## Economics 587: Urban Economics

**Units:** 4

**Spring 2024**

**Syllabus Version January 6<sup>th</sup> 2024**

**Location:** GFS 207

**Schedule:** MW 10am-1130am

**Instructor:** Matthew E. Kahn

**Office:** 3<sup>rd</sup> floor of Kaprelian

**Zoom Link:** <https://usc.zoom.us/j/2593307639>

**Office Hours:** ON Zoom on Wednesday at 4pm5pm.

**Contact Info:** [kahnme@usc.edu](mailto:kahnme@usc.edu)

## Course Description

This Masters Level course will introduce students to the major ideas in urban economics.

This course explores the theoretical foundations, empirical methods, data collection efforts and research techniques used in empirical urban economics. The course aims to provide students with the knowledge and skills necessary to investigate socioeconomic problems that take place in space.

Students will gain an in-depth understanding and hands-on experience to explore a variety of applications through a combination of lectures, discussions, and projects. Students will learn how economists use Spatial “Big Data” to test various hypotheses related to firm locational choice, urban growth, residential location patterns and pollution challenges.

Urban economic ideas will be applied to understand economic growth in cities in the developed world and the developing world. This framework is useful both for understanding emerging business opportunities and for designing public policies that seek to reduce the social cost of urban economic growth (i.e pollution, infectious disease and congestion).

Students will learn how to apply microeconomic concepts to understand economic geographic patterns. They will learn how to measure trends in economic vibrancy and to study the correlates of differential economic growth rates. We will study the shared commonalities and differences in urban economic growth patterns across the continents.

The course will be taught in person but during some classes during the Semester we will **switch to zoom** to accommodate Professor Kahn’s family responsibilities in New York City.

## Learning Objectives

When you have completed this course, you will be able to:

- Articulate the key theoretical concepts of urban economics and understand how spatial concepts can be used to produce new and better inferences in economics
- Collect urban spatial data and test urban economics hypotheses using basic statistical tools.
- Enhance written and oral communication skills that are essential for today’s workforce. Integrate empirical research findings into research presentations.
- Use the tools of urban economics to form informed predictions about the possible unintended consequences of new public policies that influence the locational choices of firms and people both across cities and within cities.

## **The Course Format**

In a typical week, students should go to the Blackboard webpage and watch the videos for that week, do the class readings, attend office hour when you have questions, and work on the relevant assignments.

Professor Kahn will post the relevant videos before a face to face class. He will assume that students have watched the relevant videos before the class. During a class, Professor Kahn will review key ideas from the readings and then will talk about relevant issues.

**Class Meetings will NOT be zoom recorded.**

Some classes will take place on Zoom. Professor Kahn will announce this before class and will provide the zoom link. This zoom link can be found on our class webpage at Zoom Pro Meeting on the left side of the Blackboard page.

## **Professor Biography**

Matthew E. Kahn is the Provost Professor of Economics and Spatial Sciences at USC. He is the author of *Green Cities: Urban Growth and the Environment* (Brookings Institution Press 2006) and the co-author of *Heroes and Cowards: The Social Face of War* (Princeton University Press 2008). He is the author of *Climatopolis: How Our Cities Will Thrive in the Hotter World* (Basic Books 2010). In 2013, he published *Fundamentals of Environmental and Urban Economics* (Amazon Books). His research areas include; environmental, urban, energy and real estate economics.

Research Webpage: [mek1966.googlepages.com](http://mek1966.googlepages.com)

**Prerequisite(s):** Microeconomics, some preparation in statistics.

## **Course Grading Breakdown**

- One Course Paper worth 25%
- Six Course Homeworks worth 10% each
- Final exam 15%

## **Course Paper:**

The paper will be ten pages long double spaced. The paper title should reveal the student's core question. More details will be handed out in class

The paper will be due during the 10<sup>th</sup> week. Professor Kahn will provide more advice about the paper early in the semester.

## **Homeworks:**

Homeworks will combine ideas from urban economics. Students can work in groups of up to 4 and should submit 1 homework with your names on the first page.

All Course Materials will be posted to the course Blackboard page.

Text: An Introduction to Urban Economics by Matthew E. Kahn

A free copy is loaded to our class blackboard page

Textbook #2: Fundamentals of Environmental and Urban Economics by Matthew E Kahn

A Free copy of Professor Kahn's book will be posted to Blackboard.

<https://www.amazon.com/Fundamentals-Environmental-Urban-Economics-Matthew-ebook/dp/B00E1U992U>

Every student will receive a free copy of my 2016 book;

Kahn, Matthew E., and Siqi Zheng. "Blue Skies Over Beijing." In *Blue Skies over Beijing*. Princeton University Press, 2016.

**Additional Reading will be posted to our Blackboard Page.**

Our Class blackboard page is:

[https://blackboard.usc.edu/webapps/blackboard/execute/announcement?method=search&context=course&course\\_id=\\_308870\\_1&handle=cp\\_announcements&mode=cpview](https://blackboard.usc.edu/webapps/blackboard/execute/announcement?method=search&context=course&course_id=_308870_1&handle=cp_announcements&mode=cpview)

Content will be organized by Week

All Course Zoom Videos will be archived at USC Zoom Pro Meeting

**Course Schedule: A Lecture -wise Breakdown**

	<b>Topics/Daily Activities</b>	<b>Readings and Homework</b>	<b>Deliverable/ Due Dates</b>
<b>Lecture 1</b>	Course Overview & Introduction	Kahn, Chapter 1	
<b>Lecture 2</b>	Key Concepts of Urban Economics	Kahn, Chapter 2	
<b>Lecture 3</b>	Key Concepts of Environmental Economics Urban Data and Hypothesis Testing	Kahn, Chapter 3	
<b>Lecture 4</b>	Cities and Trade	Kahn, Chapter 4	Homework #1 Due
<b>Lecture 5</b>	An Introduction to Matthew Kahn's research on China's Cities		
<b>Lecture 6</b>	The Birth of a City	Kahn, Chapter 5	
<b>Lecture 7</b>	Firm Locational Choice	Kahn, Chapter 6	Homework #2 Due
<b>Lecture 8</b>	Agglomeration in cities	Kahn, Chapter 7	
<b>Lecture 9</b>	China's Cities Part II		
<b>Lecture 10</b>	Household Locational Choice	Kahn, Chapter 8	Homework #3 Due
<b>Lecture 11</b>	Asia's Cities		
<b>Lecture 12</b>	The Quality of Life of the Urban Poor	Kahn, Chapter 9	
<b>Lecture 13</b>	Poverty in Cities	Kahn, Chapter 10	
<b>Lecture 14</b>	Urban Environmental Challenges in Asia		
<b>Lecture 15</b>	The Consumer City	Kahn, Chapter 11	Homework #4 Due

<b>Lecture 16</b>	Transport in Cities I	Kahn, Chapter 12	
<b>Lecture 17</b>	Transport in Cities II		
<b>Lecture 18</b>	Real Estate Prices	Kahn, Chapter 13	<b>Homework #5 Due</b>
<b>Lecture 20</b>	Real Estate Prices in Asia's Cities		
<b>Lecture 21</b>	The Causes and Consequences of Suburbanization	Chapter 14	
<b>Lecture 22</b>	Negative Externalities I	Chapter 15	
<b>Lecture 23</b>	Negative Externalities II	Chapter 16	<b>Paper Due</b>
<b>Lecture 24</b>	Urban Governance in the U.S and in Asia	Chapter 18	
<b>Lecture 25</b>	Cities and Climate Change	Chapter 19	<b>Homework #6 due</b>
<b>Lecture 26</b>	Cities in the Developing World	Chapter 20	
<b>Lecture 27</b>	Course Summary and the Future of Cities	Chapter 21	
<b>Final Exam</b>	<b>Final Exam</b>

## Statement on Academic Conduct and Support Systems

### Academic Conduct

Plagiarism – presenting someone else’s ideas as your own, either verbatim or recast in your own words – is a serious academic offense with serious consequences. Please familiarize yourself with the discussion of plagiarism in *SCampus* in Section 11, *Behavior Violating University Standards* <https://scampus.usc.edu/1100-behavior-violating-university-standards-and-appropriatesanctions/>. Other forms of academic dishonesty are equally unacceptable. See additional information in *SCampus* and university policies on scientific misconduct, <http://policy.usc.edu/scientificmisconduct/>.

Discrimination, sexual assault, and harassment are not tolerated by the university. You are encouraged to report any incidents to the *Office of Equity and Diversity* <http://equity.usc.edu/> or to the *Department of Public Safety* <http://capsnet.usc.edu/department/department-public-safety/onlineforms/contact-us>. This is important for the safety whole USC community. Another member of the university community – such as a friend, classmate, advisor, or faculty member – can help initiate the report, or can initiate the report on behalf of another person. *The Center for Women and Men* <http://www.usc.edu/student-affairs/cwm/> provides 24/7 confidential support, and the sexual assault resource center webpage [sarc@usc.edu](mailto:sarc@usc.edu) describes reporting options and other resources.

### Support Systems

A number of USC’s schools provide support for students who need help with scholarly writing. Check with your advisor or program staff to find out more. Students whose primary language is not English should check with the *American Language Institute* <http://domsife.usc.edu/ali>, which sponsors courses and workshops specifically for international graduate students. *The Office of Disability Services* and *Programs* [http://sait.usc.edu/academicsupport/centerprograms/dsp/home\\_index.html](http://sait.usc.edu/academicsupport/centerprograms/dsp/home_index.html) provides certification for students with disabilities and helps arrange the relevant accommodations. If an officially declared emergency makes travel to campus infeasible, *USC Emergency Information* <http://emergency.usc.edu/> will provide safety and other updates, including ways in which instruction will be continued by means of blackboard, teleconferencing, and other technology.
