### **STATEMENT FOR STUDENTS WITH DISABILITIES**

Any student requesting academic accommodations based on a disability is required to register with Disability Services and Programs (DSP) each semester. A letter of verification for approved accommodations can be obtained from DSP. Please be sure the letter is delivered to me (or to TA) as early in the semester as possible. DSP is located in STU 301 and is open 8:30 a.m.–5:00 p.m., Monday through Friday. Website and contact information for DSP:

### **EMERGENCY PREPAREDNESS/COURSE CONTINUITY IN A CRISIS**

In case of a declared emergency if travel to campus is not feasible, USC executive leadership will announce an electronic way for instructors to teach students in their residence halls or homes using a combination of Blackboard, teleconferencing, and other technologies.

Please activate your course in Blackboard with access to the course syllabus. Whether or not you use Blackboard regularly, these preparations will be crucial in an emergency. USC's Blackboard learning management system and support information is available at [blackboard.usc.edu](http://blackboard.usc.edu).

### **ADDITIONAL POLICIES**

**Incomplete (IN)** is assigned when work is not completed because of documented illness or other "emergency" occurring after the twelfth week of the semester (or the twelfth week equivalent for any course that is scheduled for less than 15 weeks). **Registrar's Note:** Recommended definition of emergency: "A situation or event which could not be foreseen and which is beyond the student's control, and which prevents the student from taking the final examination or completing other work due during the final examination period. Also note that as defined above, a student may not request an IN before the end of the twelfth week (or twelfth week equivalent for any course scheduled for less than 15 weeks); the rationale is that the student still has the option to drop the course until the end of the twelfth week (or twelfth week equivalent). The grade of IN exists so there is a remedy for illness or emergency which occurs after the drop deadline.

Marks of IN must be completed within one year from the date of the assignment of the IN. If it is not completed within the specified time limit, marks of IN will automatically become a marks of IX (expired incomplete) with the exception of thesis, dissertation, and non-letter-graded courses, and are computed in the GPA as a grade of F (zero grade points). A student may petition the Committee on Academic Policies and Procedures (CAPP) for an extension of time to complete an Incomplete.
