ACCORDING TO USC: “The ability to communicate effectively in English - to read, write and speak the language fluently - is vital to your success as a university student. USC graduate applicants are therefore expected to demonstrate English-language proficiency.”¹ A degree from USC signifies that the holder has achieved the proficiency in English that is required for professional and academic endeavors.

COURSE DESCRIPTION

In this course you will work on writing skills needed to succeed in the academic environment at USC. The course will use instructor provided as well as student provided authentic materials on academic topics. The assignments and course work cover major components of academic writing, including understanding the organizational structure of academic papers, paraphrasing and summarizing others’ ideas, and using outside sources to support arguments. The course will also cover specific language issues (grammar, vocabulary, register) that are often problematic for non-native speakers of English.

COURSE OBJECTIVES

The overall goal of this course is to make your writing more accurate and academically appropriate. Accordingly, in this class you will do the following:

- Learn about the conventions of academic writing
- Apply the process of synthesizing and citing outside sources through research
- Use paraphrasing /summarizing skills to avoid plagiarism.
- Vary sentence structure to improve cohesiveness, conciseness and precision
- Edit your writing and vocabulary to develop awareness of greater usage accuracy
- Use standard written English’s conventions or grammar, spelling, and punctuation.

COURSE MATERIALS

Recommended:

Caplan, Nigel A. (2012). *Grammar Choices for Graduate and Professional Writers*. Ann Arbor: University of Michigan. (ISBN: 9780472035014)

There is no textbook required for the course. However, you are expected to access selected chapters of books/articles through the library e-reserves <ARES: <https://reserves.usc.edu/ares/>>

Additionally, selected websites and handouts will be loaded onto USC Blackboard website: <https://blackboard.usc.edu> for course assignments and readings. You will find these under the "Course Content/Assignments" section of Blackboard.

LATE ASSIGNMENTS

Late assignments are **NOT accepted**. In case of personal emergencies, consult with your instructor. You should therefore work on assignments well before the due date so that it will not have as big of an impact on your work.

OFFICE HOURS

Office hours will be one-to-one meeting with students via Zoom to address any content related questions. If you are unable to attend the scheduled office hours, please feel free to contact your instructor and set up a time to meet.

ALI ATTENDANCE POLICY

Improving proficiency in a second language requires practice; hence, it is important that you not miss classes. If you find it absolutely necessary to be absent from class because of illness or an emergency, keep in mind that you are responsible to master all information presented during your absence. Attendance will be taken every class meeting. More than 6 hours of absence (4 class meetings) will result in a course grade of NC (no credit). Absence is counted for *any* reason, including illness, emergencies, and conference attendance.

Zoom Classroom Courtesy

As a courtesy to your classmates and instructor, please make sure you come to class on time, turn on your video, mute yourself (when not speaking), and fully engage in the class instruction. Please stay focused on the class activities for maximum benefit to you and your classmates.

ASSESSMENT: This is a credit/no credit (CR/NC) class, which means that you will not receive a final letter grade (A/B/C/F) on your USC transcript. Assignments are given to prepare for and practice material that is covered in class. Since this is a proficiency-based course designed to help improve your academic writing skills, your proficiency in these skills at the end of the course determines whether you will need an additional class or not.

Therefore, it is in your own interest to do your best on each assignment. Do not expect your writing ability to improve simply by coming to class and putting minimum effort into your assignments.

COURSE ASSIGNMENTS & EXAMS

There will be in-class tests and home assignments during the semester. These serve as self-assessment for you to see your strength and weaknesses as well as for the instructor to see areas where additional instruction is necessary. The in-class midterm, final exam, and the final research paper, together with the on-going evaluation of your work will help the instructor assess your writing skills. To help the instructor evaluate your writing progress and proficiency, the course grading will be based on the following breakdown.

Assignments	Percentage of Total Grade
Selected Writing Assignments	35%
Midterm Exam	20%
Writing Assessment	15%
Final Research Paper	30%

Midterm & End-of-Term Writing Assessment

Students are required to pass the midterm and writing assessment with a score equivalent to 70% in order to receive credit for the course. The Midterm will include course material covered up to that point in the semester. The writing assessment, which is cumulative, will require students to demonstrate writing skills reflecting significant, meaningful, and verifiable progress. The assessment will be conducted using Respondus Lockdown Browser and Monitoring system. See below for instructions on downloading the app.

Professional Writing

Depending on student interest and time, students will have the opportunity to develop a professional writing portfolio consisting of cover letter, resume, bio-statements, etc. Other aspects of professional writing, such as email and letters of complaints may also be discussed in class.

Final Research Paper

The major assignment for this course is a Final Research Paper. The purpose of the final project is to provide you with an experience of writing a research paper as a specialist in your field. The final project requires demonstration of a number of distinct academic writing skills in both creation and presentation (which we will cover in the course of the semester) of your paper.

Please note, your topic must be approved prior to officially starting your research writing process. You may NOT change your topic without instructor's approval. Therefore, be thoughtful and conscientious about your topic choice. The Final Research Paper must meet the following requirements:

- Approximately 4-5 pages in length (double-spaced) in 12-point font
- Minimum of 3 scholarly sources (preferably peer-reviewed journals)
- Documentation of sources using the style in your field (e.g., APA, IEEE)
- "Reference/Works Cited" page at the end of your essay where you list the sources you used in your paper (not counted towards the required minimum)

Additionally, final papers must be turned in by the due date unless a student has experienced a serious emergency (contact the instructor). In addition to submitting a hardcopy of the paper, student may be additionally asked to submit their final paper to turnitin.com via Blackboard to ensure that the work is not plagiarized.

LockDown Browser + Webcam Requirement

This course requires the use of LockDown Browser and a webcam for online exams. The webcam can be the type that's built into your computer or one that plugs in with a USB cable.

Watch this brief video to get a basic understanding of LockDown Browser and the webcam feature.

Download Instructions

Download and install LockDown Browser from this link:

<https://download.respondus.com/lockdown/download.php?id=945755274>

Once Installed

- Start LockDown Browser
- Log into Blackboard Learn
- Navigate to the test

Note: You won't be able to access tests with a standard web browser. If this is tried, an error message will indicate that the test requires the use of LockDown Browser. Simply start LockDown Browser and navigate back to the exam to continue.

Guidelines

When taking an online test, follow these guidelines:

- Ensure you're in a location where you won't be interrupted
- Turn off all other devices (e.g. tablets, phones, second computers) and place them outside of your reach
- Before starting the test, know how much time is available for it, and also that you've allotted sufficient time to complete it
- Clear your desk or workspace of all external materials not permitted (books, papers, other devices)
- Remain at your computer for the duration of the test
- If the computer, Wi-Fi, or location is different than what was used previously with the "Webcam Check" and "System & Network Check" in LockDown Browser, run the checks again prior to the exam
- To produce a good webcam video, do the following:
 - Avoid wearing baseball caps or hats with brims
 - Ensure your computer or device is on a firm surface (a desk or table). Do NOT have the computer on your lap, a bed, or other surface where the device (or you) are likely to move
 - If using a built-in webcam, avoid readjusting the tilt of the screen after the webcam setup is complete

- Take the exam in a well-lit room, but avoid backlighting (such as sitting with your back to a window)
- Remember that LockDown Browser will prevent you from accessing other websites or applications; you will be unable to exit the test until all questions are completed and submitted

Getting Help

Several resources are available if you encounter problems with LockDown Browser:

- The Windows and Mac versions of LockDown Browser have a "Help Center" button located on the toolbar. Use the "System & Network Check" to troubleshoot issues. If an exam requires you to use a webcam, also run the "Webcam Check" from this area
- Respondus has a Knowledge Base available from support.respondus.com. Select the "Knowledge Base" link and then select "Respondus LockDown Browser" as the product. If your problem is with a webcam, select "Respondus Monitor" as your product
- If you're still unable to resolve a technical issue with LockDown Browser, go to support.respondus.com and select "Submit a Ticket". Provide detailed information about your problem and what steps you took to resolve it

A Statement on Academic Conduct and Support Systems

Academic Conduct:

Plagiarism – presenting someone else’s ideas as your own, either verbatim or recast in your own words – is a serious academic offense with serious consequences. Please familiarize yourself with the discussion of plagiarism in SCampus in Part B, Section 11, “Behavior Violating University Standards” policy.usc.edu/scampus-part-b. Other forms of academic dishonesty are equally unacceptable. See additional information in SCampus and university policies on scientific misconduct, policy.usc.edu/scientific-misconduct.
