ISE 599: Reasoning Methods in Artificial Intelligence
Units: 4
Term/Day/Time: Summer 2021 (May 19th to August 10th); Thursdays 2:30-6:30pm.
Location: Online

Instructor: Prof. Satish Kumar Thittamaranahalli
Office: PHE324
Office Hours: By Appointment
Contact Info: thittama@usc.edu
Course Description

This course will provide a comprehensive introduction to modern algorithmic techniques used in Artificial Intelligence and Machine Learning. Topics include (but may not be limited to) Constraint Satisfaction, Combinatorial Optimization, Machine Learning, Probabilistic Reasoning and Graphical Models, Approximation and Randomization Techniques, Planning and Scheduling, Heuristic Search, and Model-Based Reasoning.

Learning Objectives

Students will learn to use different algorithmic techniques developed in different communities to build practically viable algorithms for real-world problems.

Recommended Preparation

Discrete Mathematics; Design and Analysis of Algorithms.

Co-Requirement

None

Course Notes

This course will comprise of lectures and a project. The course will ordinarily be taken for a letter grade. Students are advised to take down lecture notes in the classroom. However, additional readings will be distributed online via Blackboard.

Technological Proficiency and Hardware/Software Requirements

Student projects will involve computer programming. Prior knowledge of computer programming languages like Python and C/C++ is an advantage. Alternatively, proficiency with these computer programming languages will have to be acquired during the course. Familiarity with a variety of operating systems, including Linux, will also be very useful.

Required Readings and Supplementary Materials

References to research papers and other articles will be available via Blackboard. No textbook is required for this course. However, students can use the following books for reference:
(a) "Introduction to Algorithms", by Thomas Cormen, Charles Leiserson, Ronald Rivest and Clifford Stein (Third Edition)
(b) "Artificial Intelligence: A Modern Approach", by Stuart Russell and Peter Norvig (Third Edition)
(c) "Introduction to Machine Learning", by Ethem Alpaydin (Third Edition)

Description of Student Project

The project will have to be original research. Its topic will be agreed upon by the student and the course instructor. The instructor will suggest suitable resources for the selected topic and will meet
with each student to give guidance on the project. Project deliverables will include timely updates, a written report, and an oral presentation in class. The report is expected to be between 10 and 15 pages (single column), including figures and excluding references. The presentation is expected to be for 15-20 minutes.

Statement for Observance of Religious Holidays

USC's policy grants students excused absences from class to observe religious holidays: http://orl.usc.edu/life/calendar/absences/. In this case, please contact your instructor in advance to agree on alternative course requirements.
Course Schedule: A Weekly Breakdown

<table>

Statement on Academic Conduct and Support Systems

Academic Conduct:

Plagiarism – presenting someone else's ideas as your own, either verbatim or recast in your own words – is a serious academic offense with serious consequences. Please familiarize yourself with the discussion of plagiarism in SCampus in Part B, Section 11, "Behavior Violating University Standards" policy.usc.edu/scampus-part-b. Other forms of academic dishonesty are equally unacceptable. See additional information in SCampus and university policies on scientific misconduct policy.usc.edu/scientific-misconduct.

Support Systems:

Counseling and Mental Health - (213) 740-9355 – 24/7 on call studenthealth.usc.edu/counseling
Free and confidential mental health treatment for students, including short-term psychotherapy, group counseling, stress fitness workshops, and crisis intervention.
National Suicide Prevention Lifeline - 1 (800) 273-8255 – 24/7 on call
suicidepreventionlifeline.org
Free and confidential emotional support to people in suicidal crisis or emotional distress 24 hours a day, 7 days a week.

Relationship and Sexual Violence Prevention and Services (RSVP) - (213) 740-9355(WELL), press "0" after hours – 24/7 on call
studenthealth.usc.edu/sexual-assault
Free and confidential therapy services, workshops, and training for situations related to gender-based harm.

Office of Equity and Diversity (OED) - (213) 740-5086 | Title IX – (213) 821-8298
equity.usc.edu, titleix.usc.edu
Information about how to get help or help someone affected by harassment or discrimination, rights of protected classes, reporting options, and additional resources for students, faculty, staff, visitors, and applicants. The university prohibits discrimination or harassment based on the following protected characteristics: race, color, national origin, ancestry, religion, sex, gender, gender identity, gender expression, sexual orientation, age, physical disability, medical condition, mental disability, marital status, pregnancy, veteran status, genetic information, and any other characteristic which may be specified in applicable laws and governmental regulations. The university also prohibits sexual assault, non-consensual sexual contact, sexual misconduct, intimate partner violence, stalking, malicious dissuasion, retaliation, and violation of interim measures.

Reporting Incidents of Bias or Harassment - (213) 740-5086 or (213) 821-8298
usc-advocate.simplicity.com/care_report
Avenue to report incidents of bias, hate crimes, and microaggressions to the Office of Equity and Diversity | Title IX for appropriate investigation, supportive measures, and response.

The Office of Disability Services and Programs - (213) 740-0776
dsp.usc.edu
Support and accommodations for students with disabilities. Services include assistance in providing readers/notetakers/interpreters, special accommodations for test taking needs, assistance with architectural barriers, assistive technology, and support for individual needs.

USC Support and Advocacy - (213) 821-4710
uscsa.usc.edu
Assists students and families in resolving complex personal, financial, and academic issues adversely affecting their success as a student.

Diversity at USC - (213) 740-2101
diversity.usc.edu
Information on events, programs and training, the Provost’s Diversity and Inclusion Council, Diversity Liaisons for each academic school, chronology, participation, and various resources for students.

USC Emergency - UPC: (213) 740-4321, HSC: (323) 442-1000 – 24/7 on call
dps.usc.edu, emergency.usc.edu
Emergency assistance and avenue to report a crime. Latest updates regarding safety, including ways in which instruction will be continued if an officially declared emergency makes travel to campus infeasible.

*USC Department of Public Safety - UPC: (213) 740-6000, HSC: (323) 442-120 – 24/7 on call*

dps.usc.edu

Non-emergency assistance or information.
