ITP-411: Multimedia and Video Production

Course: Multimedia and Video Production
http://blackboard.usc.edu

3 Units

Lectures/Lab
Monday: 10:00 AM - 11:50 AM in OHE-540
Wednesday: 10:00 AM - 11:50 AM in OHE-540

Instructor: Larry Jordan
larry@larryjordan.com (818) 519-2183

Teaching Asst.: Macaleigh Hendricks
macaleigh.hendricks@usc.edu

Office Hours
Monday and Wednesday, from 3:15 - 4:15 PM
Location: OHE-330C

Open Labs
Schedule provided at the end of Week 1

Summary
This course can change your life! The purpose of this course is to teach you how to use professional software tools to create powerful messages, images, and video for the web - with a focus on video. This is not a “theory class.” This is a “get your hands dirty” class.

Visual communication and storytelling are essential skills in this digital age. This course teaches how to think and create visually by showing how to use a variety of software and techniques to create, edit, and deliver compelling images and video. This is not an “arts” class, it’s a “communications” class.

From creating images to posting videos on social media, your ability to effectively communicate your ideas depends, in large part, on your ability to master visual communication.

Not all of us can be artists, but all of us can improve our ability to tell stories with pictures.

In this software survey course, you will learn how to use image and video software to create a variety of visual projects, and, ultimately, present your projects to the entire class.
Objective
Structured around a professional creative workflow, this course will explore the use of professional-grade software to create 2D images, 2D graphics, audio, text, motion graphics, video, visual effects, and simple web design.

During the course, students will create images, posters, motion graphics, audio mixes and videos. Plus, as a final project, students will author a small, interactive, multimedia web site, containing images, audio, and video. This final project will include the graphics and video produced by the student during the course.

Content Goals
1. To learn the fundamentals of visual story-telling, using an efficient workflow, to control what the audience sees and feels.

2. To learn how to use professional tools of visual communication to create persuasive visual presentations and the importance of a clear message combined with a call to action.

3. To actually see, not just look at, what you are creating. To create compelling work on time as determined by the requirements of the task.

Deadlines
The goal of all assignments is to practice what we are learning in class. It does not benefit the student for work to be turned in late. All labs, projects and assignments are due at the date and time specified in the syllabus. All material must be posted to Blackboard in order to be graded.

Projects that are more than 48 hours late will receive a 50% deduction in points.

Projects that are more than 7 days late will receive 0 points.

A student can request up to two extensions during the semester, though granting the extension is up to the professor.

IMPORTANT: All work, including all extensions is due at 5:00 PM on the last day of classes for the current semester.

Grading
Grading is based on class participation, lab completion, assignments, quizzes, and a final project.
Here’s the breakdown of assignments and points:

<table>
<thead>
<tr>
<th></th>
<th>Qty</th>
<th>Pts Each</th>
<th>Total Pts</th>
<th>Approx. % of Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>Quizzes</td>
<td>3</td>
<td>30</td>
<td>90</td>
<td>13%</td>
</tr>
<tr>
<td>Labs</td>
<td>15</td>
<td>25</td>
<td>375</td>
<td>49%</td>
</tr>
<tr>
<td>Assignments</td>
<td>4</td>
<td>50</td>
<td>200</td>
<td>28%</td>
</tr>
<tr>
<td>Final Project</td>
<td>1</td>
<td>75</td>
<td>75</td>
<td>10%</td>
</tr>
<tr>
<td><strong>Total points</strong></td>
<td></td>
<td></td>
<td><strong>740</strong></td>
<td><strong>100%</strong></td>
</tr>
</tbody>
</table>

Final course marks are determined by standard formulas:

- A: 92.5 - 100%
- A-: 90 - 92.5%
- B+: 87.5 - 89.9%
- B: 82 - 87.5%
- B-: 80 - 81.9%
- C+: 77.5 - 79.9%
- C: 72 - 77.5%
- C-: 70 - 71.9%
- D+: 67.5 - 69.9%
- D: 62 - 67.5%
- D-: 60 - 61.9%
- F: 59.9% or below

**Secrets to Success**
1. Read the instructions before doing the work!
2. Do the labs at the end of class, don’t wait to do them later.
3. Practice seeing what’s actually on the screen, not what you expect to see! (Proof-read and review your work.)

**Class Policies**
Students are expected to:
- Attend and participate in class discussions and labs; asking questions is encouraged!
- Complete weekly labs and assignments on time
- Complete all quizzes
- Complete labs and assignments on time

**Assignments**
It is the responsibility of the student to make sure projects and assignments are turned in on time. Make sure you follow the requirements outlined in each assignment or lab. All assignments will be uploaded by students through Blackboard. One assignment will be turned in on paper.

**IMPORTANT!**
All labs and assignments must be submitted to Blackboard in order to be graded. Emailed labs, assignments or projects will not count.
**ITP Labs**

Before logging off an ITP computer, students must ensure that they have emailed or saved work created during the class or lab session. Any work not saved will be erased after restarting the computer. ITP is not responsible for any work lost.

ITP offers Open Labs for all students enrolled in ITP classes. These open labs are held beginning the second week of classes through the last week of classes. Please contact your instructor for specific times and days for the current semester.

**Academic Integrity**

The use of unauthorized material, communication with fellow students during an examination, attempting to benefit from the work of another student, and similar behavior that defeats the intent of an examination or other class work is unacceptable to the University. It is often difficult to distinguish between a culpable act and inadvertent behavior resulting from the nervous tension accompanying examinations. When the professor determines that a violation has occurred, appropriate action, as determined by the instructor, will be taken.

Although working together is encouraged, all work claimed as yours must, in fact, be your own effort. Students who plagiarize the work of other students will receive zero points and possibly be referred to Student Judicial Affairs and Community Standards (SJACS).

All students should read, understand, and abide by the University Student Conduct Code available at: [http://www.usc.edu/student-affairs/SJACS/nonacademicreview.html](http://www.usc.edu/student-affairs/SJACS/nonacademicreview.html).

**Students with Disabilities**

Any student requesting academic accommodations based on a disability is required to register with Disability Services and Programs (DSP) each semester. A letter of verification for approved accommodations can be obtained from DSP. Be sure the letter is delivered as early in the semester as possible. DSP is located in STU301 and is open 8:30 a.m. – 5 p.m., Monday through Friday. The phone number for DSP is (213) 740-0776.

**Required Texts**

While there are no required texts, because the span of software we are covering is too broad, the suggested readings below can be an aid in understanding the material covered in this course.

Relevant training on [Lynda.com](http://www.lynda.com)

Relevant training on [LarryJordan.com](http://www.larryjordan.com)
In The Blink of an Eye (2 Revised Edition)
Walter Murch
Silman-James - 2001

The ITP department will provide all students with a USB flash drive on the second day of class that will contain media used throughout the course. Students will be required to bring a Flash memory drive or a portable hard drive to all classes.

**Labs**

Labs are designed to reinforce the material covered in each class and allow students to work with that technology. With only a few exceptions, all labs are due one week after they are assigned. All due dates are listed in this syllabus.

It is strongly urged that students complete each week’s lab during the lab time at the end of each class, so that they can practice the material while the lesson is still fresh.

All labs are critiqued by the professor, so that students can learn from their mistakes and improve during the course of the class.

**Assignments**

Unlike labs, assignments focus on creativity. There are four assignments during the course:

- Photoshop image
- Poster with an image
- Motion Graphics video
- Video commercial

Students select the topic and the content. All assignments are critiqued by the professor to allow students to improve their work during the course of the semester.

**Final Project**

The final project is the culmination of all the labs and assignments. In it, students present the four Assignments they created during the course: a Photoshop image, a Photoshop poster, motion graphic video, and video commercial, via a simple website that is student-designed.

The theme for all assignments is chosen by each student in their first lab. That theme is then expressed visually through each of the four assignments.
The final project will be presented by each student to the entire class for comments and critique. Presentation of the final project constitutes the student’s final exam.

**Academic Conduct:**

Plagiarism – presenting someone else’s ideas as your own, either verbatim or recast in your own words – is a serious academic offense with serious consequences. Please familiarize yourself with the discussion of plagiarism in SCampus in Part B, Section 11, “Behavior Violating University Standards” policy.usc.edu/scampus-part-b. Other forms of academic dishonesty are equally unacceptable. See additional information in SCampus and university policies on scientific misconduct, policy.usc.edu/scientific-misconduct.

**Support Systems:**

*Student Health Counseling Services* - (213) 740-7711 – 24/7 on call engemannshc.usc.edu/counseling

Free and confidential mental health treatment for students, including short-term psychotherapy, group counseling, stress fitness workshops, and crisis intervention.

*National Suicide Prevention Lifeline* - 1 (800) 273-8255 – 24/7 on call suicidepreventionlifeline.org

Free and confidential emotional support to people in suicidal crisis or emotional distress 24 hours a day, 7 days a week.

*Relationship and Sexual Violence Prevention Services (RSVP)* - (213) 740-4900 – 24/7 on call engemannshc.usc.edu/rsvp

Free and confidential therapy services, workshops, and training for situations related to gender-based harm.

*Office of Equity and Diversity (OED) | Title IX* - (213) 740-5086 equity.usc.edu, titleix.usc.edu

Information about how to get help or help a survivor of harassment or discrimination, rights of protected classes, reporting options, and additional resources for students, faculty, staff, visitors, and applicants. The university prohibits discrimination or harassment based on the following protected characteristics: race, color, national origin, ancestry, religion, sex, gender, gender identity, gender expression, sexual orientation, age, physical disability, medical condition, mental disability, marital status, pregnancy, veteran status, genetic information, and any other characteristic which may be specified in applicable laws and governmental regulations.

*Bias Assessment Response and Support* - (213) 740-2421 studentaffairs.usc.edu/bias-assessment-response-support

Avenue to report incidents of bias, hate crimes, and microaggressions for appropriate investigation and response.
The Office of Disability Services and Programs - (213) 740-0776
dsp.usc.edu
Support and accommodations for students with disabilities. Services include assistance in providing readers/notetakers/interpreters, special accommodations for test taking needs, assistance with architectural barriers, assistive technology, and support for individual needs.

USC Support and Advocacy - (213) 821-4710
studentaffairs.usc.edu/ssa
Assists students and families in resolving complex personal, financial, and academic issues adversely affecting their success as a student.

Diversity at USC - (213) 740-2101
diversity.usc.edu
Information on events, programs and training, the Provost’s Diversity and Inclusion Council, Diversity Liaisons for each academic school, chronology, participation, and various resources for students.

USC Emergency - UPC: (213) 740-4321, HSC: (323) 442-1000 – 24/7 on call
dps.usc.edu, emergency.usc.edu
Emergency assistance and avenue to report a crime. Latest updates regarding safety, including ways in which instruction will be continued if an officially declared emergency makes travel to campus infeasible.

USC Department of Public Safety - UPC: (213) 740-6000, HSC: (323) 442-120 – 24/7 on call
dps.usc.edu
Non-emergency assistance or information.
Multimedia and Video Production
ITP-411 (3 units)

The purpose of a lab is to reinforce subjects taught in that day's lecture. Labs are designed to be completed at the end of a class. Assignments are designed to be completed outside of class, with an emphasis on creativity. There are two lectures each week.

COURSE OUTLINE

Lecture 1      Aug. 26  INTRODUCTION TO THIS COURSE
Course introduction – what we are doing this semester
Discuss goals and theme for semester
Discuss syllabus and assignments
Digital Media fundamentals and key terms
Workflow for creative digital projects
   Non-graded quiz: “Help Me Get To Know You”
Lab #1: Due at the start of Lecture 3
   Topic: Set goals for semester projects

Lecture 2      Aug. 28  ADOBE PHOTOSHOP - INTRODUCTION
Issues of copyright and altering image
Introduction to Photoshop Interface
File Management
Basic photo and image manipulation techniques
Adjust Levels and Color
   Thumb drives presented to students
   No lab

* * * * * * * * * * * * * * * * * * *

LABOR DAY - Monday Sept. 2

* * * * * * * * * * * * * * * * * * *

Lecture 3      Sept. 4  ADOBE PHOTOSHOP - DESIGN, COLOR, TEXT, SHAPES
Basic design rules
Framing, balance, and composition techniques
The Color Wheel and gray-scale values
Use the power of fonts to convey emotion
Add and modify text and shadows
Work with shapes, paths and curves
   Lab #2: Due at the start of Lecture 5
      Topic: Images, text and shapes
Lecture 4  Sept. 9  ADOBE PHOTOSHOP - LAYERS, SELECTIONS & MASKS
Layers, selections and masks in compositing
Understand layers
Use selection tools to create selections
Use selections to create masks

Lab #3: Due at the start of Lecture 6
Topic: Layers, selections and masks

Lecture 5  Sept. 11  ADOBE PHOTOSHOP - BLEND MODES AND FILTERS
Explain and illustrate blend modes
Apply filters to images and/or selections
Explore the Filter Gallery
Automate image processing with Actions

Lab #4: Due at the end of Lecture 7
Topic: Filters and blend modes

Lecture 6  Sept. 16  ADOBE PHOTOSHOP - IMAGE REPAIR & COOL TOOLS
Repair damaged images
Patch, content-aware fill and move
Puppet warp
Perspective warp

Lab #5: Due at the start of Lecture 8
Topic: Image repair

Lecture 7  Sept. 18  ADOBE PHOTOSHOP - REVIEW AND WORKSHOP
Review key Photoshop terms and concepts
Work on any incomplete labs
Work on Assignment #1

Lecture 8  Sept. 23  PRE-PRODUCTION AND AUDIENCE EYE CONTROL
Define story and story-telling
How to plan a video
Balancing technology with story.
Storyboarding
Control where the eye looks
The Importance of the Call to Action

Assignment #1: Photoshop image due
Lab #6: Due at the end of class
Topic: Storyboard a dramatic scene

Lecture 9  Sept. 25  VIDEO PRODUCTION
The importance of emotion, reactions, and breathing
Basics of camera angles, placement, and framing
Discuss composition and framing
Basics of lighting and production audio

No Lab

Update: 5/17/2019
Lecture 10  Sept. 30  VIDEO COMPRESSION - OVERVIEW
Fundamentals of video compression
Optimum settings for video compression
Compressing video for the web
Quiz 1: Covering Lectures 1 - 9

Lecture 11  Oct. 2  VIDEO COMPRESSION - SOFTWARE
Video compression using Apple Compressor
Video compression using Adobe Media Encoder
Compressing video for the web
Lab #7: Due at the start of Lecture 12
Topic: Create a compressed video file

Lecture 12  Oct. 7  APPLE MOTION - Introduction to Motion Graphics
Key terms, definitions and Motion interface
Make objects move
Add, style and animate text

Lecture 13  Oct. 9  APPLE MOTION - Deeper in Motion
The Inspector
Compositing - add and adjust filters
Drawing tools
Assignment #2: Photoshop Poster due
Lab #8: Due at the start of Lecture 15
Topic: Create a simple motion graphic

Lecture 14  Oct. 14  APPLE MOTION - Media, Paths and Masks
Import audio and video media
Video Behaviors and Filters
Animate using keyframes
Create Paths and Masks

Lecture 15  Oct. 16  APPLE MOTION - Particles, Replicators and Parameters
Create and modify a particle system
Create and modify a replication system
Animate using Parameter Behaviors
Lab #9: Due at the start of Lecture 17
Topic: Create a promo using audio & video

Lecture 16  Oct. 21  APPLE MOTION - Explore 3D Space
Move and position elements in 3D space
Add and modify lights and cameras
Create and move between sets
Lab #10: Due at the start of Lecture 18
Topic: Play in 3D
Lecture 17  Oct. 23  APPLE MOTION - Review
Particle and replicator systems
Blend modes
Working with filters
Compositing techniques
Creating an effect for Final Cut Pro X
Export and compression
   Work on Assignment #3
   No lab

Lecture 18  Oct. 25  APPLE FINAL CUT PRO X - INTRODUCTION
Introduction to video editing
A 12-step workflow to make you more efficient
Media management and organization
Media import and clip preview
Favorite, Keywords and viewing clips
   Quiz #2 – covering Lectures 10 - 17

Lecture 19  Oct. 28  APPLE FINAL CUT PRO X - EDIT and TRIM
Reviewing clips
Edit and trim a basic story
   Assignment 3: Motion Graphics project due
   Lab #11: Due at the start of Lecture 21
   Topic: Edit a documentary scene

Lecture 20  Oct. 30  APPLE FINAL CUT PRO X - AUDIO
Audio, sample rates, and human hearing
How to add, edit, and mix audio
Working with sound effects and music
Adding transitions
   No lab

Lecture 21  Nov. 4  APPLE FINAL CUT PRO X - STORY-TELLING
Improve story-telling through trimming
The story of “John and Martha”
The importance of reaction shots
A closer look at lighting
   Lab #12: Due at the start of Lecture 23
   Topic: Edit a dramatic scene with audio

Lecture 22  Nov. 6  APPLE FINAL CUT PRO X - EFFECTS
Text and Generator effects
Inspector effects
Effects Browser effects
   Lab #13: Due at the start of Lecture 25
   Topic: Edit an effects scene
