Course Description
Students will learn to conceive, record and edit powerful narratives that can be used to present ideas, brands, products, services, and create marketing or social impact. In service of meaningful communications, students will develop skills in writing, audio, cinematography, editing, branding and understanding audience perception.

Learning Objectives and Outcomes
1. Use research, writing, collaboration, production and post-production tools to create compelling video content that communicates a concept, takes a humanistic stand and points towards an improvement.
2. Master a variety of hardware and software to capture, edit, process and present audio and video.
3. Learn about successful brand- and awareness-focused messaging
4. Exercise planning, delegation and teamwork to become collaboratively productive
5. Make diversity, equity and inclusion active components in your media creations
6. Practice persuasion and storytelling through multimedia

Actively improve your skills in...
- Videography, interviewing, lighting, directing, editing, and color/treatment techniques
- Content strategy, planning and setting-and-achieving goals
- Integration video, audio and animation into your presentations with more impact
- Detailed exploration of the standard multimedia software applications and platforms
- Time management, be an idea leader and a great listener
- Making media part of your innovative business ideas
Prerequisite(s) / Co-Requisite(s) / Concurrent Enrollment: None.

Preparation: Most of your assignments will focus on visuals, but producing good sound with the visuals instantly elevates your material and is expected. For anyone who has not taken ACAD-180 Digital Toolbox: Sound and Audio, the following material is required to study prior to first day of class: Ear Training Guide for Audio Producers
Academy majors may also want to refresh their audio knowledge with this guide.

Additional Recommended Preparation
1) Have Quicktime Player and required video and audio editing software (see below and *) installed on your laptop by the first day of instruction
2) Listen to podcasts. Analyze one or two that intrigued you most for their narrative structure, how information is revealed, and if there is a thesis, how that is being built.
3) Watch the below brand and cause-related short films. What elements give them an authentic feel, or what feels inauthentic? Pay close attention to choices for tone, acting, framing, background action, pacing, sound and editing. We will discuss these in class so take notes of your impression watching these for the first time.
   Dollar Shave Club
   100 Years of Beauty - Ep.20 by Cut Studio
   Nothing Beats A Londoner
   Shiseido Crayon Project
   Gillette: The Best Men Can Be
   Squarespace Make It Real - "Garage"
   Apple Underdogs

Nature of this Course
This is a fast-paced course which will immerse students in a range of opportunities to tell stories through media. Through analysis, instruction and practice they will learn the tools of writers, cinematographers, audio narrators, producers, postproduction experts and other collaborators in the making of audio and video communications.

Student responsibilities: Students need to develop their project goals and execution on a base of research, thematic merit and relevance to their career goals. Furthermore I expect everyone to take an active role in the success of the full group through discussion in the classroom, sharing of ideas, actively providing constructive feedback for your peers, observing your own learning process and taking initiative in everyone’s growth as media-savvy makers.

Required Hardware/Software
On first day of instruction:
• MacBook Pro or equivalent Laptop Computer with authorized installs of the following software:
  • Adobe Creative Cloud. If you do not already have a subscription, you will need to purchase one through the online bookstore and the Academy will set up an account for you (see below)
  *If already proficient in Final Cut Pro X or Logic Pro X, you may use these for your editing and sound work. In this case you must have an authorized install of the application of your choice on your laptop by first day of class. There will be no instruction in Final Cut Pro X or Logic Pro X.
   Note: No other editing software than Premiere and Final Cut Pro are adequate for this course.
• iTunes or Google Play account to download creative apps to your mobile device
  • Headphones to use with your laptop. Over-ear / closed type only (no ear buds) so you can listen without disturbing others. Some recommended models: Audio Technica ATH-M50x, Sony MDR-7506 or equivalent
(cont.)
By Week 3:

• an external hard drive for safely storing/backing up all media. You must keep all media you generate for the course available throughout the term

• at least one highspeed SDXC card for the use in cameras and audio equipment. I will announce the preferred type of cards.

Academy Equipment
We will utilize the Academy’s sound, video and lighting equipment to create audio and video content. You’ll receive proper training in the use of the equipment so you can use these tools confidently in your labs and projects. For some equipment you will need to acquire certification before you can check them out.

Assessments and Assignments
The following graded course components will help students measure their own mastery of narrative and technical audio and video skills:

Quizzes recall standards and practices in multiple choice and short answer format.
Lab Exercises test your personal practical skills with various audio and video tools.
Projects are partner and group works focused on your creativity and mastery of skills in context.

Description of this year’s projects:

In Project 1 you will explore the power of verbal testimonials when you pitch and develop a thematic podcast with a partner.

Project 2 is a process piece, presented in the narrative concept of a plot. Team size is ~3 and target length of video is 60 seconds.

For Project 3, student teams of 4 to 5 create a longer video (2 to 4 minutes). The groups chooses to either create a cause-based awareness video, or a product video for a IYA project from a concurrent course.

Along the way, each student will get ample opportunity to hone their craft with practical exercises such as Video Essays, Conducting Interviews, Directing short scenes of dialogue and action, etc.

D+     67-69
D      63-66
D-     60-62
F      59 and below

Assignment Submission Policy

All labs, projects and assignments are due at the date and time specified in the syllabus. Projects that are more than 24 hours late will receive a 50% deduction in points. Projects that are more than 7 days late will receive 0 points. Be sure to check Blackboard if you have to miss a class. You are responsible for any materials presented and assignments made even if you are not in class that day.

Extensions

Each student may ask for an extension on **one assignment** per semester only, and the request needs to be made **at least 72 hours before the deadline**. Consider planned family and other travel commitments etc. when making your choice. The above Assignment Submission Policy strictly applies to the extension date given.

Grading Timeline and Importance of Continued Contribution

You will receive grades for classroom quizzes, check-ins, labs, projects and other assignments within a week of submission. Group Project Grading: During group projects with a timeline of more than two weeks, you may get individually graded for each week’s effort up to a pro-rated part of the maximum achievable points for the project. This is to assure everyone contributes their best effort to the team from the beginning of a project to its submission deadline. I may also employ a peer evaluation survey and/or a multiplier to determine fair grading within a group.
Academy Attendance Policy
The Academy maintains rigorous academic standards for its students and on-time attendance at all class meetings is expected. Each student will be allowed two excused absences over the course of the semester for which no explanation is required. Students are admonished to not waste excused absences on non-critical issues, and to use them carefully for illness or other issues that may arise unexpectedly. Except in the case of prolonged illness or other serious issue (see below), no additional absences will be excused. Each unexcused absence will result in the lowering of the final grade by \( \frac{1}{3} \) of a grade (e.g., an A will be lowered to A-, and A- will be lowered to a B+, etc.). In addition, being tardy to class will count as one-third of an absence. Three tardies will equal a full course absence. Students remain responsible for any missed work from excused or unexcused absences. Immediately following an absence, students should contact the instructor to obtain missed assignments or lecture notes and to confirm new deadlines or due dates. Extensions or other accommodations are at the discretion of the instructor.

Automatically excused absences normally many not be used for quiz, exam or presentation days. Using an excused absence for a quiz, exam or presentation, such as in the case of sudden illness or other emergency, is at the discretion of the instructor.

In the case of prolonged illness, family emergencies, or other unforeseen serious issues, the student should contact the instructor to arrange for accommodation. Accommodation may also be made for essential professional or career-related events or opportunities. All accommodations remain at the discretion of the instructor, and appropriate documentation may be required.

Additional Policies
Add any additional policies that students should be aware of: late assignments, missed classes, use of technology in the classroom, etc.

HOW TO PURCHASE SOFTWARE AT THE DISCOUNTED ACADEMY RATE THROUGH THE USC BOOKSTORE:

Statement on Academic Conduct and Support Systems

Academic Conduct:

Plagiarism – presenting someone else's ideas as your own, either verbatim or recast in your own words – is a serious academic offense with serious consequences. Please familiarize yourself with the discussion of plagiarism in SCampus in Part B, Section 11, “Behavior Violating University Standards” policy.usc.edu/scampus-part-b. Other forms of academic dishonesty are equally unacceptable. See additional information in SCampus and university policies on scientific misconduct, policy.usc.edu/scientific-misconduct.

Support Systems:

Student Health Counseling Services - (213) 740-7711 – 24/7 on call engemannshc.usc.edu/counseling
Free and confidential mental health treatment for students, including short-term psychotherapy, group counseling, stress fitness workshops, and crisis intervention.

National Suicide Prevention Lifeline - 1 (800) 273-8255 – 24/7 on call suicidepreventionlifeline.org
Free and confidential emotional support to people in suicidal crisis or emotional distress 24 hours a day, 7 days a week.

Relationship and Sexual Violence Prevention Services (RSVP) -213-740-9355 (WELL)
https://studenthealth.usc.edu/sexual-assault/
Free and confidential therapy services, workshops, and training for situations related to gender-based harm.

Relationship and Sexual Violence Prevention and Services provides immediate therapy services for situations related to gender- and power-based harm (e.g., sexual assault, domestic violence, stalking).

Office of Equity and Diversity (OED) | Title IX - (213) 740-5086 equity.usc.edu, titleix.usc.edu
Information about how to get help or help a survivor of harassment or discrimination, rights of protected classes, reporting options, and additional resources for students, faculty, staff, visitors, and applicants. The university prohibits discrimination or harassment based on the following protected characteristics: race, color, national origin, ancestry, religion, sex, gender, gender identity, gender expression, sexual orientation, age, physical disability, medical condition, mental disability, marital status, pregnancy, veteran status, genetic information, and any other characteristic which may be specified in applicable laws and governmental regulations.

USC Policy Reporting to Title IX (213) 740-5086
https://policy.usc.edu/reporting-to-title-ix-student-misconduct/
The university encourages individuals to report prohibited conduct to the Title IX Office. Individuals can report to the university Title IX Coordinator in the Office of Equity and Diversity.

Bias Assessment Response and Support - (213) 740-2421
studentaffairs.usc.edu/bias-assessment-response-support
Avenue to report incidents of bias, hate crimes, and microaggressions for appropriate investigation and response.

The Office of Disability Services and Programs - (213) 740-0776
Support and accommodations for students with disabilities. Services include assistance in providing readers/notetakers/interpreters, special accommodations for test taking needs, assistance with architectural barriers, assistive technology, and support for individual needs.

USC Support and Advocacy - (213) 821-4710
studentaffairs.usc.edu/ssa
Assists students and families in resolving complex personal, financial, and academic issues adversely affecting their success as a student.

Diversity at USC - (213) 740-2101
diversity.usc.edu
Information on events, programs and training, the Provost's Diversity and Inclusion Council, Diversity Liaisons for each academic school, chronology, participation, and various resources for students.

USC Emergency - UPC: (213) 740-4321, HSC: (323) 442-1000 – 24/7 on call
dps.usc.edu, emergency.usc.edu
Emergency assistance and avenue to report a crime. Latest updates regarding safety, including ways in which instruction will be continued if an officially declared emergency makes travel to campus infeasible.

USC Department of Public Safety - UPC: (213) 740-6000, HSC: (323) 442-120 – 24/7 on call
dps.usc.edu
Non-emergency assistance or information.
