**Course Description**

The ability to share one’s creative vision, thoughts, or products in a manner that is resonant to those within a target audience is critical in an array of situations. The resonant story is one that communicates to listeners, readers, or viewers in a manner that reflects a nuanced understanding of how one thinks, feels, reacts, and behaves. It is through depth of insight and effective communication that innovations diffuse, art is championed, content is consumed, services are rendered, products are purchased or adopted. This course explores the various written, spoken, and visual ways in which stories can be envisioned, assembled, and shared – both historically and in contemporary contexts across audiences and for different purposes, using existing or creating new multimedia methods and tools. Accompanying this exploration is instruction in communication theory and the narrative structures and content most effective at evoking a powerful and meaningful audience response.

**Learning Objectives and Outcomes**

Students in this course will learn how to build and communicate ideas, concepts and solutions using universal storytelling techniques. Upon completing this course, students will be able to:

- Understand the foundational and generalizable components of stories, including semiotic syntax, user viewpoints and cultural perspectives.
- Differentiate between story types, form, context, and content.
- Create independent narratives for effective use in an array of personal and organizational settings (e.g., design agency, engineering firm, startup venture).

**Prerequisite(s):**

**USC Technology Rental Program**
The university realizes that attending classes online and completing coursework remotely requires access to technology that not all students possess. If you need resources to successfully participate in your classes, such as a laptop or internet hotspot, you may be eligible for the university’s equipment rental program. To apply, please submit an [USC Technology Rental Program Application](#).

**Required Readings and Supplementary Materials**
Required content and readings may be assigned by faculty and will be drawn from textbooks, articles, papers, cases, and online publications (e.g., articles, op-ed essays) available through a host of available outlets; in all instances, the material will be delivered via computer. Students will also be required to view online videos; complete web-based, interactive exercises; and respond to peer and faculty comments (within an online discussion forum or group discussion).

**Description and Assessment of Assignments**
Below are brief overviews of each assignment and deliverable across four modules in the course: The Medium is the Message; Performance; Professional Storytelling; Thinking Long Term. Unless specified otherwise, all assignments will be submitted within the 2U Learning Management System (LMS). If you experience technical difficulties submitting assignments, email the course instructors directly and utilize 2U student support for assistance. Additional assignment details will be provided separately.

**1.1 – Pick A Spread, Any Spread**
Obtain or borrow a physical copy of *The Medium is the Message* by Marshall McLuhan. Familiarize yourself with the text, and select a spread (two consecutive pages) based on intuition, content, or
other methods. Upload a scan of the spread you choose (as a PDF).

1.2 – The Medium Is The Message, Part 01
Recreate the spread you selected, using one of the following media discussed in the asynchronous content: Film, VR, Gaming, Comics/The Graphic Novel, Social Media. The recreation should not be a literal reproduction, but instead a reinterpretation of the spread based on your own perception of its meaning as well as the unique strengths of the medium you select.

1.3 – The Medium Is The Message, Part 02
Recreate the spread you selected again, this time using one of the following media discussed in the asynchronous content: Poetry, Short Story, Essay, Environmental Graphics, Photography. The recreation should not be a literal reproduction, but instead a reinterpretation of the spread based on your own perception of its meaning as well as the unique strengths of the medium you select.

1.4 – The Medium Is The Message, Part 03
Create a 3-slide pitch for a site-specific installation, exhibition, or platform that recreates your spread by combining at least three of the following mediums into one experience: Film, VR, Gaming, Comics/The Graphic Novel, Social Media, Poetry, Short Story, Essay, Environmental Graphics, Photography. Be prepared to share the pitch in the live session.

2.1 – PechaKucha, Part 01
Create an initial draft of your PechaKucha talk. As this initial upload is intended to serve as a draft, your deliverable can be as detailed in regards to final design as you find necessary to communicate the narrative of your talk. The talk must utilize 20 slides, and can be about anything of genuine interest to you (it does not have to be serious).

2.2 – PechaKucha, Part 02
Finalize your PechaKucha talk and slide deck. Take time to practice your talk, and be prepared to deliver your PechaKucha talk in the live session.

3.1 – Goals And Strategies
Work in teams to select a product, service, or business that you will focus on throughout the “Professional Storytelling” chapter of the course. Create a Goal (overall vision for the purpose of the campaign) and define a Strategy (specification of the specific stakeholders/personas you hope to reach) for the product, service, or business you selected, using the methodology covered in Unit 9. Be prepared to share in the live session.

3.2 – Objectives And Tactics
Work in teams to set Objectives (accountability/success metrics) and explore Tactics (specific marketing activities/campaign output) for a new marketing campaign for the product, service, or business you selected, using the methodology covered in Unit 10. Be prepared to share your progress in the live session.

3.3 – Professional Storytelling Strategy Deck
Finalize your project by creating one cohesive Professional Storytelling Strategy Deck (10 slides maximum) that serves as a “pitch” of your concepts and strategy to the product, service, or business you selected. Be prepared to share in the live session.

4.1 – Signals, Emerging Issues, Trends
Collect 2 signals, 2 emerging issues, and 2 trends relevant to the future of storytelling. Include an image and brief description for each. Be prepared to share in the live session.
4.2 – Scenarios
Write 4 scenarios on the future of storytelling using the alternative futures/archetypes of the future framework (Growth, Constraint/Discipline, Collapse, Transformation). Each scenario should be a maximum of 300 words. You can write in any style or perspective you would like. Scenarios must be written only (no visual aids or supplements are allowed in this assignment). Be prepared to share in the live session.

4.3 – Diegetic Object
Create a diegetic object to accompany a selected scenario from exercise 4.2. This object can be any visual artifact that helps to bring your scenario to life. For example: A physical object, a digital product, a drawing, an advertisement, a film, etcetera. Build a two-slide presentation to submit and share in the live session, where slide one is your diegetic object and slide two is a summary of your scenario.

**Assignment Rubrics**
The instructor will provide evaluation and grading criteria for assignments throughout the course.

**Assignment Submission Policy**
All assignments must be delivered by the date and time (Pacific Time) that deliverable is listed as due per instructor guidelines. The instructor(s) will provide due dates for all assignments and deliverables during the first week of the Capstone. Late assignments will be subject to the late submission policy indicated below. All assignments must be completed in order to pass this class.

**Late Submissions**
Assignments will be accepted after the deadline with the following grade penalties. Do not ask for extensions; the below are the extensions.

- Submission in the 24 hours after the deadline: 10% deduction
- Submission between 24 and 48 hours after the deadline: 20% deduction
- Submission between 48 hours and 3 days after the deadline: 50% deduction
- Submission more than 3 days after the deadline: 100% deduction

*Keep copies of all your files and emails until the end of the semester.*

**Grading Timeline**
Instructors will provide feedback and grading on all deliverables in a timely manner, usually within 48-72 hours following an on-time submission.

**Correcting a Grading Error or Disputing a Grade**
If you don’t inform the instructor of missing or incorrect grades within two weeks of those grades being posted, the grades will be assumed correct. Do not wait until the semester’s end to check or appeal any grades. If you feel a grade merits re-evaluation, you are encouraged, within one week of the instructor providing a grade and initial feedback, to send the instructor a memo in which you request reconsideration. The memo should include a thoughtful and professional explanation of your concerns. Be aware that the re-evaluation process can result in three types of grade adjustments: positive, none, or negative. (Note: Complaints on the date of a graded assignment’s return to you will not be addressed; it is essential to wait one full day prior to raising a concern.)

**Academy Attendance Policy**

The Academy maintains rigorous academic standards for its students and on-time attendance at all class meetings is expected. Each student will be allowed two excused absences over the course of the semester for which no explanation is required. Students are admonished to not waste excused absences on non-critical issues, and to use them carefully for illness or other issues that may arise unexpectedly. Except in the case of prolonged illness or other serious issue (see below), no additional absences will be excused. Each unexcused absence will result in the lowering of the final grade by 1/3 of a grade (e.g., an A will be lowered to A−, and A− will be lowered to a B+, etc.). In addition, being tardy to class will count as one-third of an absence. Three tardies will equal a full course absence.

Students remain responsible for any missed work from excused or unexcused absences. Immediately following an absence, students should contact the instructor to obtain missed assignments or lecture notes and to confirm new deadlines or due dates. Extensions or other accommodations are at the discretion of the instructor.

Automatically excused absences normally may not be used for quiz, exam or presentation days. Using an excused absence for a quiz, exam or presentation, such as in the case of sudden illness or other emergency, is at the discretion of the instructor.

In the case of prolonged illness, family emergencies, or other unforeseen serious issues, the student should contact the instructor to arrange for accommodation. Accommodation may also be made for essential professional or career-related events or opportunities. All accommodations remain at the discretion of the instructor, and appropriate documentation may be required.

**Additional Policies**

**Class notes policy:** Notes or recordings made by students based on a university class or lecture may only be made for purposes of individual or group study, or for other non-commercial purposes that reasonably arise from the student’s membership in the class or attendance at the university. This restriction also applies to any information distributed, disseminated, or in any way displayed for use in relation to the class, whether obtained in class, via e-mail or otherwise on the Internet, or via any other medium. Actions in violation of this policy constitute a violation of the Student Conduct Code, and may subject an individual or entity to university discipline and/or legal proceedings. Again, it is a violation of USC’s Academic Integrity Policies to share course materials with others without permission from the instructor.

**No recording and copyright notice:** No student may record any lecture, class discussion or meeting with the instructor without his/her prior express written permission. The word “record” or the act of recording includes, but is not limited to, any and all means by which sound or visual images can be stored, duplicated, or retransmitted whether by an electro-mechanical, analog, digital, wire, electronic or other device or any other means of signal encoding. The instructor reserves all rights, including
copyright, to his/her lectures, course syllabi and related materials, including summaries, slides (e.g., Keynote, PowerPoint), prior exams, answer keys, and all supplementary course materials available to the students enrolled in the class whether posted to the LMS or otherwise. They may not be reproduced, distributed, copied, or disseminated in any media or in any form, including but not limited to all course note-sharing websites. Exceptions are made for students who have made prior arrangements with The USC Office of Disability Services and Programs and the instructor.

**Participation:** Students are expected to actively participate in this course. In an online forum, participation includes:

- Careful reading and viewing of assigned materials by the date due
- Regular, substantive contributions to discussions
- Active engagement with online content
- On-time attendance and full attention (with camera on) in synchronous sessions
- Significant collaboration with classmates and teammates

Course grades may be affected for students who do not contribute to the course through active participation. Students should notify the instructor in advance if they are unable to attend class. Those unable to attend will be required to review the online recording for the session missed and submit thoughtful feedback to the Instructor.

**Contact Hours**
This 4-unit course requires 1,500 minutes of instructional time per semester, which equals 100 minutes of instructional time each week. Instructional time may be further broken down into 50 minutes of asynchronous time and 50 minutes of synchronous time. In addition, it is expected that students will work, on average, an additional 400 minutes per week outside of class—on readings/viewings, homework assignments, field experiences, and individual or team projects. Synchronous class sessions will be offered as regularly scheduled evening or weekend classes, once each week.

**Statement on Academic Conduct and Support Systems**

**Academic Conduct:**

Plagiarism – presenting someone else’s ideas as your own, either verbatim or recast in your own words – is a serious academic offense with serious consequences. Please familiarize yourself with the discussion of plagiarism in SCampus in Part B, Section 11, “Behavior Violating University Standards” policy.usc.edu/scampus-part-b. Other forms of academic dishonesty are equally unacceptable. See additional information in SCampus and university policies on Research and Scholarship Misconduct.

**Students and Disability Accommodations:**

USC welcomes students with disabilities into all of the University's educational programs. The Office of Student Accessibility Services (OSAS) is responsible for the determination of appropriate accommodations for students who encounter disability-related barriers. Once a student has completed the OSAS process (registration, initial appointment, and submitted documentation) and accommodations are determined to be reasonable and appropriate, a Letter of Accommodation (LOA) will be available to generate for each course. The LOA must be given to each course instructor by the student and followed up with a discussion. This should be done as early in the semester as possible as accommodations are not retroactive. More information can be found at osas.usc.edu. You may contact OSAS at (213) 740-0776 or via email at osasfrontdesk@usc.edu.
