In Progress, or No Credit.

IV. COURSE OBJECTIVES

Objective #	Objectives
1	SCI, AMWH, and CYF students begin to integrate classroom theories and specialized practice concepts with social work practice in vulnerable communities where the effects of poverty, discrimination and oppression are pervasive in an effort to bring about change at individual, community, organizational and societal levels.
2	Connect behavioral science to practice by learning how to apply specific SCI, AMHW, CYF Evidence-Based Interventions (EBIs) in internship placements.
3	Enhance skills across the spectrum of culturally appropriate social work services, from engagement to assessment, goal-setting, intervention, evaluation, and termination in the specialized area of practice.
4	Develop professional use of self through observation of professional social workers, self-reflection, understanding of social work values, and implementation of those values in internship placements.
5	Begin to increase proficiency in the required Council on Social Work Education's (CSWE) Core Competencies as indicated in the end of semester related to departmental SCI, AMHW, or CYF specialized behaviors.

V. COURSE FORMAT / INSTRUCTIONAL METHODS

Field Education is systematically designed, supervised, coordinated, and evaluated based on criteria by which students demonstrate the achievement of program competencies (Brooks, 2010). These competencies are articulated in the CSWE Educational Policy and Accreditation Standards (EPAs) and make up the end of semester evaluation. To prepare students for successfully achieving those competencies, a variety of instructional methods are utilized by both USC Field Faculty and agency Field Instructors.

Instructional methods consist of university-led presentations, activities, and guidance combined with community agency activities under the supervision of a designated Field Instructor, including hands-on interactions with clients, shadowing opportunities, trainings, individual supervision, group supervision, guidance on proper documentation, crisis management responses, didactic instruction, and experiential exercises. Students may also develop a working relationship with site-based employees, known as Preceptors, who help guide them in day-to-day operations and many of the activities listed above.

USC Field Faculty Liaisons are assigned to oversee the progress of the students in their field placements, including consultation for students' field assignments. Working on behalf of the Suzanne Dworak-Peck School of Social Work, the Field Liaisons meet with students as needed to facilitate their placement experiences and schedule Field Instructor, Preceptor (if applicable) and student contacts each semester to ensure the students' progress in meeting CSWE Core Competencies and NASW Code of Ethics. The Field Liaisons also clarify School policy/expectations and serve as consultant and mediator for student and agency-related conflicts.

Reflective Learning Tools are used to describe and analyze student communication with clients in individual, group and meeting settings, provide an opportunity for Field Instructor input, and plan for future interactions. A teaching plan, known as the Learning Agreement, is developed collaboratively between students and their Field Instructors. At the end of the semester an evaluation will be completed for each student and a grade of Credit or No Credit will be assigned by the USC Field Liaison.

As discussion and participation are an integral part of the learning process, students are expected to prepare for supervision and to come to internship ready to apply the best practices of social work with agency clients and systems. The number of hours required in the field placement is 16 hours per week.

Students are expected to take an active role in their experiences through the use of three core learning processes: self-reflection, interaction, and risk-taking. This teaching method draws on Transformative Learning Theory which asserts that students develop integrative knowledge about self and others in a dynamic, multicultural society from multiple perspectives (Lee & Greene, 2003). A primary goal is to help students understand their own and others' cultural experiences, to challenge their preconceptions and stereotypes, and to develop an attitude of openness and flexibility in cross-cultural interactions. As students explore their burgeoning professional role and identity, they will also be applying critical thinking skills to assessment, documentation, and the informed application of EBIs.

VI. STUDENT LEARNING OUTCOMES

The following table lists Social Work Core Competencies as defined by the Council on Social Work Education's 2015 Educational Policy and Accreditation Standards:

Social Work Core Competencies	
1	Demonstrate Ethical and Professional Behavior
2	Engage in Diversity and Difference in Practice
3	Advance Human Rights and Social, Economic, and Environmental Justice
4	Engage in Practice-informed Research and Research-informed Practice
5	Engage in Policy Practice
6	Engage with Individuals, Families, Groups, Organizations, and Communities
7	Assess Individuals, Families, Groups, Organizations, and Communities
8	Intervene with Individuals, Families, Groups, Organizations, and Communities
9	Evaluate Practice with Individuals, Families, Groups, Organizations and Communities

The following table shows the competencies highlighted in this course, the related course objectives, student learning outcomes, and dimensions of each competency measured. The final column provides the location of course content related to the competency.

Competency	Objectives	Behaviors	Dimensions	Content
<p>1. Demonstrate Ethical and Professional Behavior Social workers understand how the value base of the profession and its ethical standards, as well as relevant policies and regulations, may impact practice in community, organization, and business environments. Social workers apply their understanding of ethical decision-making and principles of critical thinking to workplace, community and organizational settings. Social workers recognize personal values and the distinction between personal and professional values. They also understand how their personal experiences, affective reactions, and biases influence their professional judgment and behavior. Social workers understand social work roles and the roles of other professionals involved in community, organizational, and business environments. Social workers use collaboration and advocacy skills to have a positive impact in a variety of contexts. Social workers recognize the importance of life-long learning and continual updating of knowledge and skills for effective and responsible practice. Social workers incorporate ethical approaches to the use of technology in meeting the needs of their clients in communities, organizations, and business environments. Social workers understand that work within complex systems can generate conflicting priorities and ambiguities that require professional value-based judgments.</p>	<p>4. Develop professional use of self through observation of professional social workers, self-reflection, understanding of social work values, and implementation of those values in internship placements.</p> <p>5. Increase proficiency in the required Council on Social Work Education's (CSWE) Core Competencies as indicated in the Comprehensive Skills Evaluation.</p> <p>6. Develop and expand effective communication skills, demonstrating critical thinking and creativity for intra/interdisciplinary collaboration, service delivery, oral presentation and written documentation within the field practicum setting.</p>	<p>a. Understand ethical harm and risks inherent in practice (including decision-making and conflicting values), and use this knowledge to manage personal values and maintain professionalism in practice situations.</p> <p>b. Utilize ethical theories, principles, and guidelines in decision-making to address conflicting values to maximize and opportunities for change in community, organization and business environments.</p> <p>c. Effectively utilize professional judgment, critical thinking, knowledge of social work values and self-awareness to enhance practice with groups, communities and/or organizations.</p>	<p>Exercise of Judgement</p> <p>Values</p> <p>Skills and Critical Thinking</p>	<p>Units 1-14</p> <p>Learning Agreement</p> <p>Reflective Learning Tools</p> <p>Development of competencies and completion of field hours</p>

Competency	Objectives	Behaviors	Dimensions	Content
<p>2. Engage in Diversity and Difference in Practice</p> <p>Social workers understand how diversity and difference characterize and shape the human experience and are critical to identity formation across one's life span and in a variety of settings. The dimensions of diversity are understood as the intersectionality of multiple factors including but not limited to age, class, color, culture, disability and ability, ethnicity, gender, gender identity and perspectives, immigration status, marital status, political ideology, race, religion/spirituality, sex, sexual orientation, and tribal sovereign status. Social workers understand how life experiences arising from oppression, poverty, marginalization, or privilege and power, can affect community and organizational culture and well-being. Social workers recognize the extent to which social structures, values and cultural systems, including those within communities, organizations, and businesses, may oppress, marginalize, alienate, exclude, or create or enhance privilege and power in arenas of intervention.</p>	<p>1. Integrate classroom theories and concepts with social work practice in vulnerable community settings where the effects of poverty, discrimination and oppression are pervasive in an effort to bring about change at individual, community, organizational and societal levels.</p> <p>3. Enhance skills across the spectrum of culturally appropriate social work services, from engagement to assessment, goal-setting, intervention, evaluation, and termination.</p> <p>5. Increase proficiency in the required Council on Social Work Education's (CSWE) Core Competencies as indicated in the Comprehensive Skills Evaluation.</p>	<p>a. Understand the importance of diversity and difference in shaping one's own and others' life experiences and biases and their possible impact on practice across micro, mezzo, and macro levels, occurring in communities and organizations and business environments.</p> <p>b. Critically identify and select solutions that create inclusion and empowerment, based upon a scholarly understanding of human behaviors that drive exclusion, disengagement and conflict in diverse groups and organizations.</p>	<p>Skills and Affective Reactions</p> <p>Skills and Critical Thinking</p>	<p>Units 5-14</p> <p>Learning Agreement</p> <p>Reflective Learning Tools</p> <p>Development of competencies and completion of field hours</p>

Competency	Objectives	Behaviors	Dimensions	Content
<p>3. Advance Human Rights and Social, Economic, and Environmental Justice Social workers understand that every individual, regardless of position in society, has fundamental human rights such as freedom, safety, privacy, an adequate standard of living, health care, and education. Social workers understand the global interconnections of oppression and human rights violations, theories of human need and social justice and strategies to promote social and economic justice and human rights. Social workers use strategies designed to eliminate oppressive structural barriers in order to ensure more equitable distribution of resources, access to opportunities, social goods, and services. Social workers recognize their responsibility to protect the human rights and well-being of individuals in communities, organizations, and businesses across the globe.</p>	<p>1. Integrate classroom theories and concepts with social work practice in vulnerable community settings where the effects of poverty, discrimination and oppression are pervasive in an effort to bring about change at individual, community, organizational and societal levels.</p> <p>5. Increase proficiency in the required Council on Social Work Education's (CSWE) Core Competencies as indicated in the Comprehensive Skills Evaluation.</p>	<p>a. Understand and assess economic trends, business practices, social trends, and governmental actions nationally and globally to recognize the impact on the well-being of individuals, families and communities.</p> <p>b. Understand the tendency for human behaviors in communities, organizations, and businesses and for organizational structures and cultures to create oppressive, exclusive, or stressful environments.</p> <p>c. Identify and intervene effectively in oppressive, exclusive and/or stressful environments using knowledge of human behavior, culture, group dynamics, historical marginalization and other factors that impact the functioning of individuals, groups, communities, organizations and business environments.</p>	<p>Critical Thinking and Skills</p> <p>Knowledge</p> <p>Skills</p>	<p>Units 5-14</p> <p>Learning Agreement</p> <p>Reflective Learning Tools</p> <p>Development of competencies and completion of field hours</p>

Competency	Objectives	Behaviors	Dimensions	Content
<p>5. Engage in Policy Practice</p> <p>Social workers understand that policy and its implementation at the federal, state, and local levels mediate human rights of individuals and social justice. Social workers understand the history and current structures of social policies and service delivery systems, the role of policy in service delivery, and the role of practice in policy development. Social workers actively engage in policy practice to effect change in communities, organizations and businesses. Social workers understand the historical, social, cultural, economic, organizational, environmental, and global influences that affect social policy, and are knowledgeable about policy formulation.</p>	<p>5. Increase proficiency in the required Council on Social Work Education's (CSWE) Core Competencies as indicated in the Comprehensive Skills Evaluation.</p> <p>6. Develop and expand effective communication skills, demonstrating critical thinking and creativity for intra/interdisciplinary collaboration, service delivery, oral presentation and written documentation within the field practicum setting.</p>	<p>a. Analyze policies that advance human rights and protect vulnerable populations and work environments or enhance access to employment across the life span.</p> <p>b. Develop policies that advance human rights and protect vulnerable populations and work environments or enhance access to employment across the life span.</p> <p>c. <p>6. Engage with Individuals, Families, Groups, Organizations, and Communities Social workers understand that engagement is an ongoing component of the dynamic and interactive process of practice with, and on behalf of, diverse communities, their constituencies, and the organizations that serve them. Social workers understand and utilize varied strategies to facilitate engagement with individuals, groups, organizations, institutions, and communities. Social workers understand that their personal experiences, affective reactions, and biases may have an impact on their ability to effectively engage with diverse individuals, groups and communities. Social workers understand the role of relationship-building and inter-professional collaboration in facilitating engagement with individuals, groups, organizations, institutions, communities and other professionals, as appropriate.</p>	<p>3. Enhance skills across the spectrum of culturally appropriate social work services, from engagement to assessment, goal-setting, intervention, evaluation, and termination.</p>	<p>a. Apply theories of human behavior and the social environment to raise awareness of the impact work-related environments can have on outcomes and behaviors.</p> <p>b. Use reflection to enhance the use of interpersonal skills in engaging diverse clients across systems levels to develop a mutually agreed upon focus of work and desired outcomes.</p> <p>c. Skillfully select and apply individual, group, organizational and community theories of behavior to facilitate effective engagement with organizations and communities.</p> <p>d. <p>7. Assess Individuals, Families, Groups, Organizations, and Communities</p> <p>Social workers understand that assessment is an ongoing component of the dynamic and interactive process of social work practice with, and on behalf of, diverse communities, organizations, and businesses. Social workers understand and utilize theoretical and culturally relevant frameworks in the assessment of diverse community, organization, and business environments. Social workers recognize and value the importance of inter-professional collaboration in this process. Social workers are mindful of how their personal experiences, affective reactions, and biases may affect their assessment and decision-making.</p>	<p>3. Enhance skills across the spectrum of culturally appropriate social work services, from engagement to assessment, goal-setting, intervention, evaluation, and termination.</p>	<p>a. Demonstrate knowledge and practice skills needed to collect, organize and interpret data at multiple levels.</p> <p>b. Based upon knowledge of human and organizational behaviors, develop mutually agreed-upon intervention goals and objectives.</p>	<p>Skills</p> <p>Skills</p>	<p>Units 5-7</p> <p>Learning Agreement</p> <p>Reflective Learning Tools</p> <p>Development of competencies and completion of field hours</p>

<p>8. Intervene with Individuals, Families, Groups, Organizations, and Communities</p> <p>Social workers are knowledgeable about evidence-based interventions that help them best address the goals of their clients and the systems that serve them. Social workers are able to intervene effectively at individual, group, and system levels. Social workers understand methods of identifying, analyzing and implementing evidence-informed interventions to promote the well-being of individuals. Social workers value the importance of inter-professional teamwork and communication in interventions, recognizing that beneficial outcomes may require interdisciplinary, inter-professional, and inter-organizational collaboration.</p>	<p>2. Connect behavioral science to practice by learning and applying evidence-based interventions (EBIs) in internship placements.</p> <p>3. Enhance skills across the spectrum of culturally appropriate social work services, from engagement to assessment, goal-setting, intervention, evaluation, and termination.</p>	<p>a. VII. COURSE ASSIGNMENTS, DUE DATES & GRADING

Assignment	Due Date	% of Final Grade
Assignment 1: Learning Agreement	Unit 4	30%
Assignment 2: Reflective Learning Tools (Minimum of 8)	On Going	30% (4 RLTs submitted by week 9)
Assignment 3: Development of Competencies and Completion of Field Practicum Hours*	Weekly	40% (20% graded by week 9)

*All field hours and documentation must be completed to pass this course. In order for students to receive credit (CR), they need to receive a minimum of 83% on assignments and must complete the minimum required hours of field activities for the semester. (Partial credit for these requirements will not be given.)

Assignment 1: Learning Agreement

The Learning Agreement requires the student to:

- Describe the agency and the community
- Develop a time management plan
- Clarify Field Education assignments
- Assess self-awareness
- Address expectations for supervision
- Ensure that the Field Instructor teaching plan is filled out by Field Instructor
- Complete Orientation Checklist
- Develop learning activities for the Core Competencies in collaboration with Field Instructor and Preceptor (if applicable)

On Campus Programs (OCP): Review education goals in the Learning Agreement and revise to incorporate department-specific competencies through collaboration with your Field Instructor and Preceptor (if applicable). Submit confirmation of review form to the Field Faculty Liaison.

Virtual Academic Center (VAC): Complete and ensure that the Learning Agreement portion of the Online Learning Agreement and Field Evaluation (OLAFE) in collaboration with the Field Instructor/ Preceptor (if applicable)/Field Liaison.

Due: All Learning Agreements should be completed during Module 1. Review of the Learning Agreement should also be ongoing and updated with any major changes like change in Field Placement, Field Instructor or schedule.

This assignment relates to student learning outcomes 1c, 8b, 9a

Assignment 2: Reflective Learning Tools

Due: On Going

Complete and submit Reflective Learning Tool (RLT) (a minimum of 8/semester) to the Field Instructor. There are multiple Reflective Learning Tool forms to choose from based on the setting type:

- *Individual (Micro)*
 - Shadowing other social workers, individual interactions with assigned clients
- *Group (Mezzo)*
 - Psychoeducational groups, processing groups, co-facilitating groups
- *Community (Macro)*
 - Events, agency orientation, meetings, assigned projects, activities, trainings

On Campus Program: the RLT Log is accessible through the IPT system and needs to be completed electronically on a regular basis (approximately 2 RLTs per month). The log is due on the last date of field. Samples of RLTs are available through the USC Suzanne Dworak-Peck School of Social Work website at <https://dworakpeck.usc.edu/msw-on-campus/field-education/students-forms>.

Virtual Academic Center: the Field Practicum Log needs to be signed by the agency field instructor to verify hours, RLT, and weekly supervision ideally during weekly supervision. The preceptor can also sign to document to verify the number of field hours completed. The completed log is due monthly and uploaded to the platform.

Due 2a: Reflective Learning Tools are due bi-weekly (2-3 each month) to the Field Instructor. Your Field Liaison will do a monthly check-in on your documentation.

Due 2b: Unit 15 – Final Reflective Learning Tool Log/Field Practicum Log is due to the Field Liaison

This assignment relates to student learning outcomes 1a, 1b, 2a, 2b, 3c, 4a, 6b, 6c, 7a, 8a, 9a, 9b

Assignment 3: Development of Competencies and Completion of Field Placement Hours

To earn credit, students will:

- Demonstrate skill development in the CSWE Core Competencies
- Complete a self-assessment on the end of semester evaluation
- Review and discuss the end of semester evaluation completed by the Field Instructor, who makes the grade recommendation. If satisfied that the content accurately reflects progress
- Ensure that the completed evaluation is completed prior to the deadline
- Complete required number of Field Placement hours (minimum 16/week). **

Due: completed and reviewed end of semester evaluation along with practicum hour documentation.

This assignment relates to student learning outcomes 1a – 9b.

**If there are issues that are unresolved, discuss with your Field Instructor and if needed, contact your Field Faculty Liaison.*

***Students will not receive a Credit in this course if they do not complete the required hours. If discussed in advance and arranged with the Field Instructor, students are allowed eight (8) hours per semester for religious holidays. Students may take the equivalent of one eight (8) hour sick day per semester as long as they notify the Field Instructor in a timely manner. Make-up hours for time missed must also be discussed with the Field Instructor. Any attendance issues that arise should be addressed with the student's Field Liaison. Record keeping of required field hours is a joint responsibility of the student and the Field Instructor. To the fullest extent possible, students are expected to observe the agency attendance and time schedule policies. However, Applied Learning in Field Education is a class and students must adhere to the internship start and end dates as well as important Field Education activities and events in the USC Field Calendar. If the agency is closed on a non-University holiday, the student is expected to make up this time.*

On Campus Programs (OCP): All field forms and information including the calendar can be found here:

<http://sowkweb.usc.edu/master-of-social-work/MSW-degree/field-education/forms>

Virtual Academic Center (VAC): All field forms and information including the calendar can be found in your Toolbox and here:

<http://msw.usc.edu/field-forms/>

Class grades will be based on the following:

Assignment Grades		Final Grade	
Credit	83% or above	Credit	83% or above
No Credit	82% or below	No Credit	82% or below

Within the USC Suzanne Dworak-Peck School of Social Work, grades are determined in each class based on the following standards which have been established by the faculty of the School: (1) Grades of A or A- are reserved for student work which not only demonstrates very good mastery of content but which also shows that the student has undertaken a complex task, has applied critical thinking skills to the assignment, and/or has demonstrated creativity in her or his approach to the assignment. The difference between these two grades would be determined by the degree to which these skills have been demonstrated by the student. (2) A grade of B+ will be given to work which is judged to be very good. This grade denotes that a student has demonstrated a more-than-competent understanding of the material being tested in the assignment. (3) A grade of B will be given to student work which meets the basic requirements of the assignment. It denotes that the student has done adequate work on the assignment and meets basic course expectations. (4) A grade of B- will denote that a student's performance was less than adequate on an assignment, reflecting only moderate grasp of content and/or expectations. (5) A grade of C would reflect a minimal grasp of the assignments, poor organization of ideas and/or several significant areas requiring improvement. (6) Grades between C- and F will be applied to denote a failure to meet minimum standards, reflecting serious deficiencies in all aspects of a student's performance on the assignment.

As a professional school, class attendance and participation is an essential part of your professional training and development at the USC Suzanne Dworak-Peck School of Social Work. You are expected to attend all classes and meaningfully participate. For Ground courses, having more than 2 unexcused absences in class may result in the lowering of your grade by a half grade. Additional absences can result in additional deductions. For VAC courses, meaningful participation requires active engagement in class discussions and maintaining an active screen. Having more than two unexcused absences in class may result in the lowering of your grade by a half grade. Additional absences in the live class can result in additional deductions. Furthermore, unless directed by your course instructor, you are expected to complete all asynchronous content and activities prior to the scheduled live class discussion. Failure to complete two asynchronous units before the live class without prior permission may also lower your final grade by a half grade. Not completing additional units can result in additional deductions.

STUDY DAYS / NO CLASSES OR INTERNSHIP

FINAL EXAMINATIONS (NO INTERNSHIP)

University Policies and Guidelines

IX. ATTENDANCE POLICY

Students are expected to attend every class and to remain in class for the duration of the unit. Failure to attend class or arriving late may impact your ability to achieve course objectives which could affect your course grade. Students are expected to notify the instructor by email (xxx@usc.edu) of any anticipated absence or reason for tardiness.

University of Southern California policy permits students to be excused from class for the observance of religious holy days. This policy also covers scheduled final examinations which conflict with students' observance of a holy day. Students must make arrangements *in advance* to complete class work which will be missed, or to reschedule an examination, due to holy days observance.

Please refer to Scampus and to the USC School of Social Work Student Handbook for additional information on attendance policies.

X. ACADEMIC CONDUCT

Plagiarism – presenting someone else's ideas as your own, either verbatim or recast in your own words – is a serious academic offense with serious consequences. Please familiarize yourself with the discussion of plagiarism in *SCampus* in Part B, Section 11, "Behavior Violating University Standards" <https://policy.usc.edu/scampus-part-b/>. Other forms of academic dishonesty are equally unacceptable. See additional information in *SCampus* and university policies on scientific misconduct, <http://policy.usc.edu/scientific-misconduct>.

XII. ADDITIONAL RESOURCES

Students enrolled in the Virtual Academic Center can access support services for themselves and their families by contacting Perspectives, Ltd., an independent student assistance program offering crisis services, short-term counseling, and referral 24/7. To access Perspectives, Ltd., call 800-456-6327.

XIII. STATEMENT ABOUT INCOMPLETES

The Grade of Incomplete (IN) can be assigned only if there is work not completed because of a documented illness or some other emergency occurring after the 12th week of the semester. Students must NOT assume that the instructor will agree to the grade of IN. Removal of the grade of IN must be instituted by the student and agreed to be the instructor and reported on the official “Incomplete Completion Form.”

XIV. POLICY ON LATE OR MAKE-UP WORK

Papers are due on the day and time specified. Extensions will be granted only for extenuating circumstances. If the paper is late without permission, the grade will be affected.

XV. POLICY ON CHANGES TO THE SYLLABUS AND/OR COURSE REQUIREMENTS

It may be necessary to make some adjustments in the syllabus during the semester in order to respond to unforeseen or extenuating circumstances. Adjustments that are made will be communicated to students both verbally and in writing.

XVI. CODE OF ETHICS OF THE NATIONAL ASSOCIATION OF SOCIAL WORKERS (OPTIONAL)

Approved by the 1996 NASW Delegate Assembly and revised by the 2017 NASW Delegate Assembly
<https://www.socialworkers.org/About/Ethics/Code-of-Ethics/Code-of-Ethics-English>

Preamble

The primary mission of the social work profession is to enhance human well-being and help meet the basic human needs of all people, with particular attention to the needs and empowerment of people who are vulnerable, oppressed, and living in poverty. A historic and defining feature of social work is the profession's focus on individual well-being in a social context and the well-being of society. Fundamental

to social work is attention to the environmental forces that create, contribute to, and address problems in living.

Social workers promote social justice and social change with and on behalf of clients. "Clients" is used inclusively to refer to individuals, families, groups, organizations, and communities. Social workers are sensitive to cultural and ethnic diversity and strive to end discrimination, oppression, poverty, and other forms of social injustice. These activities may be in the form of direct practice, community organizing, supervision, consultation, administration, advocacy, social and political action, policy development and implementation, education, and research and evaluation. Social workers seek to enhance the capacity of people to address their own needs. Social workers also seek to promote the responsiveness of organizations, communities, and other social institutions to individuals' needs and social problems.

The mission of the social work profession is rooted in a set of core values. These core values, embraced by social workers throughout the profession's history, are the foundation of social work's unique purpose and perspective:

- Service
- Social justice
- Dignity and worth of the person
- Importance of human relationships
- Integrity
- Competence

This constellation of core values reflects what is unique to the social work profession. Core values, and the principles that flow from them, must be balanced within the context and complexity of the human experience.

XVII. ACADEMIC DISHONESTY SANCTION GUIDELINES

Some lecture slides, notes, or exercises used in this course may be the property of the textbook publisher or other third parties. All other course material, including but not limited to slides developed by the instructor(s), the syllabus, assignments, course notes, course recordings (whether audio or video) and examinations or quizzes are the property of the University or of the individual instructor who developed them. Students are free to use this material for study and learning, and for discussion with others, including those who may not be in this class, unless the instructor imposes more stringent requirements. Republishing or redistributing this material, including uploading it to web sites or linking to it through services like iTunes, violates the rights of the copyright holder and is prohibited. There are civil and criminal penalties for copyright violation. Publishing or redistributing this material in a way that might give others an unfair advantage in this or future courses may subject you to penalties for academic misconduct.

XVIII. COMPLAINTS

If you have a complaint or concern about the course or the instructor, please discuss it first with the instructor. If you feel you cannot discuss it with the instructor, contact the Assistant Dean of VAC Field Education, Dr. Tory Cox (VAC students) or Dr. Suh Chen Hsiao (UPC students). If you do not receive a satisfactory response or solution, contact your advisor and/or Senior Vice Dean of Field Education, Dr. Marleen Wong for further guidance.
