Physical Education & Mind Body Health (PEMBH) Mission

Physical Education & Mind Body Health (PEMBH) provides a variety of opportunities for students to improve their general health and fitness through fitness related and recreational activities classes. Courses are designed to introduce students to various aspects of health and physical education principles. With this exposure, knowledge, and skill, students are better equipped to make choices regarding a healthy and active lifestyle. All classes stress the importance of exercise and leisure time activity to physical, mental, and social well-being.

Land Acknowledgement

The PEMBH department acknowledges our presence on the ancestral and unceded territory of the Tongva people and their neighbors: (from North to South) the Chumash, Tataviam, Kitanemuk, Serrano, Cahuilla, Payomkawichum, Acjachemen, Ipai-Tipai, Kumeyaay, and Quechan peoples, whose ancestors ruled the region we now call Southern California for at least 9,000 years. Indigenous stewardship and rightful claims to these lands have never been voluntarily relinquished nor legally extinguished. We pay respects to the members and elders of these communities, past and present, who remain stewards, caretakers, and advocates of these lands, river systems, and the waters and islands of the Santa Barbara Channel. *For additional information* -- <https://libraries.usc.edu/land-acknowledgement>

Tardiness and/or leaving early will not be tolerated as it disrupts the class and practice. If you are late or leave early, you will only receive partial credit for attending the class. You will be expected to attend the section for which you are enrolled. *Make-ups are not allowed except for emergency situations and then only upon approval from instructor.*

- Please turn cellphones off and keep them out of sight to avoid distractions – both during class lecture and practice and while teaching in assigned community school classroom.
- Please wear clothing that allows freedom of movement, athletic wear is best, no jeans or street clothes and no socks or shoes as yoga is practiced barefoot.

Academic Conduct & Support Systems

Academic Conduct/Integrity

Plagiarism – presenting someone else’s ideas as your own, either verbatim or recast in your own words – is a serious academic offense with serious consequences. Please familiarize yourself with the discussion of plagiarism in SCampus in Part B, Section 11, “Behavior Violating University Standards” policy.usc.edu/scampus-part-b. Other forms of academic dishonesty are equally unacceptable. See additional information in SCampus and university policies on [Research and Scholarship Misconduct](#).

Student & Disability Accommodations

USC welcomes students with disabilities into all of the University’s educational programs. The Office of Student Accessibility Services (OSAS) is responsible for the determination of appropriate accommodations for students who encounter disability-related barriers. Once a student has completed the OSAS process (registration, initial appointment, and submitted documentation) and accommodations are determined to be reasonable and appropriate, a Letter of Accommodation (LOA) will be available to generate for each course. The LOA must be given to each course instructor by the student and followed up with a discussion. This should be done as early in the semester as possible as accommodations are not retroactive. More information can be found at osas.usc.edu. You may contact OSAS at (213) 740-0776 or via email at osasfrontdesk@usc.edu.
