Textbook
This class covers a great deal of territory, so no single textbook can cover it all. In addition to reading/listening material that will be assigned in class, the following textbooks will provide important background, and will be used as reference material:

Your Startup
For a hands-on experience, there will be a semester-long group project assignment. Each group must have between 4 and 5 members. Each group will act as a startup and go through the full process of creating a product that will be pitched at the end of the semester to a group of investors.

Grading
The weight of graded material during the semester is listed below:
