

**Social Work 621
Section # 67138, 67139**

**Social Work Practice with Adolescents, Young Adults and their
Families**

3 Units

Summer 2020

INSTRUCTOR: DR. VICTORIA BROWN (WINSETT) COURSE DAY: SATURDAY

E-Mail: winsett@usc.edu

Course Day/Time: 8:00-9:35am

10:05-11:40am

Telephone: 801-661-2794

Course Location: VAC

Office Hours: Thursdays 9 am-noon

I. COURSE PREREQUISITES

Social Work Practice with Adolescents, Young Adults and their Families is an advanced practice course of the School of Social Work, Department of Children, Youth and Families. Students will have successfully completed the generalist semester (SOWK 544 & SOWK 506) and the first semester departmental required courses (SOWK 608, SOWK 609, SOWK 610) before enrolling in this course.

II. CATALOGUE DESCRIPTION

The course focuses on intervention with adolescents and young adults, addressing developmental assets and challenges facing youth. The roles of various contexts in the development of problems and solutions will be addressed. Skills in engagement and evidence-based interventions in working with youth will be acquired.

III. COURSE DESCRIPTION

This course advances theoretical knowledge and practice skills in working with adolescents, young adults, and their families. The course uses biopsychosocial and systems/ecological perspectives in viewing adolescents and young adults in the context of their family and social environment. It

focuses on understanding risk factors, developmental disruptions, and derailments for adolescents, young adults and their families. The role of schools, other social institutions, the community, and the larger social environment, including state and national policies and their impact on adolescents, young adults and their families will be explored. Current research that informs theory and practice with these age groups, particularly neuroscience, the role of adverse childhood experiences, resilience, and protective factors will be further considered. Students will develop knowledge and skills of applying evidence-based practices and interventions, including engagement, assessment, and diagnosis, as well as intervention and evaluation with adolescents, young adults and their family.

IV. COURSE OBJECTIVES

The Social Work Practice with Adolescents, Young Adults and their Families course (SOWK 621) will:

Objective #	Objectives
1	Teach the use of critical thinking to integrate knowledge and perspectives on adolescence, young adulthood/ emerging adulthood and the developmental tasks and competencies associated with the transition to adulthood while focusing on youth in familial and cultural contexts.
2	Present contexts of practice with adolescents, transition age youth and young adults, including the family, and the systems and service systems that assist clients before and after age eighteen. Students will learn to locate resources at federal, state and county levels, and understand how these resources may differ depending on geographical location and the service-providing agency.
3	Provide perspectives, theories and research-based knowledge on major mental health issues that may affect adolescents and young adults, including physical, mental, behavioral and relational difficulties.
4	Teach students to critically consider and use current research, theory and evidence-based practices when working with adolescents, transition age youth, young adults and their families, while taking into account the impact of the complex social environment on youth and their families.
5.	Provide students with opportunities to develop skills in engaging, assessing, diagnosing, and intervening with adolescents, young adults and their families in diverse client populations.
6.	Provide opportunities for students to enhance self-awareness by critically examining thoughts, feelings, and practices with adolescents, young adults and their families.

V. COURSE FORMAT AND INSTRUCTIONAL METHODS

The class format consists of a combination of didactic lecture, class discussion, small group discussions and experiential exercises. Role-plays, case vignettes, small group discussions, and videos will also be incorporated to facilitate learning. Students will be invited to share case materials from field placement to illustrate and deepen content of class discussion, and to provide integration of knowledge and experience between the classroom and the field. Confidentiality of information shared in class will always be observed.

VI. STUDENT LEARNING OUTCOMES

The following table lists the nine Social Work core competencies as defined by the Council on Social Work Education's 2015 Educational Policy and Accreditation Standards:

Social Work Core Competencies	
1	Demonstrate Ethical and Professional Behavior
2	Engage in Diversity and Difference in Practice
3	Advance Human Rights and Social, Economic, and Environmental Justice
4	Engage in Practice-informed Research and Research-informed Practice
5	Engage in Policy Practice
6	Engage with Individuals, Families, Groups, Organizations, and Communities
7	Assess Individuals, Families, Groups, Organizations, and Communities*
8	Intervene with Individuals, Families, Groups, Organizations, and Communities*
9	Evaluate Practice with Individuals, Families, Groups, Organizations and Communities

* Highlighted in this course

The following table shows the competencies highlighted in this course, the related course objectives, student learning outcomes, and dimensions of each competency measured. The final column provides the location of course content related to the competency.

Competency	Objectives	Behaviors	Dimensions	Content
<p>Competency 7: Assess Individuals, Families, Groups, Organizations, and Communities</p> <p>Social workers use their knowledge of theories of human behavior and the social environment to inform ongoing assessment as they work with diverse children, youth, and families, as well as with the groups, organizations, and institutions that play important parts in their lives. Social workers use culturally informed and varied assessment methods to capture the diverse strengths, resources, and needs of children, youth and</p>	<p>1. Teach the use of critical thinking to integrate knowledge and perspectives on adolescence and young adulthood and the developmental tasks and competencies associated with the transition to adulthood while focusing on youth in familial and cultural contexts.</p> <p>4. Teach students to critically consider and use current research, theory and evidence-based practices when working with adolescents, transition age youth, young adults and their families, while taking into account</p>	<p>7b. Select appropriate interventions based on the assessment, research knowledge, and values and preferences of children, youth and families and the communities in which they live.</p>	<p>Cognitive and Affective Processes</p>	<p>Unit 2: Assessment of Adolescents and Young Adults and their Families</p> <p>Unit 3: Interventions with Adolescents, Young Adults and Their Families</p> <p>Unit 4: Family Based Interventions</p> <p>Unit 5: Group-based and System-Based Interventions</p> <p>Assignment 1: Take-home Exam</p> <p>Assignment 3: Research Paper</p>

<p>families, which in turn advances the effectiveness of their practice. Social workers work collaboratively with other service providers involved in the family's life in order to obtain a comprehensive understanding of the family system to enhance the assessment process. Social workers are mindful of the potential influence of their personal experiences and affective reactions on the processes of assessment with children, youth, and families.</p>	<p>the impact of the complex social environment on youth and their families.</p>			
---	--	--	--	--

Competency	Objectives	Behaviors	Dimensions	Content
<p>Competency 8: Intervene with Individuals, Families, Groups, Organizations, and Communities Social workers are knowledgeable about the evidence-informed interventions for children, youth, and families that can best help them to achieve the goals of their diverse clients. Social workers are able to critically evaluate and apply theories of human behavior and the social environment to intervene effectively</p>	<p>5. Provide students with opportunities to develop skills in engaging, assessing, diagnosing, and intervening with adolescents, young adults and their families in diverse client populations.</p>	<p>8a. Negotiate, mediate, and advocate with and on behalf of diverse clients and constituencies.</p>	<p>Skills</p>	<p>Unit 5: Group-based and System-Based Interventions</p> <p>Unit 14: Complex Issues of Adolescents and Young Adults</p> <p>Unit 15: Transition Age Youth Leaving the Child Welfare System</p> <p>Assignment 2: Group Work</p> <p>Class Participation</p>

<p>with their clients in child and family practice settings. Social workers understand methods of identifying, analyzing and implementing evidence-informed interventions to achieve family and agency goals. Social workers understand the importance of inter-professional teamwork and communication in interventions, and employ strategies of interdisciplinary, inter-professional, and inter-organizational collaboration to</p>

VII. COURSE ASSIGNMENTS, DUE DATES, AND GRADING

Assignment	Due Date	% of Final Grade
Assignment 1 (a & b): Two Quizzes	Unit 4 (6/13) & Unit 8 (7/11)	30%
Assignment 2: Group Work	TBA	20%
Assignment 3: Research Paper	Unit 12 (8/6)	40%
Class Participation	Ongoing	10%

Each of the major assignments is described below.

Assignment 1: Two quizzes 15% each (30% of Course Grade)

These two quizzes consist of multiple-choice questions and/or brief questions. The first quiz will consist of questions on the material covered in the first four units of the semester while the second quiz will cover material learned in units five to seven. Students are expected to show knowledge and understanding of the required readings in all these units and be able to integrate the information learned through the assigned readings along with the class lectures, presentations, and discussions.

Due: Unit 4 and Unit 7

This assignment relates to student learning outcomes 1 & 4

Assignment 2: Small Group Class Presentation (20% of Course Grade)

Students will work in small groups of two on this class presentation assignment addressing a problem that impacts adolescents, young adults and their families. Students will use literature from the course **recommended** readings as well as outside resources to explain the problem and its impact on the youth and their families. Students will explore issues of diversity and culture, family and service systems issues and their impact on the youth's problem. Students will demonstrate how the readings inform their understanding and practice with the problem. Finally, students will conduct a class discussion or activity on clinical and ethical issues relevant to the presented problem.

Due: Presentation date TBA

This assignment relates to student learning outcomes: 5

Assignment 3: Research-based Paper (40% of Course Grade)

In this assignment, students will write a research-based paper that integrates the theory and practice dimensions of the course. Students will select and examine a problem area that they are dealing

with in field placement (such as substance abuse, sexual abuse, depression in adolescents and young adults, etc.), include theories of etiology and effects on the problem on the youth in the context of the family and the systems in which the youth is being involved. The student will research and present an evidence-based intervention applicable to a client that they work with in their field placement. The student will explain in detail how the intervention is applied to the client from engagement, assessment, intervention, termination, evaluation and follow-up. The student will use a client from their fieldwork to illustrate the discussion and to explain what ethical and cultural issues may be present. Paper length is 7 pages.

Due: Unit 12 by 11:59PM (PST)

This assignment relates to student learning outcomes: 1& 4

Class Participation (10% of Course Grade)

It is expected that students will attend class regularly, participate in class discussions, and submit work promptly. Failure to meet these expectations may result in reduction in grades.

Your involvement in this class is considered essential to your growth as a practitioner. You will be asked to discuss the material assigned, participate in role-playing, exercises, and so on. Knowing the "right" answers is not nearly as important as being willing to risk, explore your ideas, and be open to new information and ideas. Your presence in class, along with preparation by having read and considered the assignments, and participation in discussion is essential. Participation on a course website (message board/chat room), if developed, also constitutes meaningful class participation.

Guidelines for Evaluating Class Participation:

10: Outstanding Contributor: Contributions in class reflect exceptional preparation and participation is substantial. Ideas offered are always substantive, provides one or more major insights as well as direction for the class. Application to cases held is on target and on topic. Challenges are well substantiated, persuasively presented, and presented with excellent comportment. If this person were not a member of the class, the quality of discussion would be diminished markedly. Exemplary behavior in experiential exercises demonstrating on target behavior in role plays, small-group discussions, and other activities.

9: Very Good Contributor: Contributions in class reflect thorough preparation and frequency in participation is high. Ideas offered are usually substantive, provide good insights and sometimes direction for the class. Application to cases held is usually on target and on topic. Challenges are well substantiated, often persuasive, and presented with excellent comportment. If this person were not a member of the class, the quality of discussion would be diminished. Good activity in experiential exercises demonstrating behavior that is usually on target in role plays, small-group discussions, and other activities.

8: Good Contributor: Contributions in class reflect solid preparation. Ideas offered are usually substantive and participation is very regular, provides generally useful insights but seldom offer a new direction for the discussion. Sometimes provides application of class material to cases held. Challenges are sometimes presented, fairly well substantiated, and are sometimes persuasive with good comportment. If this person were not a member of the class, the quality of discussion would be diminished somewhat. Behavior in experiential exercises demonstrates good understanding of methods in role plays, small-group discussions, and other activities.

7: Adequate Contributor: Contributions in class reflect some preparation. Ideas offered are somewhat substantive, provides some insights but seldom offers a new direction for the discussion. Participation is somewhat regular. Challenges are sometimes presented, and are sometimes persuasive with adequate comportment. If this person were not a member of the class, the quality of discussion would be diminished slightly. Occasionally applies class content to cases. Behavior in experiential exercises is occasionally sporadically on target demonstrating uneven understanding of methods in role plays, small-group discussions, and other activities.

6: Inadequate: This student says little in class. Hence, there is not an adequate basis for evaluation. The student doesn't participate actively in exercises and sits mostly silently in group activities and in class discussions.

5: Non-participant: Attends class only. Does not appear to be engaged.

Class grades will be based on the following:

Class Grades		Final Grade	
3.85–4.00	A	93–100	A
3.60–3.84	A–	90–92	A–
3.25–3.59	B+	87–89	B+
2.90–3.24	B	83–86	B
2.60–2.89	B–	80–82	B–
2.25–2.59	C+	76–79	C+
1.90–2.24	C	73–75	C
		70–72	C–

Within the USC Suzanne Dworak-Peck School of Social Work, grades are determined in each class based on the following standards which have been established by the faculty of the School: (1) Grades of A or A- are reserved for student work which not only demonstrates very good mastery of content but which also shows that the student has undertaken a complex task, has applied critical thinking skills to the assignment, and/or has demonstrated creativity in her or his approach to the assignment. The difference between these two grades would be determined by the degree to which these skills have been demonstrated by the student. (2) A grade of B+ will be given to work which is judged to be very good. This grade denotes that a student has demonstrated a more-than-competent understanding of the material being tested in the assignment. (3) A grade of B will be given to student work which meets the basic requirements of the assignment. It denotes that the student has done adequate work on the assignment and meets basic course expectations. (4) A grade of B- will denote that a student's performance was less than adequate on an assignment, reflecting only moderate grasp of content and/or expectations. (5) A grade of C would reflect a minimal grasp of the assignments, poor organization of ideas and/or several significant areas requiring improvement. (6) Grades between C- and F will be applied to denote a failure to meet minimum standards, reflecting serious deficiencies in all aspects of a student's performance on the assignment.

As a professional school, class attendance and participation is an essential part of your professional training and development at the USC Suzanne Dworak-Peck School of Social Work. You are expected to attend all classes and meaningfully participate. For Ground courses, having more than 2 unexcused absences in class may result in the lowering of your grade by a half grade. Additional absences can result in additional deductions. For VAC courses, meaningful participation requires active engagement in class discussions and maintaining an active screen. Having more than two unexcused absences in class may result in the lowering of your grade by a half grade. Additional absences in the live class can result in additional deductions. Furthermore, unless directed by your course instructor, you are expected to

complete all asynchronous content and activities prior to the scheduled live class discussion. Failure to complete two asynchronous units before the live class without prior permission may also lower your final grade by a half grade. Not completing additional units can result in additional deductions.

VIII. REQUIRED AND SUPPLEMENTARY INSTRUCTIONAL MATERIALS AND RESOURCES

Required Textbook

Weisz, J. R., & Kazdin, A. E. (Eds.). (2017). *Evidence-based psychotherapies for children and adolescents* (3rd ed.). New York, NY: Guilford Press.

On Reserve

All other required readings are available online through electronic reserve (ARES) (**under instructor name: Bianca Harper**).

Recommended Books

Laser J. A., & Nicotera, N. (2011). *Working with adolescents: A guide for practitioners*. New York, NY: Guilford Press.

MaleKoff, A. (2014). *Group work with adolescents: Principles and practice*. New York, NY: Guilford Press.

McLean, K. C., & Pasupathi, M. (2010). *Narrative development in adolescents: Creating the storied self*. New York, NY: Springer. Also available online.

Smith, W. (2011). *Youth leaving foster care: A developmental, relationship-based approach to practice*. New York, NY: Oxford University Press.

Steiner, H. & Hall, R. E. (2015). *Treating adolescents* (2nd ed.). Hoboken, NJ: John Wiley & Sons.

Note: Additional required and recommended readings may be assigned by the instructor throughout the course.

Course Schedule — Detailed Description

Unit 1: Overview and Unique Considerations for Adolescents, Young Adults and Their Families

Date 5/23/20

Topics

- Introduction to the course
- Overview of developmental and ecological context of practice with adolescents, young adults and their families, unique identity development experiences: Racial/ethnic identity and sexual identity/orientation
- Ethical considerations in working with adolescents, young adults and their families
- Strengths-based perspective and resilience in adolescents and young adults

Required Readings

- Arnett, J. J. (2016). Does emerging adulthood theory apply across social classes? National data on a persistent question. *Emerging Adulthood, 4*(4), 227–235.
- Davis, J., Dumas, T. & Roberts, B. (2018). Adverse childhood experiences and development in emerging adulthood. *Emerging Adulthood, 6*(4), 223-234.
- Hope, E. C., Hoggard, L. S., & Thomas A. (2015). Emerging into adulthood in the face of racial discrimination: Physiological, psychological, and sociopolitical consequences for African American youth. *Translational Issues in Psychological Science, 1*(4), 342–351.
- Schwartz, S. J. (2016). Turning point for a turning point: Advancing Emerging adulthood theory and research. *Emerging Adulthood, 4*, 307-317.
- Zimmerman, M. A., Stoddard, S. A., Eisman, A. B., Caldwell, C. H., Aiyer, S. M., & Miller, A. (2013). Adolescent resilience: Promotive factors that inform prevention. *Child Development Perspectives, 7*(3), 215–220.

Recommended Readings

- Allen, J. P., & Miga, E. (2010). Attachment in adolescence: A move to the level of emotional regulation. *Journal of Social and Personal Relationships, 27*(2), 181-190.
- Brownlee, K., Rawana, J., Franks, J., Harper, J., Bajwa, J., O'Brien, E., & Clarkson, A. (2013). A systematic review of strengths and resilience outcome literature relevant to children and adolescents. *Child and Adolescent Social Work Journal, 30*(5), 435-459.
- Friedman M., Marshal, M., Guadamuz, T., Wei, C., Wong, C., Saewyc, E., & Stall, R. (2011). A meta-analysis of disparities in childhood sexual abuse, parental physical abuse, and peer victimization among sexual minority and sexual nonminority individuals. *American Journal of Public Health, 101*(8), 1481-1494.
- Maholmes, V. (2014). Thriving in adversity: Toward a framework of hope, optimism and resilience. In *Fostering resilience and well-being in children and families in poverty*. (Chapter 2 pp. 13-33). New York, NY: Oxford University Press.

Unit 2: Assessment of Adolescents and Young Adults and Their Families

Date 5/30/20

Topics

- Strengths-based, culturally-informed, and motivation-considerate assessment of adolescents and young adults
- The role of the family, and other involved adults in youth assessment
- General and problem-focused measurements of adolescents assessment
- Consideration and Implication of diagnosing adolescents and young adults

Required Readings

- Alegria, M., Atkins, M., Farmer, E., Slaton, E., & Stelk, W. (2010). One size does not fit all: Taking diversity, culture, and context seriously. *Administration and Policy in Mental Health Services Research*, 37(1-2), 48-60.
- American Psychologist Association (2015). APA Guidelines for clinical practice with transgender and gender non-conforming people. *American Psychologist*, 70(9), 832-864.
- De Los Reyes, A., Augenstein, T. M., Aldao, A. (2017). Assessment issues in child and adolescent psychotherapy. In J. R. Weisz & A. E. Kazdin (Eds.), *Evidenced-based psychotherapies for children and adolescents* (3rd ed. pp. 537- 554). New York, NY: Guilford Press.
- Kuhn, C., Aebi, M., Jakobson, H., Banaschewski, T., Poustka, L., Grimmer, Y., ...& Steinhausen, H. (2017). Effective mental health screening in adolescents: Should we collect data from youth, parents or both? *Child Psychiatry & Human Development*, 48 (3), 385-392.

Recommended Readings

- Cavendish, W., Montague, M., Enders, C., & Dietz, S. (2014). Mothers' and adolescents' perceptions of family environment and adolescent social-emotional functioning. *Journal of Child and Family Studies*, 23(1), 52-66.

Unit 4: Group-Based and System-Based Interventions

Date 6/13/20

Topics

- Group interventions with adolescents, young adults and their families
- Systems-involved interventions with adolescents, young adults and their families
- EBI Group and system-based interventions in the context of schools, health systems, and CPS
- Termination and evaluation of system-based and group-based interventions

Required Readings

- Cole, A., Jenfskey, N., Ben-David, S., & Munson, M. (2016). Feeling connected and understood: The role of creative arts in engaging young adults in their mental health services. *Social Work with Groups*, 1-15. doi: 10.1080/01609513.2016.1258619
- D'Amico, E. J., Houck, J. M., Hunter, S. B., Miles, J. N. V., Osilla, K. C., & Ewing, B. A. (2015). Group motivational interviewing for adolescents: Change talk and alcohol and marijuana outcomes. *Journal of Consulting and Clinical Psychology*, 83(1), 68-80
<http://dx.doi.org/10.1037/a0038155>
- Sheets, E. S., Wilcoxon, E., Brosse, A., Hauser, M., Madsen, J., & Craighead, E. (2013). Prevention of recurrence of major depression among emerging adults by a group cognitive-behavioral/interpersonal intervention. *Journal of Affective Disorders*, 147(1), 425-430.
- Liddle, H.A. (2016). Multidimensional family therapy: Evidence base for transdiagnostic treatment outcomes, change mechanisms, and implementation in community setting. *Family Process*, 55 (3), pp. 558-576. doi: 10.1111/famp.12243

Recommended Readings

**Unit 5: Neurodevelopment Disorders and Their Impact on Adolescents,
Young Adults and Their Families**

Date 6/20/20

Topics

- Impact of neurodevelopmental problems on adolescents, young adults and their families
 - Executive system deficits and their impacts on adolescents and young adults with: Autism Spectrum Disorders and ADHD
- Interventions with ADHD
- Interventions with ASD: Communication and social engagement interventions

Required Readings

- Gotham, K., Brunwasser, S. M., & Lord, C. (2015). Depressive and anxiety symptom trajectories from school age through young adulthood in samples with autism spectrum disorder and

developmental delay. *Journal of the American Academy of Child & Adolescent Psychiatry*, 54(5), 369-376. doi: <http://dx.doi.org/10.1016/j.jaac.2015.02.005>

- Schohl, K., Van Hecke, A., Carson, A., Dolan, B., Karst, J. & Stevens, S. (2014). A replication and extension of the PEERS intervention: Examining effects on social skills and social anxiety in adolescents with autism spectrum disorders. *Journal of Autism and Developmental Disorders*, 44(3), 532-545.
- Van den Berg, S., Scheeren, A., Bergeer, S., Koot, H., & Geurts, H. (2014). Age related differences of executive functioning problems in everyday life of children and adolescents in the autism spectrum. *Journal of Autism and Developmental Disorders*, 44, 1959-1971.
- Walkup, J., Stossel, L., & Rendleman, R. (2014). Beyond rising rates: Personalized medicine and public health approaches to the diagnosis and treatment of attention-deficit/hyperactivity disorder. *Journal of the American Academy of Child and Adolescent Psychiatry*, 53 (1), 14-16.

Recommended Readings

University Policies and Guidelines

IX. ATTENDANCE POLICY

Students are expected to attend every class and to remain in class for the duration of the unit. Failure to attend class or arriving late may impact your ability to achieve course objectives which could affect your course grade. Students are expected to notify the instructor by email (xxx@usc.edu) of any anticipated absence or reason for tardiness.

University of Southern California policy permits students to be excused from class for the observance of religious holy days. This policy also covers scheduled final examinations which conflict with students' observance of a holy day. Students must make arrangements in advance to complete class work which will be missed, or to reschedule an examination, due to holy days observance.

Please refer to SCampus and to the USC School of Social Work Student Handbook for additional information on attendance policies.

X. Statement on Academic Conduct and Support Systems

Academic Conduct:

Plagiarism – presenting someone else's ideas as your own, either verbatim or recast in your own words – is a serious academic offense with serious consequences. Please familiarize yourself with the discussion of plagiarism in SCampus in Part B, Section 11, "Behavior Violating University Standards" policy.usc.edu/scampus-part-b. Other forms of academic dishonesty are equally unacceptable. See additional information in SCampus and university policies on scientific misconduct, policy.usc.edu/scientific-misconduct.

Support Systems:

Counseling and Mental Health - (213) 740-9355 – 24/7 on call

studenthealth.usc.edu/counseling

Free and confidential mental health treatment for students, including short-term psychotherapy, group counseling, stress fitness workshops, and crisis intervention.

National Suicide Prevention Lifeline - 1 (800) 273-8255 – 24/7 on call

suicidepreventionlifeline.org

Free and confidential emotional support to people in suicidal crisis or emotional distress 24 hours a day, 7 days a week.

Relationship and Sexual Violence Prevention Services (RSVP) - (213) 740-9355(WELL), press "0" after hours – 24/7 on call

studenthealth.usc.edu/sexual-assault

Free and confidential therapy services, workshops, and training for situations related to gender-based harm.

Office of Equity and Diversity (OED) - (213) 740-5086 | Title IX – (213) 821-8298
equity.usc.edu, titleix.usc.edu

Information about how to get help or help someone affected by harassment or discrimination, rights of protected classes, reporting options, and additional resources for students, faculty, staff, visitors, and applicants.

Reporting Incidents of Bias or Harassment - (213) 740-5086 or (213) 821-8298
usc-advocate.symplcity.com/care_report

Avenue to report incidents of bias, hate crimes, and microaggressions to the Office of Equity and Diversity | Title IX for appropriate investigation, supportive measures, and response.

The Office of Disability Services and Programs - (213) 740-0776
dsp.usc.edu

Support and accommodations for students with disabilities. Services include assistance in providing readers/notetakers/interpreters, special accommodations for test taking needs, assistance with architectural barriers, assistive technology, and support for individual needs.

USC Campus Support and Intervention - (213) 821-4710

campussupport.usc.edu

Assists students and families in resolving complex personal, financial, and academic issues adversely affecting their success as a student.

Diversity at USC - (213) 740-2101
diversity.usc.edu

Information on events, programs and training, the Provost's Diversity and Inclusion Council, Diversity Liaisons for each academic school, chronology, participation, and various resources for students.

USC Emergency - UPC: (213) 740-4321, HSC: (323) 442-1000 – 24/7 on call
dps.usc.edu, emergency.usc.edu

Emergency assistance and avenue to report a crime. Latest updates regarding safety, including ways in which instruction will be continued if an officially declared emergency makes travel to campus infeasible.

USC Department of Public Safety - UPC: (213) 740-6000, HSC: (323) 442-120 – 24/7 on call
dps.usc.edu

Non-emergency assistance or information.

Office of the Ombuds - (213) 821-9556 (UPC) / (323-442-0382 (HSC)
ombuds.usc.edu

A safe and confidential place to share your USC-related issues with a University Ombuds who will work with you to explore options or paths to manage your concern.

XI. ADDITIONAL RESOURCES

Students enrolled in the Virtual Academic Center can access support services for themselves and their families by contacting Perspectives, Ltd., an independent student assistance program offering crisis services, short-term counseling, and referral 24/7. To access Perspectives, Ltd., call 800-456-6327.

XII. STATEMENT ABOUT INCOMPLETES

The Grade of Incomplete (IN) can be assigned only if there is work not completed because of a documented illness or some other emergency occurring after the 12th week of the semester. Students must NOT assume that the instructor will agree to the grade of IN. Removal of the grade of IN must be instituted by the student and agreed to by the instructor and reported on the official "Incomplete Completion Form."

XIII. POLICY ON LATE OR MAKE-UP WORK

Papers are due on the day and time specified. Extensions will be granted only for extenuating circumstances. If the paper is late without permission, the grade will be affected.

XIV. POLICY ON CHANGES TO THE SYLLABUS AND/OR COURSE REQUIREMENTS

It may be necessary to make some adjustments in the syllabus during the semester in order to respond to unforeseen or extenuating circumstances. Adjustments that are made will be communicated to students both verbally and in writing.

XV. CODE OF ETHICS OF THE NATIONAL ASSOCIATION OF SOCIAL WORKERS

Approved by the 1996 NASW Delegate Assembly and revised by the 2017 NASW Delegate Assembly <https://www.socialworkers.org/About/Ethics/Code-of-Ethics/Code-of-Ethics-English>

Preamble

The primary mission of the social work profession is to enhance human well-being and help meet the basic human needs of all people, with particular attention to the needs and empowerment of people who are vulnerable, oppressed, and living in poverty. A historic and defining feature of social work is the profession's focus on individual well-being in a social context and the well-being of society. Fundamental to social work is attention to the environmental forces that create, contribute to, and address problems in living.

Social workers promote social justice and social change with and on behalf of clients. "Clients" is used inclusively to refer to individuals, families, groups, organizations, and communities. Social workers are sensitive to cultural and ethnic diversity and strive to end discrimination, oppression, poverty, and other forms of social injustice. These activities may be in the form of direct practice, community organizing, supervision, consultation, administration, advocacy, social and political action, policy development and implementation, education, and research and evaluation. Social workers seek to enhance the capacity of people to address their own needs. Social workers also seek to promote the responsiveness of organizations, communities, and other social institutions to individuals' needs and social problems.

The mission of the social work profession is rooted in a set of core values. These core values, embraced by social workers throughout the profession's history, are the foundation of social work's unique purpose and perspective:

- Service
- Social justice
- Dignity and worth of the person
- Importance of human relationships
- Integrity
- Competence

This constellation of core values reflects what is unique to the social work profession. Core values, and the principles that flow from them, must be balanced within the context and complexity of the human experience.

XVI. ACADEMIC DISHONESTY SANCTION GUIDELINES

Some lecture slides, notes, or exercises used in this course may be the property of the textbook publisher or other third parties. All other course material, including but not limited to slides developed by the instructor(s), the syllabus, assignments, course notes, course recordings (whether audio or video) and examinations or quizzes are the property of the University or of the individual instructor who developed them. Students are free to use this material for study and learning, and for discussion with others, including those who may not be in this class, unless the instructor imposes more stringent requirements. Republishing or redistributing this material, including uploading it to web sites or linking to it through services like iTunes, violates the rights of the copyright holder and is prohibited. There are civil and criminal penalties for copyright violation. Publishing or redistributing this material in a way that might give others an unfair advantage in this or future courses may subject you to penalties for academic misconduct.

XVII. COMPLAINTS

Please direct any concerns about the course with the instructor first. If you are unable to discuss your concerns with the instructor, please contact the faculty course lead. Any concerns unresolved with the course instructor or faculty course lead may be directed to the student's advisor and/or the Chair of your program.

Tips for Maximizing Your Learning Experience in this Course

- ✓ Be mindful of getting proper nutrition, exercise, rest and sleep!
- ✓ Come to class.
- ✓ Complete required readings and assignments BEFORE coming to class.
- ✓ BEFORE coming to class, review the materials from the previous Unit AND the current Unit, AND scan the topics to be covered in the next Unit.
- ✓ Come to class prepared to ask any questions you might have.
- ✓ Participate in class discussions.
- ✓ AFTER you leave class, review the materials assigned for that Unit again, along with your notes from that Unit.
- ✓ If you don't understand something, ask questions! Ask questions in class, during office hours, and/or through email!
- ✓ Keep up with the assigned readings.

Don't procrastinate or postpone working on assignments.
