Course Description (25 Word Catalogue Description)

CE502 explores business skills of construction: accounting, financial concepts, strategic analysis and project finance to help future construction leaders create enduring value.

Expanded Course Description

The purpose of this course is to educate, encourage and excite future leaders in the engineering fields about basic accounting, finance, control and strategic management principles that can lead to successful financial outcomes in competitive marketplaces. The course builds fundamental accounting principles early on then moves into financial analysis and financial control, before entering a study of strategic management. Strategic management builds on financial analysis and teaches students how to use business tools to evaluate business context: competitors, clients, (customers), services (products), etc. We look at all the elements of a successful firm in the context of finance, human resources, information technology, products and customer strategies. The Class ends with a review of alternative project delivery methods which is an introduction to Project Finance.

About 80% of our student population aspire to be general managers in some capacity. So I teach CE 502 from the perspective of a General Manager or President of company. From this perspective, it is crucial to know how to create, analyze, interpret and use Financial Information and Evaluate Strategy so managers can make management decisions, enhance productivity, manage cash flow, use externally hired accountants, articulate to stakeholders and enhance net worth.

How the Extra Unit (4th Unit) Is To Be Used Starting Fall 2019

The extra unit (the fourth unit) of CE502 builds greater in-depth industry analysis based on data and market research, broadens and deepens financial analysis that is briefly reviewed in the three unit class, and builds an understanding of strategic management and planning that includes SWOT analysis, marketing differentiation, and long term planning. CE502 eliminates the redundancies that existed with the old 3 unit Strategic Management class and adds much depth in key success factor for enhancing shareholder value.

Learning Objectives and Outcomes

As a result of taking CE 502, students should be able to manage their own personal finances and understand those of the construction companies many of the students hope they will someday manage. The class is intended to provide analytical skills and insight that will last and grow throughout the student’s career. The core competencies achieved from completing CE502 will be the ability to manage a (construction engineering) company from the most important high level management elements of all: CASH FLOW AND STRATEGIC PLANNING.
Course Notes

FIVE MODULES:

There are five modules in CE 502 around which the Class is organized:

CE 502 Modules
1. Accounting
2. Financial Analysis
3. Strategy
4. Control
5. Project Finance

Technological Proficiency and Hardware/Software Required

Strategic Analysis Model™ software, S.C. Abraham and Tiffani A. Argandona, December 2011 (Revised January 2017) Provided by Your Professor. The software is available here: http://www.emeraldgrouppublishing.com/promo/strategicplanning.htm

The required text is by Prof. Stan Abraham of Cal Poly’s Business School, who also wrote the SAM™ software. This text is strong on the fundamentals and basics of business strategic planning. It provides essential definitions of terminology and the analytical frameworks you will need to conduct objective and complete strategic analyses of corporations, businesses and industries. Along these lines, SAM provides an outstanding Excel-Based financial analysis package which takes basic financial inputs and automatically generates financial analyses and managerial accounting reports for up to 5 years running.

Required Readings and Supplementary Materials

Homework Assignments

Homework is assigned each week and are due by midnight following the class in which they were due. In the first half of class the Homework assignments are highly analytical and have binary solutions: right and wrong. They are easy to grade. In the second half of class, homework assignments are more case based and require significant reading building on the quantitative skills developed in the first half of the class. These subject homeworks require essays that are graded for key content and do not have clear right and wrong answers. But answers must be supported by analysis and facts.

(Sample early in class and late in class homework assignments are included at the end of this document)
**Quizzes**

There is at least one quiz in CE502. The quiz counts for nothing, but is used as a gauge by the professor to check students progress. Grades are handed out with smiley faces, neutral faces and frowny faces. Any student who receives a frowny face receives a phone call from the Professor to check in on her work progress, gauge if the student has the wherewithal to complete the class, and coach her to success if necessary. The quiz is usually in Class #04.

**Workbook**

The workbook is optional, is worth 4% of the grade, and the entire workbook, completely filled out, is due on the date of the midterm. It is an approximately 32 hour exercise that provides students with the rudiments of accounting they need to know to succeed in the work world. The workbook is about 200 pages long and the answers are posted right next to the questions. Students earn full credit if they turn the workbook and two of the post-tests in completed. Students could, if they like, complete the workbook in one long sitting by just copying the answers into the blanks to earn full credits. These students would get nothing out of the exercise. Students who do the work, find the experience very worthwhile.

An example of a workbook question is this: Assets minus Liabilities is equal to ___________. The answer is located next to the question in the workbook is Equity (or Net Worth)

**Term Paper**

The term paper is a team assignment of up to six or seven team members assigned randomly by the professor. The nature of the paper is to complete and financial analysis and strategic evaluation of a company assigned to the team by the professor. Two to three of the students on the team will make a 15 minute presentation on their subject on dates chosen by lottery during the midterm exam. Usually, the dates are the last three classes of the semester. The grades are rewarded on a curve from best to least best.

**Texts**

Additional required reading and additional optional reading can be found in the D2L. Many times the textbooks’ editions change. I will always refer the latest edition that the bookstore orders. You may use older versions, but please buy only new versions of the Anthony textbook.
“The Anthony’s Workbook”  
(Required and Due Day of Midterm with Two Post Tests Completed)

Title: Essentials of Accounting (edition does not matter, save money, buy old ones)  
Author: Robert N. Anthony  
Publisher: Prentice- Hall  
Edition: Latest  
ISBN: 9780136071822 (does not have to be this version/but cannot be a re-used copy)  
Type: paperback workbook with answers  
Notes: Please spend the money to buy a new clean version, not one that has been completed by previous students

Note: For Anthony’s workbook, you may use any cleaned (unsolved edition) that you want to buy. It does not have to be latest edition. You may not use a workbook that was previously used by another student or one that has been solved. You will have to pick to do two of the Tests for submittal.

Textbook (Recommended)

Title: Introduction to Management Accounting, Chapters 1-17/15E (chapter numbers vary)  
Authors: Charles T. Horngren, Gary L. Sundem, William O. Stratton, Dave Burgstahler, Jeff Schatzberg  
Publisher: Prentice- Hall  
Edition: Most Recent  
ISBN: 9780136102656 (2011 Version or later)  
Type: hardback  
Notes: used versions and other versions are as helpful if you want to save money

Textbook (Required)

Title: Strategic Planning: A Practical Guide for Competitive Success, Second Edition,  
Author: Stanley C. Abraham,  
Edition: Most Recent  
ISBN: 978-1-78052-520-4
References (All Available Free, No Cost)

AECOM 10-K and Self Published Annual Reports, 2013—2017 (available on line, through the Wall Street Journal or EDGAR, among others)

</tbody>
</table>

Grading Scale

Grades: “A” range territory > 92%, “B” range territory > 84%, “C” range territory < 84%
Please note the word "territory". This means that I have the latitude/discretion to assign you a grade based also on your relative grade position in class. For example, if you place 52nd out of 73 students and have a grade of 92.3, you may receive a B+. So the word “territory” is extremely important. Note that you may be awarded a B if you score 89 in the class. While there is a grade range numbering system, you are also competing against your classmates for top grades.

If you are not ready when I call on you randomly in class, you may get a low mark in participation. Classroom participation will be graded on a curve. Please try to speak in class and add something.

Statement on Academic Conduct and Support Systems

Academic Conduct:

Plagiarism – presenting someone else’s ideas as your own, either verbatim or recast in your own words – is a serious academic offense with serious consequences. Please familiarize yourself with the discussion of plagiarism in SCampus in Part B, Section 11, “Behavior Violating University Standards” policy.usc.edu/scampus-part-b. Other forms of academic dishonesty are equally unacceptable. See additional information in SCampus and university policies on scientific misconduct, policy.usc.edu/scientific-misconduct.

Support Systems:

Student Health Counseling Services - (213) 740-7711 – 24/7 on call engemannshc.usc.edu/counseling
Free and confidential mental health treatment for students, including short-term psychotherapy, group counseling, stress fitness workshops, and crisis intervention.

National Suicide Prevention Lifeline - 1 (800) 273-8255 – 24/7 on call suicidepreventionlifeline.org
Free and confidential emotional support to people in suicidal crisis or emotional distress 24 hours a day, 7 days a week.

Relationship and Sexual Violence Prevention Services (RSVP) - (213) 740-4900 – 24/7 on call engemannshc.usc.edu/rsvp
Free and confidential therapy services, workshops, and training for situations related to gender-based harm.

Office of Equity and Diversity (OED) | Title IX - (213) 740-5086 equity.usc.edu, titleix.usc.edu
Information about how to get help or help a survivor of harassment or discrimination, rights of protected classes, reporting options, and additional resources for students, faculty, staff, visitors, and applicants. The university prohibits discrimination or harassment based on the following protected characteristics: race, color, national origin, ancestry, religion, sex, gender, gender identity, gender expression, sexual orientation, age, physical disability, medical condition, mental disability, marital status, pregnancy, veteran status, genetic information, and any other characteristic which may be specified in applicable laws and governmental regulations.

Bias Assessment Response and Support - (213) 740-2421 studentaffairs.usc.edu/bias-assessment-response-support
Avenue to report incidents of bias, hate crimes, and microaggressions for appropriate investigation and response.

The Office of Disability Services and Programs - (213) 740-0776 dsp.usc.edu
Support and accommodations for students with disabilities. Services include assistance in providing readers/notetakers/interpreters, special accommodations for test taking needs, assistance with architectural barriers, assistive technology, and support for individual needs.
**USC Support and Advocacy - (213) 821-4710**
[studentaffairs.usc.edu/ssa](studentaffairs.usc.edu/ssa)
Assists students and families in resolving complex personal, financial, and academic issues adversely affecting their success as a student.

**Diversity at USC - (213) 740-2101**
[diversity.usc.edu](diversity.usc.edu)
Information on events, programs and training, the Provost’s Diversity and Inclusion Council, Diversity Liaisons for each academic school, chronology, participation, and various resources for students.

**USC Emergency - UPC: (213) 740-4321, HSC: (323) 442-1000 – 24/7 on call**
[dps.usc.edu, emergency.usc.edu](dps.usc.edu, emergency.usc.edu)
Emergency assistance and avenue to report a crime. Latest updates regarding safety, including ways in which instruction will be continued if an officially declared emergency makes travel to campus infeasible.

**USC Department of Public Safety - UPC: (213) 740-6000, HSC: (323) 442-120 – 24/7 on call**
[dps.usc.edu](dps.usc.edu)
Non-emergency assistance or information.
