Is there additional information or feedback that you would like to share with instructor Eve Lee ?

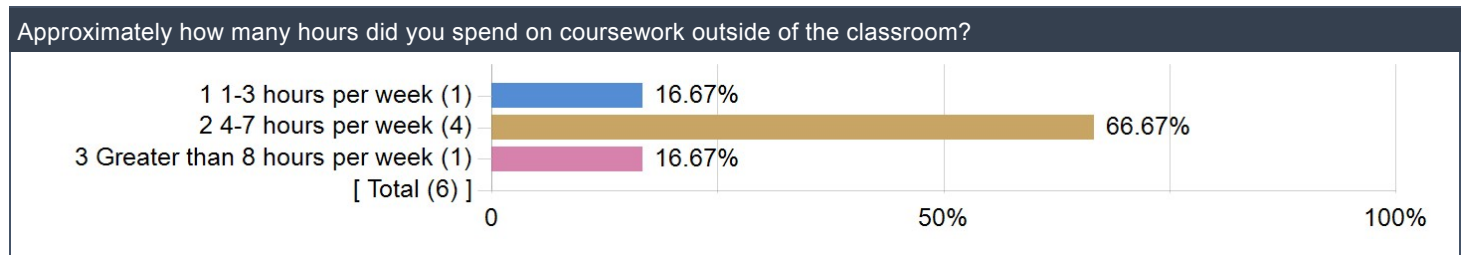

Students
I really enjoyed how engaging the German class was which made it far easier to participate in class and I really enjoyed your teaching style! The German class was one of my favorite classes, too and Professor Lee made the classes very enjoyable. In the future, though I would recommend the screen sharing device be a little bit smaller, because it was difficult to see the board at times.
Great, very sweet teacher! I improved my German so much as a result of this course. The only slight criticism I might have is that the homework was sometimes excessive or ahead of the course, but a lot of it was very helpful.
Professor Lee's German class is very fun and interesting. She always uses intuitive explanations to teach us complex grammar and vocabulary, and I really learnt a lot from it
fantastic

Her explanations were very helpful. I got a lot from the in-class sessions and the highly interactive environment

Participation in class

Please describe the LEAST valuable aspect(s) of this course.

Comments
Having homework that was not always relevant to what was being discussed that day in class.
The assignments that VHL Central were the least valuable aspects because often VHL Central gave unclear instructions and instead would confuse students.
It is a lot of work everyday and I think meeting 4 times a week is a little overkill.
The homework was at times excessive or not related to the course
actually I cannot think of any because all the content is for the purpose of making our German better
Too much homework
It's hard keeping track of all the assignments
