Chem 322aL: Organic Chemistry (4.0 Units)
Fall 2023

The purpose of CHEM 250 is to strengthen the problem-solving skills needed to succeed in Chem 322A. This class provides a discussion section format to accompany Chem 322A. This course will provide you with valuable problem-solving strategies.

Chem 250 will focus on fundamental principles of organic chemistry such as: structure and bonding, stereochemistry, resonance, arrow pushing and introductory reactions.

Class Meetings: This class is offered in-person in SGM 124 Mondays 2pm-3:20pm

Instructor: Prof. Rebecca Broyer
Office Hours: Wednesday Recitation style 3:30-4:30pm on non-exam weeks SGM 124
            Fridays 10-11 and 4-5 SGM 307
            Zoom and in person One-On-One: https://calendly.com/rbroyer/
Contact Info: rebecca.broyer@usc.edu

Learning Objectives
It is the overall intention of this course for students to learn how to apply concepts they learn to new situations and problems by forming effective problem-solving strategies. Additionally, students who successfully complete this course should be able to:

• Draw organic structures and bonding and depict their orbital hybridization.
• Predict acid and base properties for organic molecules.
• Provide correct IUPAC names for organic compounds.
• Predict physical properties for organic compounds.
• Predict molecular structures from spectral data including: IR, \(^1\)H-NMR, and \(^{13}\)C-NMR data
• Predict how stereochemistry will affect the product distributions in a reaction
• Design multistep syntheses using alkene, alkyne, alkyl halide, alcohol, ether, amine, aromatic, acidic, basic, organometallic, substitution, elimination, and addition type reactions.
• Draw electron pushing mechanisms for all organic reactions discussed during the semester and apply them to a variety of chemical problems
• Prepare a presentation to communicate the main ideas of a reaction mechanism presented in the course

Concurrent Enrollment:
322aL

Required Materials
All materials will be provided on the course Blackboard.

Optional Materials
Any Molecular Modeling Kit.
“Organic Chemistry As a Second Language: First Semester Topics” 5th Edition by David Klein
Description and Assessment of Assignments

Structure
Each week a worksheet will be provided. The worksheet will include some review material from the lectures in Chem 322A the previous week. There will be problems that are designed to improve problem-solving skills and emphasize the key concepts. The problems will be worked in small groups. Groups of 3 or 4 will be the most effective. The worksheets will be submitted to Gradescope for participation and answers will be provided at the end of the class period.

Homework
There will be 8 homework assignments that will be distributed on Blackboard and due Mondays (with some exceptions) at 2pm. The homework assignment will be graded in two parts: 5 points for a randomly-chosen problem completed correctly; 10 points for completion of the entire assignment. It is recommended that you complete every assigned problem on every assignment. Homework will be submitted via Gradescope.

Grading Scale

<table>
<thead>
<tr>
<th>Assignment</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Worksheets 13 X 20</td>
<td>260</td>
</tr>
<tr>
<td>Homework 9 X 15</td>
<td>135</td>
</tr>
<tr>
<td>Total</td>
<td>395</td>
</tr>
</tbody>
</table>

You will earn the grade CR (credit) in the class if you:

1. Attend and participate in 10/13 classes
2. Submit 7/9 Homework assignments
3. Accumulate at least 270 points throughout the semester and you will earn the grade CR (credit) in the class.

Assignment Submission Policy
Quizzes, surveys and assignments must be submitted by the stated deadlines. Homework assignments are due by 1:45pm on Mondays weeks that HW is due. All homework must be submitted to Gradescope. There are no make ups for in-class work. Late assignments will not be accepted.

Grading Timeline
Graded work will be available for review on Gradescope within one week. You can view your grades and posted keys anytime on Blackboard.

Additional Policies

Computing Capabilities An internet-enabled device is required (cell phone, laptop, tablet). You will also need to upload homework and assignments, as a PDF. A scanner or app to convert pictures to PDFs.

Absences
Attendance is required. There are no make-ups for missed in-class work but students must only attend 10/14 sessions to earn credit.
Gradescope

Graded materials will be scanned and available for viewing/printing from Gradescope. [http://www.gradescope.com](http://www.gradescope.com). You will be sent an invitation from the instructor of the course. Details can be found on Blackboard.

**Drop Dates:**
- **Friday, September 8, 2023:** Last day to drop without a mark of W and receive refund.
- **Friday, October 6, 2023:** Last day to drop without a mark of W.
- **Friday, November 10, 2022:** Last day to drop with a mark of W.

The mark of Incomplete (IN) may only be given to a student who is doing passing work through November 10, 2023 and is unable to complete the assigned work and/or take the final exam due to serious illness or a documented emergency occurring after November 10, 2023. If you drop the lecture, you must also drop the lab.

**Academic Integrity**

All work submitted in this course must be your original work. You may not use outside sources for answers to assignments (for example, pre-lab questions, lab reports, quiz questions, homework assignments, etc.). While you may collaborate with others on laboratory work and homework assignments, work must be in your own words and reflect your good-faith efforts. It is never acceptable to use outside “tutors” or others to furnish answers for you (for example, you may not consult Chegg.com, reddit, CourseHero, etc.). Please familiarize yourself with the discussion of plagiarism and other forms of academic dishonesty in SCampus in Part B, Section 11, “Behavior Violating University Standards” [policy.usc.edu/scampus-part-b](http://policy.usc.edu/scampus-part-b). See additional information in SCampus and university policies on scientific misconduct, [policy.usc.edu/scientific-misconduct](http://policy.usc.edu/scientific-misconduct).

**AI Policy:**

Since creating, analytical, and critical thinking skills are part of the learning outcomes of this course, all assignments should be prepared by the student working individually or in groups. Students may not have another person or entity complete any substantive portion of the assignment. Developing strong competencies in these areas will prepare you for a competitive workplace. Therefore, using AI-generated tools is prohibited in this course, will be identified as plagiarism, and will be reported to the Office of Academic Integrity.

**Course evaluation**

Students will submit confidential course evaluations, available online during week 13. More information will be provided in lecture.

The instructor reserves all rights to change any of the contents within the syllabus with advanced notice if any changes become necessary during the semester.

**Course Schedule: A Weekly Breakdown (Tentative – changes will be announced in lecture or on Blackboard**

Statement on Academic Conduct and Support Systems

Academic Conduct:

Plagiarism – presenting someone else’s ideas as your own, either verbatim or recast in your own words – is a serious academic offense with serious consequences. Please familiarize yourself with the discussion of plagiarism in SCampus in Part B, Section 11, “Behavior Violating University Standards” policy.usc.edu/scampus-part-b. Other forms of academic dishonesty are equally unacceptable. See additional information in SCampus and university policies on scientific misconduct, policy.usc.edu/scientific-misconduct.

Support Systems:

Counseling and Mental Health - (213) 740-9355 – 24/7 on call studenthealth.usc.edu/counseling
Free and confidential mental health treatment for students, including short-term psychotherapy, group counseling, stress fitness workshops, and crisis intervention.

National Suicide Prevention Lifeline - 1 (800) 273-8255 – 24/7 on call suicidepreventionlifeline.org
Free and confidential emotional support to people in suicidal crisis or emotional distress 24 hours a day, 7 days a week.

Relationship and Sexual Violence Prevention and Services (RSVP) - (213) 740-9355(WELL), press “0” after hours – 24/7 on call studenthealth.usc.edu/sexual-assault
Free and confidential therapy services, workshops, and training for situations related to gender-based harm.

Office of Equity and Diversity (OED)- (213) 740-5086 | Title IX – (213) 821-8298
equity.usc.edu, titleix.usc.edu
Information about how to get help or help someone affected by harassment or discrimination, rights of protected classes, reporting options, and additional resources for students, faculty, staff, visitors, and applicants. The university prohibits discrimination or harassment based on the following protected characteristics: race, color, national origin, ancestry, religion, sex, gender, gender identity, gender expression, sexual orientation, age, physical disability, medical condition, mental disability, marital status, pregnancy, veteran status, genetic information, and any other characteristic which may be specified in applicable laws and governmental regulations. The university also prohibits sexual assault, non-consensual sexual contact, sexual misconduct, intimate partner violence, stalking, malicious dissuasion, retaliation, and violation of interim measures.

Reporting Incidents of Bias or Harassment - (213) 740-5086 or (213) 821-8298
usc-advocate.simplicity.com/care_report
Avenue to report incidents of bias, hate crimes, and microaggressions to the Office of Equity and Diversity | Title IX for appropriate investigation, supportive measures, and response.

The Office of Student Accessibility Services - (213) 740-0776
osasfrontdesk@usc.edu
USC welcomes students with disabilities into all of the University’s educational programs. The Office of Student Accessibility Services (OSAS) is responsible for the determination of appropriate accommodations for students who encounter disability-related barriers. Once a student has completed the OSAS process (registration, initial appointment, and submitted documentation) and accommodations are determined to be reasonable and appropriate, a Letter of Accommodation (LOA) will be available to generate for each course. The LOA must be given to each course instructor by the student and followed up with a discussion. This should be done as early in the semester as possible as accommodations are not retroactive. More information can be found at www.osas.usc.edu.

USC Campus Support and Intervention - (213) 821-4710
campussupport.usc.edu

August 11, 2023
Assists students and families in resolving complex personal, financial, and academic issues adversely affecting their success as a student.

*Diversity at USC* - (213) 740-2101  
diversity.usc.edu  
Information on events, programs and training, the Provost's Diversity and Inclusion Council, Diversity Liaisons for each academic school, chronology, participation, and various resources for students.

*USC Emergency* - UPC: (213) 740-4321, HSC: (323) 442-1000 – 24/7 on call  
dps.usc.edu, emergency.usc.edu  
Emergency assistance and avenue to report a crime. Latest updates regarding safety, including ways in which instruction will be continued if an officially declared emergency makes travel to campus infeasible.

*USC Department of Public Safety* - UPC: (213) 740-6000, HSC: (323) 442-120 – 24/7 on call  
dps.usc.edu  
Non-emergency assistance or information.
