### Course Description

Welcome to the world of advertising! This course will immerse you in the rich history and dynamic evolution of advertising, from its earliest forms to the cutting-edge campaigns shaping our culture today. We'll be exploring how iconic campaigns have shaped culture, sparked social change, and propelled brands to global recognition.

### Student Learning Outcomes

Upon completion of PR 340, students will be able to:

- Explain a macro-level view of the advertising industry—specifically, how advertising agencies, clients/companies and in-house advertising departments function and operate
- Explain how advertising campaigns are created and executed
- Construct strategic insights and brand positioning to develop advertising campaigns
- Discuss the role digital/social advertising plays in the today's marketing efforts
- Describe the media landscape, including how media is planned, purchased and measured
- Analyze ethics and inclusion in Advertising
- Explain how all components of advertising (management, research, creative, media, production, direct, digital and promotion) work together to establish, build and maintain brands

### Description and Assessment of Assignments

The class will consist of four (4) assignments, a Midterm Exam and a Final Group Project. A professional approach will be expected of all participants. Students are expected to attend all classes and arrive promptly. Attendance will be taken and missed classes can impact your grade. Because presentation skills are critical in the advertising profession, class participation counts more toward your grade than other classes you may have. It can make a difference in your final grade for the class.

#### Four (4) Assignments:

1. **Class Prep / Reading:** Activities & assigned readings to help develop a deeper understanding.
2. **Ice Breakers:** Throwing a twist on “pop quizzes” with games meant to trigger creative thinking.
3. **Ad Anatomy:** Diving into some of the most influential ads & what made them so impactful.
4. **Elevator Pitch:** Learning the art of selling yourself & your brand.

#### Two (2) Examinations:

1. **Agency Mixer (Midterm):** Utilize the skills you've learned so far to “pitch” yourself & potential agency paths.
  - a. *This will also serve as the precursor for your assigned group for the final.*
2. **Mock Agency Pitch (Final):** Students will be split into groups of five (5) and represent different agencies. Each agency will pitch against one another based on a client brief.
  - *While groups will be competing to “win” the business, final grades will NOT be impacted*

*by other groups but rather by how well you worked together as a team.*

### **Class Prep / Reading**

If it appears on the syllabus, it's expected that you'll have familiarized yourself with it prior to that week's lecture.

### **In-class Participation (Ice Breakers, Ad Anatomy, Elevator Pitch)**

Cannot be made up without prior arrangement.

### **Assignment Submission**

All submitted assignments are due via Brightspace by start time (6:30 PM PT) on the corresponding date.

### **Mock Agency Pitch (Final Group Project):**

Wrapping up the semester with a group project that ties it all together. Students will be put into groups to form an agency with the goal of crafting a marketing campaign based on a brief from a real brand. You'll be tasked with:

- Identifying the challenge & opportunity
- Forming the brief based on actionable insights
- Developing the creative and tying it back to a compelling narrative
- Navigating budgets & distribution techniques

The ideas should be creative, with a clear strategic throughline/rationale, while feeling true to the audience.

Grading will be split into two categories:

- **Mock Pitch:** Groups have 20-30min to present their agency, understanding of the audience, creative brief, & marketing campaign that will serve as the solution. You'll need to have a presentation (deck) to go alongside your pitch.
  - *The deck presented should rely on a good balance of visual inspiration and light copy to minimize distractions and keep the audience engaged. A more detailed version of the deck should be provided as a follow-up.*
- **Pitch Deck:** Submitted version of your presentation that can serve as the leave-behind for client feedback. It should be as impressive as the pitch but with more detail for those who may not have heard your pitch.
  - ***Due via Brightspace by 6:29 PM PT December 12<sup>th</sup>***

## **Policies and Procedures**

### **Course Content Distribution and Synchronous Session Recordings Policies**

USC has policies that prohibit recording and distribution of any synchronous and asynchronous course content outside of the learning environment.

Recording a university class without the express permission of the instructor and announcement to the class, or unless conducted pursuant to an Office of Student Accessibility Services (OSAS) accommodation. Recording can inhibit free discussion in the future, and thus infringe on the academic freedom of other students as well as the instructor. ([Living our Unifying Values: The USC Student Handbook](#), page 13).

Distribution or use of notes, recordings, exams, or other intellectual property, based on university classes or lectures without the express permission of the instructor for purposes other than individual or group study. This includes but is not limited to providing materials for distribution by services publishing course materials. This restriction on unauthorized use also applies to all information, which had been distributed to students or in any way had been displayed for use in relationship to the class, whether obtained in class, via email, on the internet, or via any other media. ([Living our Unifying Values: The USC Student Handbook](#), page 13).

### **Internships**

The value of professional internships as part of the overall educational experience of our students has long been recognized by the School of Journalism. Accordingly, while internships are not required for successful completion of this course, any student enrolled in this course that undertakes and completes an approved, non-paid internship during this semester shall earn academic extra credit herein of an amount equal to 1 percent of the total available semester points for this course. To receive instructor approval, a student must request an internship letter from the Annenberg Career Development Office and bring it to the instructor to sign by the end of the third week of classes. The student must submit the signed letter to the media organization, along with the evaluation form provided by the Career Development Office. The form should be filled out by the intern supervisor and returned to the instructor at the end of the semester. No credit will be given if an evaluation form is not turned into the instructor by the last day of class. Note: The internship must be unpaid and can only be applied to one public relations or advertising class.

## **Statement on Academic Conduct and Support Systems**

### **Academic Conduct**

The USC Student Handbook ([https://policy.usc.edu/wp-content/uploads/2022/09/USC\\_StudentCode\\_August2022.pdf](https://policy.usc.edu/wp-content/uploads/2022/09/USC_StudentCode_August2022.pdf))

### **Academic Integrity**

The University of Southern California is foremost a learning community committed to fostering successful scholars and researchers dedicated to the pursuit of knowledge and the transmission of ideas. Academic misconduct is in contrast to the university's mission to educate students through a broad array of first-rank academic, professional, and extracurricular programs and includes any act of dishonesty in the submission of academic work (either in draft or final form).

This course will follow the expectations for academic integrity as stated in the [USC Student Handbook](#). All students are expected to submit assignments that are original work and prepared specifically for the course/section in this academic term. You may not submit work written by others or "recycle" work prepared for other courses without obtaining written permission from the instructor(s). Students suspected of engaging in academic misconduct will be reported to the Office of Academic Integrity.

Other violations of academic misconduct include, but are not limited to, cheating, plagiarism, fabrication (e.g., falsifying data), knowingly assisting others in acts of academic dishonesty, and any act that gains or is intended to gain an unfair academic advantage.

The impact of academic dishonesty is far-reaching and is considered a serious offense against the university and could result in outcomes such as failure on the assignment, failure in the course, suspension, or even expulsion from the university.

For more information about academic integrity see the [student handbook](#) or the [Office of Academic Integrity's website](#), and university policies on [Research and Scholarship Misconduct](#).

USC School of Journalism Policy on Academic Integrity

[https://catalogue.usc.edu/preview\\_entity.php?catoid=16&ent\\_oid=3459](https://catalogue.usc.edu/preview_entity.php?catoid=16&ent_oid=3459)

“Since its founding, the School of Journalism has maintained a commitment to the highest standards of ethical conduct and academic excellence. Any student found plagiarizing, fabricating, cheating on examinations, and/or purchasing papers or other assignments faces sanctions ranging from an “F” on the assignment to dismissal from the School of Journalism.”

In addition, it is assumed that the work you submit for this course is work you have produced entirely by yourself, and has not been previously produced by you for submission in another course or Learning Lab, without approval of the instructor.

### **Generative AI Policy**

The USC Annenberg Public Relations and Advertising program views generative AI as an addition to USC’s digital literacy tools that students are encouraged to experiment with and use inside and outside the classroom. Students may use generative AI tools such as Chat GPT to help complete their class assignments but must disclose such use in the bibliography or notes section. Students are solely responsible for the quality and the accuracy of their submissions, regardless of whether they were completed with the aid of generative AI.

### **Students and Disability Accommodations**

USC welcomes students with disabilities into all of the University’s educational programs. The Office of Student Accessibility Services (OSAS) is responsible for the determination of appropriate accommodations for students who encounter disability-related barriers. Once a student has completed the OSAS process (registration, initial appointment, and submitted documentation) and accommodations are determined to be reasonable and appropriate, a Letter of Accommodation (LOA) will be available to generate for each course. The LOA must be given to each course instructor by the student and followed up with a discussion. **This should be done as early in the semester as possible as accommodations are not retroactive.** More information can be found at [osas.usc.edu](https://osas.usc.edu). You may contact OSAS at (213) 740-0776 or via email at [osasfrontdesk@usc.edu](mailto:osasfrontdesk@usc.edu).

### **Student Financial Aid and Satisfactory Academic Progress**

To be eligible for certain kinds of financial aid, students are required to maintain Satisfactory Academic Progress (SAP) toward their degree objectives. Visit the Financial Aid Office webpage for undergraduate- and graduate-level SAP eligibility requirements and the appeals process.
