# Electronic Synthesizer Techniques, MTEC 474a Course Syllabus

#### Instructor:

Tom Hall

Email: <u>t.hall@usc.edu</u>
Website: <u>http://tomhall.xyz</u>

Office: TMC102

Office Hours: Thursday by appointment

#### Goal:

The goal of this course is that each student—upon successful completion—gains a working knowledge of electronic synthesizers and the components of the synthesis process (oscillators, filters, envelope generators, etc.) for the creation, shaping, and design of sound.

#### **Required Software:**

Vital Audio's Vital (Spectral Warping Wavetable Synth) will be the primary tool for this class. Make an account and download the free version from <a href="http://vital.audio">http://vital.audio</a>

MaxMSP (visual programming environment) - by Cycling '74 Download

Span (FFT spectrum analyzer) by Voxengo <u>Download</u>

### **Required Online Coursework:**

<u>syntorial.com</u> Synthesis training software.

Syntorial includes a fully functional software synthesizer and training software. You must purchase this software on your personal computer to complete weekly homework exercises, assignments, and guizzes

Promo code: USCSYN (40% off, \$77.99 is your price)

#### **Hardware Requirements:**

You must have headphones for every class! We strongly recommend the <u>Sony MDR-7506</u> headphones or similar. They are the standard headphones for all MTEC and MUIN courses. If you plan to take any other courses in these areas, you will need these headphones.

\*\*\*Bring your headphones to **EVERY MEETING** with a 1/4" adapter. Not having them will affect your ability to participate and, consequently, your participation score\*\*\*

#### **Additional Resources:**

Rick Schmunk has an excellent serum course that can easily be adapted to learning vitals (they have many similarities). It's freely accessible through <u>Trojan Learn</u> - search for *Learning Serum*.

## Requirements, Exams, and Grading Information

Student assessment in MTEC 474a will consist of in-class participation, weekly exercises, a mid-term, and a final project. Unless otherwise noted, all exercises are due one week from the date assigned.

Students must keep up with the weekly reading assignments and exercises before the next class session.

This course is being offered in an in-person modality. Please be attentive to the class attendance policy. Remote attendance will not be considered unless I receive a directive from the Office of Student Accessibility Services. However, if on any day you are ill or have symptoms consistent with COVID-19, stay home. In that case, contact me to make up work or otherwise maintain continuity with the course.

All assignments must be turned in to the class DropBox, accessed through Blackboard, and carefully follow file naming conventions, file management, and format guidelines.

\*\*\*Assignments must also be brought to class each week and available for in-class demonstrations and collaborative exercises\*\*\*

## **Grade Breakdown:**

Participation 10%
Assignments & Quizzes 10%
Patches 30%
Midterm Exam 20%
Final Exam 30%

#### **Communication and Online Materials:**

Please make it a habit to check your USC email. If you do not regularly use that account, ensure you have it forwarded to the account you use. Any emails I send to the class will use the USC email account. All course materials, including slides, audio examples, handouts, assignments, and class grades, will be available on Blackboard (https://blackboard.usc.edu). Be sure to check Blackboard if you have to miss a class. You are responsible for any materials presented and assignments made, even if you are not in class that day.

## Sharing of course materials outside of the learning environment

USC has a policy that prohibits sharing synchronous and asynchronous course content outside of the learning environment. Please do not share or otherwise distribute class materials, music scores, or recordings produced by me or any students in the conduct of this course without permission.

SCampus Section 11.12(B)

Distribution or use of notes or recordings based on university classes or lectures without the express permission of the instructor for purposes other than individual or group study is a violation of the USC Student Conduct Code. This includes, but is not limited to, providing materials for distribution by services publishing class notes. This restriction on unauthorized use also applies to all information, which had been distributed to students or in any way had been displayed for use in relationship to the class, whether obtained in class, via email, on the Internet or via any other media. (SeeSection C.1 Class Notes Policy).

## Zoom etiquette

If applicable, I expect you to demonstrate your presence and participation in class by your being on camera in all Zoom sessions. If you will be unable to keep your camera on during the synchronous Zoom session, please contact me prior to the class session to discuss.

## **USC** technology rental program

We realize that attending classes online and completing coursework remotely requires access to technology that not all students possess. If you need resources to successfully participate in your classes, such as a laptop or internet hotspot, you may be eligible for the university's equipment rental program or other assistance. To apply, please submit an application on the Student Basic Needs portal.

#### **Academic Conduct**

Plagiarism – presenting someone else's ideas as your own, either verbatim or recast in your own words – is a serious academic offense with serious consequences. Please familiarize yourself with the discussion of plagiarism in SCampus in *Part B, Section 11, "Behavior Violating University Standards"* policy.usc.edu/ scampus-part-b. Other forms of academic dishonesty are equally unacceptable. See additional information in SCampus and university policies on scientific misconduct, policy.usc.edu/scientific-misconduct.
