

# CTAN599 Design Fundamentals for Animation

Instructor: Moses Journey

Section17985D / 2 units - Fall 2021

A creative design course for animators combining visual design aesthetics with practical technique. Students will create animation and imagery while learning valuable fundamentals and software skills. The course explores an array of inspiring visual styles, methods and forms of animation. The goal is for students to improve the quality of their imagery and empower their animation practice.

**Moses Journey** is an experienced animation artist and designer and an associate creative director at world-renowned animation studio, **Buck Design**. He is also co-creator of the animated interactive installation, *Arboreal*, at Eureka! The National Children's Museum in Yorkshire, England.
