ITP-411: Multimedia and Video Production

Course          Multimedia and Video Production
                http://blackboard.usc.edu

3 Units

Lectures/Lab    Monday: 10:00 AM - 11:50 AM in OHE-540
                Wednesday: 10:00 AM - 11:50 AM in OHE-540

Instructor      Larry Jordan
                larry@larryjordan.com  (818) 519-2183

Teaching Asst.  TBA

Office Hours    Monday and Wednesday, from 3:15 - 4:15 PM
                Location: OHE-330C

Open Labs       TBA

Summary         This course can change your life! The purpose of this course is
to teach you how to use professional software tools to create
powerful messages, images, and video for the web - with a fo-
cus on video. This is not a “theory class.” This is a “get your
hands dirty” class.

Visual communication and storytelling are essential skills in
this digital age. This course teaches how to think and create
visually by showing how to use a variety of software and
techniques to create, edit, and deliver compelling images and
video. This is not an "arts" class, it’s a "communications" class.

From creating images to posting videos on YouTube, your abil-
ity to effectively communicate your ideas depends, in large part,
on your ability to master visual communication.

Not all of us can be artists, but all of us can improve our ability
to tell stories with pictures.

In this software survey course, you will learn how to use image
and video software to create a variety of visual projects, and,
ultimately, present your projects to the entire class.
Objective

Structured around a professional creative workflow, this course will explore the use of professional-grade software to create 2D images, 2D graphics, audio, text, motion graphics, video, visual effects, and simple web design.

During the course, students will create images, posters, motion graphics, audio mixes and videos. Plus, as a final project, students will author a small, interactive, multimedia web site, containing images, audio, and video. This final project will include graphics and video produced and edited by the student.

Content Goals

1. To learn the fundamentals of visual story-telling, structure and workflow to control what the audience sees and feels.

2. To learn how to use professional tools of visual communication to create persuasive visual presentations and the importance of the call to action.

3. To actually see, not just look at, what you are creating. To create compelling work on time as determined by the requirements of the task.

Deadlines

The goal of all assignments is to practice what we are learning in class. It does not benefit the student for work to be turned in late. All labs, projects and assignments are due at the date and time specified in the syllabus. All material must be posted to Blackboard in order to be graded.

Projects that are more than 24 hours late will receive a 50% deduction in points.

Projects that are more than 7 days late will receive 0 points.

A student can request up to two extensions during the semester, though granting the extension is up to the professor.

All work, including all extensions is due at 5:00 PM on the last day of classes for the current semester.

Grading

Grading is based on class participation, lab completion, assignments, quizzes, and a final project.
Here’s the breakdown of assignments and points:

<table>
<thead>
<tr>
<th></th>
<th>Qty</th>
<th>Pts Each</th>
<th>Total Pts</th>
<th>Approx. % of Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>Quizzes</td>
<td>3</td>
<td>30</td>
<td>90</td>
<td>13%</td>
</tr>
<tr>
<td>Labs</td>
<td>15</td>
<td>25</td>
<td>375</td>
<td>49%</td>
</tr>
<tr>
<td>Assignments</td>
<td>4</td>
<td>50</td>
<td>200</td>
<td>28%</td>
</tr>
<tr>
<td>Final Project</td>
<td>1</td>
<td>75</td>
<td>75</td>
<td>10%</td>
</tr>
<tr>
<td><strong>Total points</strong></td>
<td></td>
<td></td>
<td><strong>740</strong></td>
<td><strong>100%</strong></td>
</tr>
</tbody>
</table>

Final course marks are determined by standard formulas:

- A: 93-100%
- A-: 90-92%
- B+: 88-89%
- B: 82-87%
- B-: 80-81%
- C+: 78-79%
- C: 72-77%
- C-: 70-71%
- D+: 68-69%
- D: 62-67%
- D-: 60-61%
- F: 59% or below

**Secrets to Success**
1. Read the instructions *before* doing the work!
2. Do the labs at the end of class, don’t wait to do them later.
3. Practice seeing what’s *actually* on the screen, not what you *expect* to see! (Proof-read and review your work.)

**Class Policies**
Students are expected to:
- Attend and participate in class discussions and labs; asking questions is encouraged!
- Complete weekly labs and assignments on time
- Complete all quizzes
- Complete labs and assignments on time

**Assignments**
It is the responsibility of the student to make sure projects and assignments are turned in on time. Make sure you follow the procedures outlined in each assignment or project. All assignments will be uploaded by students through Blackboard. A few assignments will be turned in on paper.

**IMPORTANT!**
All labs and assignments must be submitted to Blackboard in order to be graded. Emailed labs, assignments or projects will not count.
ITP Labs

Before logging off an ITP computer, students must ensure that they have emailed or saved work created during the class or lab session. Any work not saved will be erased after restarting the computer. ITP is not responsible for any work lost.

ITP offers Open Labs for all students enrolled in ITP classes. These open labs are held beginning the second week of classes through the last week of classes. Please contact your instructor for specific times and days for the current semester.

Academic Integrity

The use of unauthorized material, communication with fellow students during an examination, attempting to benefit from the work of another student, and similar behavior that defeats the intent of an examination or other class work is unacceptable to the University. It is often difficult to distinguish between a culpable act and inadvertent behavior resulting from the nervous tension accompanying examinations. When the professor determines that a violation has occurred, appropriate action, as determined by the instructor, will be taken.

Although working together is encouraged, all work claimed as yours must, in fact, be your own effort. Students who plagiarize the work of other students will receive zero points and possibly be referred to Student Judicial Affairs and Community Standards (SJACS).

All students should read, understand, and abide by the University Student Conduct Code available at: http://www.usc.edu/student-affairs/SJACS/nonacademicreview.html.

Students with Disabilities

Any student requesting academic accommodations based on a disability is required to register with Disability Services and Programs (DSP) each semester. A letter of verification for approved accommodations can be obtained from DSP. Be sure the letter is delivered as early in the semester as possible. DSP is located in STU301 and is open 8:30 a.m. – 5 p.m., Monday through Friday. The phone number for DSP is (213) 740-0776.

Required Texts

While there are no required texts, because the span of software we are covering is too broad, the suggested readings below can be an aid in understanding the material covered in this course.

Relevant training on Lynda.com

Relevant training on LarryJordan.com
The ITP department will provide all students with a USB flash drive on the second day of class that will contain media used throughout the course. Students will be required to bring a Flash memory drive or a portable hard drive to all classes.

Labs

Weekly labs focus on reinforcing the material covered in that week’s class and giving students time to work with the technology. With only one exception, all labs are due one week after they are assigned.

However, it is strongly urged that students complete each week’s lab in the lab time at the end of each class, so that they can practice the material while the lesson is still fresh.

All labs are critiqued by the professor, so that students can learn from their mistakes and improve during the course of the class.

Assignments

Unlike labs, assignments focus on creativity. There are four assignments during the course:

- Photoshop image for use in a poster
- Poster with an image
- Motion Graphics video
- Video commercial

Students select the topic and the content. All assignments are critiqued by the professor to allow students to improve their work during the course of the semester.

Final Project

The final project is the culmination of all the labs and assignments. In it, students present the four Assignments they created during the course: a Photoshop image, a Photoshop poster, motion graphic video, and video commercial, via a simple website that is student-designed.

The theme for all assignments is chosen by each student as their first lab. That theme is then expressed visually through each of the four assignments.
The final project will be presented by each student to the entire class for comments and critique. Presentation of the final project constitutes the student’s final exam.

**Academic Conduct:**

Plagiarism – presenting someone else’s ideas as your own, either verbatim or recast in your own words – is a serious academic offense with serious consequences. Please familiarize yourself with the discussion of plagiarism in SCampus in Part B, Section 11, “Behavior Violating University Standards” [policy.usc.edu/scampus-part-b](http://policy.usc.edu/scampus-part-b). Other forms of academic dishonesty are equally unacceptable. See additional information in SCampus and university policies on scientific misconduct, [policy.usc.edu/scientific-misconduct](http://policy.usc.edu/scientific-misconduct).

**Support Systems:**

*Student Health Counseling Services* - (213) 740-7711 – 24/7 on call [engemannshc.usc.edu/counseling](http://engemannshc.usc.edu/counseling)
Free and confidential mental health treatment for students, including short-term psychotherapy, group counseling, stress fitness workshops, and crisis intervention.

*National Suicide Prevention Lifeline* - 1 (800) 273-8255 – 24/7 on call [suicidepreventionlifeline.org](http://suicidepreventionlifeline.org)
Free and confidential emotional support to people in suicidal crisis or emotional distress 24 hours a day, 7 days a week.

*Relationship and Sexual Violence Prevention Services (RSVP)* - (213) 740-4900 – 24/7 on call [engemannshc.usc.edu/rsvp](http://engemannshc.usc.edu/rsvp)
Free and confidential therapy services, workshops, and training for situations related to gender-based harm.

*Office of Equity and Diversity (OED) | Title IX* - (213) 740-5086
[equity.usc.edu](http://equity.usc.edu), [titleix.usc.edu](http://titleix.usc.edu)
Information about how to get help or help a survivor of harassment or discrimination, rights of protected classes, reporting options, and additional resources for students, faculty, staff, visitors, and applicants. The university prohibits discrimination or harassment based on the following protected characteristics: race, color, national origin, ancestry, religion, sex, gender, gender identity, gender expression, sexual orientation, age, physical disability, medical condition, mental disability, marital status, pregnancy, veteran status, genetic information, and any other characteristic which may be specified in applicable laws and governmental regulations.

*Bias Assessment Response and Support* - (213) 740-2421
[studentaffairs.usc.edu/bias-assessment-response-support](http://studentaffairs.usc.edu/bias-assessment-response-support)
Avenue to report incidents of bias, hate crimes, and microaggressions for appropriate investigation and response.

*The Office of Disability Services and Programs* - (213) 740-0776
Support and accommodations for students with disabilities. Services include assistance in providing readers/notetakers/interpreters, special accommodations for test taking needs, assistance with architectural barriers, assistive technology, and support for individual needs.

**USC Support and Advocacy - (213) 821-4710**
[studentaffairs.usc.edu/ssa](studentaffairs.usc.edu/ssa)
Assists students and families in resolving complex personal, financial, and academic issues adversely affecting their success as a student.

**Diversity at USC - (213) 740-2101**
[diversity.usc.edu](diversity.usc.edu)
Information on events, programs and training, the Provost’s Diversity and Inclusion Council, Diversity Liaisons for each academic school, chronology, participation, and various resources for students.

**USC Emergency - UPC: (213) 740-4321, HSC: (323) 442-1000 – 24/7 on call**
[dps.usc.edu, emergency.usc.edu](dps.usc.edu, emergency.usc.edu)
Emergency assistance and avenue to report a crime. Latest updates regarding safety, including ways in which instruction will be continued if an officially declared emergency makes travel to campus infeasible.

**USC Department of Public Safety - UPC: (213) 740-6000, HSC: (323) 442-120 – 24/7 on call**
[dps.usc.edu](dps.usc.edu)
Non-emergency assistance or information.
Multimedia and Video Production
ITP-411 (3 units)

The purpose of a lab is to reinforce subjects taught in that day's lecture. Labs are designed to be completed at the end of a class. Assignments are designed to be completed outside of class, with an emphasis on creativity. There are two lectures each week.

COURSE OUTLINE

Lecture 1 Aug. 26
INTRODUCTION TO THIS COURSE
Course introduction – what we are doing this semester
Discuss goals and theme for semester
Discuss syllabus and assignments
Digital Media fundamentals and key terms
Workflow for creative digital projects
    Non-graded quiz: “Help Me Get To Know You"
Lab #1: Due at the start of Lecture 3
    Topic: Set goals for semester projects

Lecture 2 Aug. 28
ADOBE PHOTOSHOP - INTRODUCTION
Issues of copyright and altering image
Introduction to Photoshop Interface
File Management
Basic photo and image manipulation techniques
Adjust Levels and Color
    Thumb drives presented to students
    Prep for Lab #2

* * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * *

LABOR DAY - Monday Sept. 2

* * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * * *

Lecture 3 Sept. 4
ADOBE PHOTOSHOP - DESIGN, COLOR, TEXT, SHAPES
Basic design rules
Framing, balance, and composition techniques
The Color Wheel and gray-scale values
Use the power of fonts to convey emotion
Add and modify text and shadows
Work with shapes, paths and curves
    Lab #2: Due at the start of Lecture 5
    Topic: Images, text and shapes

</table>
Lecture 10  Sept. 30  VIDEO COMPRESSION - OVERVIEW
Fundamentals of video compression
Optimum settings for video compression
Compressing video for the web

**Quiz 1: Covering Lectures 1 - 9**

Lecture 11  Oct. 2  VIDEO COMPRESSION - SOFTWARE
Video compression using Apple Compressor
Video compression using Adobe Media Encoder
Compressing video for the web

**Lab #7: Due at the start of Lecture 12**

**Topic: Create a compressed video file**

Lecture 12  Oct. 7  APPLE MOTION - Introduction to Motion Graphics
Key terms, definitions and Motion interface
Make objects move
Add, style and animate text

Lecture 13  Oct. 9  APPLE MOTION - Deeper in Motion
The Inspector
Compositing - add and adjust filters
Drawing tools

**Assignment #2: Photoshop Poster due**

**Lab #8: Due at the start of Lecture 15**

**Topic: Create a simple motion graphic**

Lecture 14  Oct. 14  APPLE MOTION - Media, Paths and Masks
Import audio and video media
Video Behaviors and Filters
Animate using keyframes
Create Paths and Masks

Lecture 15  Oct. 16  APPLE MOTION - Particles, Replicators and Parameters
Create and modify a particle system
Create and modify a replication system
Animate using Parameter Behaviors

**Lab #9: Due at the start of Lecture 17**

**Topic: Create a promo using audio & video**

Lecture 16  Oct. 21  APPLE MOTION - Explore 3D Space
Move and position elements in 3D space
Add and modify lights and cameras
Create and move between sets

**Lab #10: Due at the start of Lecture 18**

**Topic: Play in 3D**
Lecture 17  Oct. 23  APPLE MOTION - Review
Particle and replicator systems
Blend modes
Working with filters
Compositing techniques
Creating an effect for Final Cut Pro X
Export and compression

No lab

Lecture 18  Oct. 25  APPLE FINAL CUT PRO X - INTRODUCTION
Introduction to video editing
A 12-step workflow to make you more efficient
Media management and organization
Media import and clip preview
Favorite, Keywords and viewing clips

Quiz #2 – covering Lectures 10 - 17

Lecture 19  Oct. 28  APPLE FINAL CUT PRO X - EDIT and TRIM
Reviewing clips
Edit and trim a basic story

Assignment 3: Motion Graphics project due

Lab #11: Due at the start of Lecture 21
   Topic: Edit a documentary scene

Lecture 20  Oct. 30  APPLE FINAL CUT PRO X - AUDIO
Audio, sample rates, and human hearing
How to add, edit, and mix audio
Working with sound effects and music
Adding transitions

Lecture 21  Nov. 4  APPLE FINAL CUT PRO X - STORY-TELLING
Improve story-telling through trimming
The story of “John and Martha”
The importance of reaction shots
A closer look at lighting

Lab #12: Due at the start of Lecture 23
   Topic: Edit a dramatic scene with audio

Lecture 22  Nov. 6  APPLE FINAL CUT PRO X - EFFECTS
Text and Generator effects
Inspector effects
Effects Browser effects

Lab #13: Due at the start of Lecture 25
   Topic: Edit an effects scene
Lecture 23  Nov. 11  APPLE FINAL CUT PRO X - COLOR CORRECTION
Explain color in video
How to use video scopes
How to fix color problems and create dramatic color “looks”
   No lab

Lecture 24  Nov. 13  OPEN LAB

Lecture 25  Nov. 18  ADOBE AUDITION CC: AUDIO EDITING
Fundamentals of audio
Audition workflow and interface
Editing interviews
   No lab

Lecture 26  Nov. 20  ADOBE AUDITION CC: AUDIO MIXING
The role of audio sweetening
How to add, edit, and mix dialog, music & effects
Editing and mixing a short documentary
   Quiz #3 – covering Lectures 18 - 25
   Lab #14: Audio mixing lab due by Lecture 27
   Topic: Audio mix a documentary scene

Lecture 27  Nov. 25  CREATE A SIMPLE WEB SITE
Introduction to website development using Wix
Create a website
Create an interactive web menu with linked pages
Modify text and text formatting
Embed images and video
   Lab #15: Build a website due by Lecture 28
   Goal: Prepare a draft website for the Final Project

***************
THANKSGIVING
***************

Lecture 28  Dec. 2  TBA

Lecture 29  Dec. 4  HOW TO FIND AND GET A JOB
Larry’s philosophy of how to market yourself, find a job, master the interview and land a good job.
   Assignment 4: 30-second video commercial due

Dec. 6  All unsubmitted class materials due by 5 p.m.

[TBA]  FINAL PRESENTATION - 8 - 10 AM
Final Projects screened for class
