

## **JOUR 546: News, Numbers and Introduction to Data Journalism**

### **2 Units**

**Fall 2020 – Tuesdays – 6:30-8:10 p.m.**

**Section:** 21568D

**Location:** Online

**Instructor:** Dana Amihere

**Office Hours:** Tues., 8:10-9 p.m., Thurs., 9:30-11 a.m., and by appointment

### **I. Course Description**

In this information age, data has never been so abundant and available. It is a crucial part of journalism, and all journalists need to know how to find stories in data and how to understand facts and figures provided to them by outside organizations. This course is an overview of the basic quantitative analysis tools and techniques essential to give perspective to a story or to put it into context.

### **II. Overall Learning Objectives and Assessment**

- Numeracy: measure change, make comparisons and examine trends
- Gathering and parsing data
- How to use tools to analyze data
- Storytelling with data
- Visualizing data with graphics and maps

Using Google Sheets as one of the main tools, this course will cover crucial news numeracy, including percentages, medians, averages, weighted averages, mean, median, minimum, maximum and ranking.

Once you have an understanding of numbers and basic statistics as they relate to journalism, we will delve into where and how to get data sets, and cover the myriad forms in which government data in particular are distributed. Having a clean data set is the first step in data journalism. The real goal is an engaging news story that uses the data as a source, not unlike any other source a reporter would use. You will learn to “interview” the data to find the story in the numbers, which may or may not support your original hypothesis, just as a human source may or may not support your original story idea.

This course will prepare you to delve deeper into data journalism. Proficiency with gathering, cleaning, analyzing and visualizing data (both for analysis and presentation) is essential in journalism as commodity content becomes increasingly ineffective in today’s niche, multichannel media environment.

### **III. Description of Assignments**

There will be a series of practical assignments working with data. You will be working with a dataset to produce a final project that showcases all the skills acquired throughout the semester.

### **IV. Grading**

#### **a. Breakdown of Grade**

Assignment	% of Grade
Assignments	40%
Data story, methodology, graphics	45%
Participation	15%
<b>TOTAL</b>	<b>100%</b>

## b. Grading Scale

95% to 100%: A	80% to 83%: B-	67% to 69%: D+
90% to 94%: A-	77% to 79%: C+	64% to 66%: D
87% to 89%: B+	74% to 76%: C	60% to 63%: D-
84% to 86%: B	70% to 73%: C-	0% to 59%: F

## c. Grading Standards

All assignments will be edited on a professional basis and you will be judged first on the accuracy, fairness and objectivity of your stories. You will then be evaluated for adherence to AP style, spelling and grammar, editing, production value, originality and the ability to meet deadlines.

**“A” stories** are accurate, clear, comprehensive stories that are well written and require only minor copyediting (i.e., they would be aired or published).

**“B” stories** require more than minor editing and have a few style or spelling errors or one significant error of omission.

**“C” stories** need considerable editing or rewriting and/or have many spelling, style or omission errors.

**“D” stories** require excessive rewriting, have numerous errors and should not have been submitted.

**“F” stories** have failed to meet the major criteria of the assignment, are late, have numerous errors or both. Your copy should not contain any errors in spelling, style, grammar and facts. Any misspelled or mispronounced proper noun will result in an automatic “F” on that assignment. Any factual error will also result in an automatic “F” on the assignment. Accuracy is the first law of journalism. The following are some other circumstances that would warrant a grade of “F” and potential USC/Annenberg disciplinary action:

- Fabricating a story or making up quotes or information.
- Plagiarizing a script/article, part of a script/article or information from any source.
- Staging video or telling interview subjects what to say.
- Using video shot by someone else and presenting it as original work.
- Shooting video in one location and presenting it as another location.
- Using the camcorder to intentionally intimidate, provoke or incite a person or a group of people to elicit more “dramatic” video.
- Promising, paying or giving someone something in exchange for doing an interview either on or off camera.
- Missing a deadline.

## V. Assignment Submission Policy

- A. All assignments are due on the dates specified. Lacking prior discussion and agreement with the instructor, late assignments will automatically be given a grade of F.
- B. Assignments must be submitted via email prior to the start of class.

## VI. Required Readings and Supplementary Materials

### Numbers in the Newsroom: Using Math and Statistics in News

By Sarah Cohen, Investigative Reporters and Editors, 2001, 108 pages.

Available online at [www.ire.org](http://www.ire.org)

### The Data Journalism Handbook: How Journalists Can Use Data to Improve the News

Available online for free at: <https://datajournalism.com/read/handbook/two>

More contemporary news readings will be added throughout the course.

## VII. Laptop Policy

All undergraduate and graduate Annenberg majors and minors are required to have a PC or Apple laptop that can be used in Annenberg classes. Please refer to the [Annenberg Digital Lounge](#) for more information. To connect to USC's Secure Wireless network, please visit USC's [Information Technology Services](#) website.

## VIII. Add/Drop Dates for Session 955 (3 weeks: 6/29/20-7/17/20)

**Friday, Sept. 4:** Last Day to Drop w/o a "W" or Change P/NP or Audit Enrollment Option or Receive a Refund; Last Day to Register or Add Classes

**Friday, Oct. 2:** Last Day to Withdraw w/o a "W" on Transcript or Change P/NP to Letter Grade (no refund allowed)

**Friday, Nov. 6:** Last Day to Drop with a "W"

## IX. Course Schedule: A Weekly Breakdown

*Important note to students: Be advised that this syllabus is subject to change - and probably will change - based on the progress of the class, news events, and/or guest speaker availability.*

## X. Policies and Procedures

### Internships

The value of professional internships as part of the overall educational experience of our students has long been recognized by the School of Journalism. Accordingly, while internships are not required for successful completion of this course, any student enrolled in this course that undertakes and completes an approved, non-paid internship during this semester shall earn academic extra credit herein of an amount equal to 1 percent of the total available semester points for this course. To receive instructor approval, a student must request an internship letter from the Annenberg Career Development Office and bring it to the instructor to sign by the end of the third week of classes. The student must submit the signed letter to the media organization, along with the evaluation form provided by the Career Development Office. The form should be filled out by the intern supervisor and returned to the instructor at the end of the semester. No credit will be given if an evaluation form is not turned into the instructor by the last day of class. Note: The internship must be unpaid and can only be applied to one journalism class.

### Statement on Academic Conduct and Support Systems

#### a. Academic Conduct

##### *Plagiarism*

Presenting someone else's ideas as your own, either verbatim or recast in your own words - is a serious academic offense with serious consequences. Please familiarize yourself with the discussion of plagiarism in *SCampus* in Section 11, *Behavior Violating University Standards* <https://scampus.usc.edu/b/11-00-behavior-violating-university-standards-and-appropriate-sanctions/>. Other forms of academic dishonesty are equally unacceptable. See additional information in *SCampus* and university policies on scientific misconduct, <http://policy.usc.edu/scientific-misconduct/>.

##### *USC School of Journalism Policy on Academic Integrity*

The following is the USC Annenberg School of Journalism's policy on academic integrity and repeated in the syllabus for every course in the school:

"Since its founding, the USC School of Journalism has maintained a commitment to the highest standards of ethical conduct and academic excellence. Any student found plagiarizing, fabricating, cheating on examinations, and/or purchasing papers or other assignments faces sanctions ranging from an 'F' on the assignment to dismissal from the School of Journalism. All academic integrity violations will be reported to the office of Student Judicial Affairs & Community Standards (SJACS), as per university policy, as well as journalism school administrators."

In addition, it is assumed that the work you submit for this course is work you have produced entirely by yourself, and has not been previously produced by you for submission in another course or Learning Lab, without approval of the instructor.
