Course Description and Overview

Introduction to the non-performance areas of theatrical production (administrative, design, and technical fields) through a mixture of hands-on/virtual participation in USC School of Dramatic Arts productions. Through lectures and related projects, the course will also provide an overview of the design process in the areas of Scenic, Lighting, Costume and Sound Design, as well as in the role of the Stage Manager, Production Manager and all technicians in a production.

Learning Objectives:

1. **Understanding:** Increase student's knowledge of terminology, hierarchy and functions of basic stage crew operations by reading, watching videos, discussing, being quizzed, and participating in class projects. Expand the student's knowledge about the design process, as exemplified by lectures, readings and group collaborations in class.
2. **Analysis:** Increase the student's ability to analyze creative endeavors, including describing them with appropriate vocabulary, examining their formal elements, and engaging in research to understand their contexts.
3. **Connectivity:** Deepen the student's appreciation of the connections between creative endeavors and the concurrent political, religious, and social conditions; show how these endeavors fulfill cultural functions or fill cultural needs.
4. **Application of skills:** Work collaboratively as part of the crew on an SDA production from the beginning of tech rehearsals through the strike of the production. Deepen the student's appreciation of the importance of each crew member's role to the whole of the ensemble.

Class Meetings/Communication Etiquette/Technology

Class Meetings — Tuesdays, 8:00AM-9:50AM PST:

Class will meet in person every Tuesday morning at 8:00 am, PST in GFS 116.

Please note that the first week's class will be on zoom. The Link can be found in BB under the Prozoom link on the left menu.

Students must attend every weekly lecture. You are expected to review the module content in BB for that week, **prior to attending the class**. The module for the following week will be made available immediately following each class.

- Attendance will be taken in Qwickly in BB at the start of each class.
- Required reading and viewing of videos for the module are due **on** the listed date, **including for the first class**. Always bring your books to class for reference during discussions.
- As a record of active participation and attendance, instructors may require the completion of small, in-class work projects, done individually or in teams. For group projects, all members will receive the same grade for the work. In-class work may be assigned at any point during the class; students who miss the assignment due to arriving late or leaving early **will not** have an opportunity to make up the work.
- MISSING CLASS WILL NOT BE ACCEPTED AS AN EXCUSE FOR NOT FULFILLING AN ASSIGNMENT.
- THTR 130 students will serve on a stage crew for one of the SDA productions. These crews are responsible for running the shows. Possible jobs include and are not limited to deck crew, properties, costume crew, fly system operator, follow-spot operator, light board operator, sound board operator, and assistant stage manager. These assignments begin during “tech week,” usually a full week prior to the opening of the show, and through the strike of the show. You will report to the stage managers, who will make specific assignments, supervise you, and provide feedback to the faculty of the course. In order to select which production you will work on, please fill out this survey: <https://uscsda.formstack.com/forms/sdathtr130>
- Students will receive tool training which will be offered in the first two weeks of the spring semester on the following dates from 6-8PM: **Tuesday, Jan. 25-Friday, Jan. 28st, and Monday, Jan. 31st and Tuesday, Feb. 1st**. Midterm Paper – Due Tuesday, 3/1/2022 by 5:00PM: Please note Added Option A or B

The purpose of this assignment is to demonstrate critical analysis of the design disciplines that the lectures have covered in this class. Students will read the text of a play, watch a performance (this semester this will be a video of a live performance) and then write a **4-page paper analyzing at least three different design elements relating them to the text of the play**, describing them in detail. Through this analysis, students will determine if the designers have been successful in enhancing the story of the play cohesively. Discuss the perceived intention of the design and how well the ideas were executed. A strong thesis statement is important, as are the three (or more) citations of text and as many specific details pertaining to three areas of design as possible. Please use [MLA Formatting](#) for the paper. **The paper must be submitted via BB no later than Tuesday, March 1, 2022 by 5:00PM.**

OPTION A:

Steps

1. Prepare for writing the final design analysis paper by reading the text of William Shakespeare's *A Midsummer Night's Dream*. [A Midsummer Night's Dream \(Script\)](#)
2. Log into Alexander Street here: [Alexander Street](#). Type into the Institution's name area University of Southern California. You will need to log in via your usc address.
3. Search for *A Midsummer Night's Dream*.
4. Watch Julie Taymor's production of *A Midsummer Night's Dream*. This video's duration is 2 hours and 25 minutes long, so allow time for viewing. While viewing, take note of any scenes which are interesting from a design standpoint. You will use these notes later to write your paper. Pay close attention to common visual vocabulary elements in the scenic design, for example. How are the court and the forest differentiated in style? Color? Form? Evaluate how the design choices work across all design areas to aid and enhance the narrative. Take specific notes about these design decisions as they relate to **three areas of design of your choosing** (scenic, lighting and sound, and costumes). While watching, also choose three specific quotes from the play's text that you think these design choices were informed by.
5. The intended audience for your paper should be one of your classmates in this class, i.e., someone familiar with the readings and lectures of this semester.
6. Consider and craft your thesis statement. Do you think the designers told the story well and that the style and execution of their designs were in unity with the director's approach to the play? Were they uniformly successful? Was one area design more successful than another In this regard?
7. Integrate the quotes you've selected from the play to connect the design observations you have noted in relation to these quotes.
8. Make sure you finish with a strong closing paragraph that both refers back to the thesis paragraph and also expounds on it in an interesting way.
9. Remember to proofread and check your essay against [MLA style](#).
10. Save your document **as a PDF or Word Doc** and upload to Turnitin via Blackboard in the Final Design Analysis Paper Assignment by **Tuesday, March 1, 2022** at 5:00PM. Late work will be penalized by a 10% deduction in the assignment grade every 24 hours late unless due to an emergency situation excused by the instructor. Email the instructor as soon as possible to discuss alternate arrangements due to an emergency.

11. The final papers will be divided and will be graded by all THTR 130 Faculty. If you have specific questions about your grade, please consult first with Els Collins.

OPTION B:

Steps

1. Choose 1 of the first three Plays in the SDA Spring Semester to read: *Blade to the Heat*, *Seize the King* or *As You Like It*.
2. Read the play you will attend as an audience member in preparation for your midterm paper. Do **not** choose a play that you are a crew participant for or are in the cast of. Do **not** choose an Independent Student Production or Opera Production.
3. Reserve a ticket to one of these plays and attend it.
4. While viewing, take note of any scenes which are interesting from a design standpoint. You will use these notes later to write your paper. Pay close attention to common visual vocabulary elements in the scenic design, for example. How are the court and the forest differentiated in style? Color? Form? Evaluate how the design choices work across all design areas to aid and enhance the narrative. Take specific notes about these design decisions as they relate to **three areas of design of your choosing** (scenic, lighting and sound, and costumes). While watching, also choose three specific quotes from the play's text that you think these design choices were informed by.
5. Write a paper analyzing two to three of the design elements in the production. Using the information gathered from the lectures on Scenic or Costume Design or Lighting Design, describe how these three areas of design enhanced or detracted from the production. **Support these opinions with specific references to the text.** The paper should be 3-4 pages in length. Specific details are key. You should attend the production with a non-electronic means of recording your observations so that they will be fresh when writing the paper. Papers should be double-spaced, with any research footnoted. This midterm paper will be turned in via Blackboard by **3/1/2022** at 5:00PM.
6. The intended audience for your paper should be one of your classmates in this class, i.e., someone familiar with the readings and lectures of this semester.
7. Consider and craft your thesis statement. Do you think the designers told the story well and that the style and execution of their designs were in unity with the director's approach to the play? Were they uniformly successful? Was one area design more successful than another In this regard?
8. Integrate the quotes you've selected from the play to connect the design observations you have noted in relation to these quotes.
9. Make sure you finish with a strong closing paragraph that both refers back to the thesis paragraph and also expounds on it in an interesting way.
10. Remember to proofread and check your essay against [MLA style](#).
11. Save your document **as a PDF or Word Doc** and upload to Blackboard in the Midterm Design Analysis Paper Assignment by **Tuesday, March 1, 2022** by 5:00PM. Late work will be penalized by a 10% deduction in the assignment grade every 24 hours late unless due to an emergency situation excused by the instructor. Email the instructor as soon as possible to discuss alternate arrangements due to an emergency.

12. NB: The final papers will be divided and will be graded by all THTR 130 Faculty. If you have specific questions about your grade, please consult first with Els Collins.
