ITP 249: Introduction to Data Analytics

Units: 4, Fall 2024

Tue, Thu 10:00 - 11:50 am, TBD
Mon, Wed 12:00 - 1:50 pm, THH 116

Instructor: Sinan Seymen, Ph.D.

Office Hours: To be posted on Brightspace/Piazza

Contact Info: seymen@usc.edu

Learning Assistants and Lab Sessions:

To be posted on Piazza

Course Description

Data is now an integral part of our lives and to be successful in today's business landscape, we need to be able to leverage data to make critical business decisions. This course will teach students how to use data to make those decisions confidently.

Learning Objectives

After completing this course, students will be able to:

- Use SQL, NoSQL, Tableau and leading industry tools
- Collect, clean, and analyze data from multiple sources
- Pose questions, collect relevant data, analyze data, interpret data and provide insights
- Present data-driven insights using data visualization and dashboards
- Use statistical techniques to gain insights

Prerequisite(s): None

Course Notes

Lecture slides and any supplemental course content will be posted to Brightspace. All announcements for the course will be posted to Brightspace. Information about assignments, due dates, exams and grades will also be posted on Brightspace. Students should check Brightspace regularly for updates.

Zoom?

There will be no remote attendance option, nor will there be any recordings of the lecture. Students are expected to attend lectures in-person.

Technological Proficiency and Hardware/Software Required

Most assignments in the class are done using software. Software will be provisioned for download or available through a virtual lab. Students are expected to have access to a computer. ITP has a limited number of laptops that students can request to borrow.

Optional Books

Carlos Coronel, Steven Morris. *Database Systems: Design, Implementation, and Management*. Boston, MA: Cengage Learning, 2018. ISBN-13: 978-1337627900

Additional reference material will be provided in class as needed.

Description and Assessment of Assignments

This course will make use of Brightspace for assignments. All assignments will be posted on Brightspace. Assignment will include instructions, a due date, and a link for electronic submission. Assignments must be submitted using this link.

Using techniques and ideas outside the content of this course without proper citations can result in significant penalties. Each assignment must be completed individually. Do not collaborate with other students for these assignments.

Grading Timeline

Assignments Grading will typically be completed 7 days after submission. Any variations will be announced in class or on Brightspace. All grading discrepancies must be resolved within a week of grade release. For grade disputes, contact your grader first. If resolution is not reached, contact the instructor.

Projects

Students can choose to work alone or with one other group member. Groups will be formed after Exam I.

Grading Breakdown

The weight of the graded material during the semester is listed below:

Item	% of Grade
Individual Assignments	25
Group Projects	15
Exam I	30
Exam II	30
Total	100

Grading Scale

Course final grades will be determined using the scale below. For the Pass/No Pass grading option, you must earn at least 70% to pass.

Letter Grade	Corresponding numerical point range
A	≥ 94
A-	≥ 90 and < 94
B+	≥ 87 and < 90
B	≥ 83 and < 87
B-	≥ 80 and < 83
C+	≥ 77 and < 80
C	≥ 73 and < 77
C-	≥ 70 and < 73
D+	≥ 67 and < 70
D	≥ 65 and < 67
F	< 65

Software

List of software that will be used in the course. Software will be provisioned through a virtual lab or available for free:

- MySQL, MySQL Workbench
- MongoDB, Studio3T
- Neo4J
- Tableau

Policies

Students are expected to attend and participate in lecture discussions, in-class exercises and group meetings.

Students are responsible for completing individual assignments as well their fair share of team projects by stated deadlines. Assignments turned in late will have 10% of the total points deducted from the graded score for each late day. After 5 days, the assignment will be graded 0%. **Students are given three 'grace' days for the semester (only for Individual Assignments). You can submit your assignments a total of three days late and will not receive late penalties (up to 30%). Other late submissions will be penalized, with no exceptions. Projects do not have grace days.**

No make-up exams (except for documented medical or family emergencies and religious holy days) will be offered. If they will not be able to attend an exam due to an athletic game or other valid reason, then they must coordinate with the instructor before the exam is given. They may arrange to take the exam before they leave, with an approved university personnel during the time they are gone, or within the week the exam is given. If students do not take an exam, then they will receive a 0 for the exam.

If students need accommodations authorized by OSAS, notify the instructor at least two weeks before the exam. This will allow time for arrangements to be made. In any other emergency situations please discuss your options with the instructor.

Any changes or modifications to these policies (such as extending grace days, deadlines, deviations in the course schedule, extra credit opportunities, etc.) will be communicated to the class using Piazza and/or Brightspace.

Sharing of course materials outside of the learning environment

SCampus Section 11.12(B)

Distribution or use of notes or recordings based on university classes or lectures without the express permission of the instructor for purposes other than individual or group study is a violation of the USC Student Conduct Code. This includes, but is not limited to, providing materials for distribution by services publishing class notes. This restriction on unauthorized use also applies to all information, which had been distributed to students or in any way had been displayed for use in relationship to the class, whether obtained in class, via email, on the Internet or via any other media. (See Section C.1 Class Notes Policy).

Course Schedule: A Weekly Breakdown

	Topics	Reading	Assignment
Week 1:	The Value of Data <ul style="list-style-type: none"> • Explanation of course objectives and tools • Syllabus Review • Discussion of the value and impact of data-driven decision making • Discussion of visual analytics and common presentation strategies • Excel Analytics • Brief history of databases and their role in information systems • Different types of databases and their organizational context • Survey of DBMS 	Please check Brightspace/Piazza	Please check Brightspace/Piazza
Week 2	Foundations of Databases and SQL <ul style="list-style-type: none"> • Data Modeling • Data models • Business rules • Relational and entity-relationship modeling • Entities, attributes, relationships • Keys: primary, foreign, candidate, surrogate, super • Minimum and maximum cardinality 		
Week 3	Normalization <ul style="list-style-type: none"> • Anomalies and the need for normalization • Normal forms • First, second, third normal forms • Denormalization • Dependency Diagrams • Exercises 		
Week 4	Introduction to SQL <ul style="list-style-type: none"> • Database structures • Introduction to SQL's SELECT statement with WHERE clauses • Query command tools: GROUP BY, HAVING, DISTINCT, COUNT, AND, and OR • Conditional operators: =, !=, >, <, IN, NOT IN, and BETWEEN • Aggregation functions: MIN, MAX, SUM, AVG, and COUNT 		
Week 5	Combining Data in SQL <ul style="list-style-type: none"> • Appending similar data together • Combining data from different tables together • Commands for combining data: JOIN and UNION Creating Multiple Joins <ul style="list-style-type: none"> • Creating relationships between tables: INNER, RIGHT, FULL OUTER, EXCEPTION and CROSS JOINS • Optimizing queries: WHERE, LIMIT and COALESCE 		

Week 6	Join Exercises Subqueries <ul style="list-style-type: none"> • Asking multiple questions in a single query • Nesting queries • Multi-step aggregation or filtering 		
Week 7	NoSQL <ul style="list-style-type: none"> • Drawbacks of SQL • Why NoSQL • Introduction to MongoDB • Non-relational databases 		
Week 8	Review/Exam I		
Week 9	Fundamentals of MongoDB <ul style="list-style-type: none"> • Data storage • Data Retrieval • Queries in MongoDB • Comparison of Contrast with MySQL 		
Week 10	MongoDB <ul style="list-style-type: none"> • Queries Continued • Aggregation Framework • MongoDB operators 		
Week 11	MongoDB <ul style="list-style-type: none"> • Aggregation Framework Exercises Data Visualization		
Week 12	Data Visualization Continued <ul style="list-style-type: none"> • Introduction to Charting techniques • Type of variables: Categorical, numerical • Tableau 		
Week 13	Graph DBs <ul style="list-style-type: none"> • Why graph databases? • Introduction to Neo4J • Visual representation of databases • Queries 		
Week 14	Working with graph databases <ul style="list-style-type: none"> • Writing and understanding Cypher • Neo4J Bloom exercises • Cypher Exercises 		
Week 15	Review/Exam II		
Week 16	Project due		

Statement on Academic Conduct and Support Systems

Academic Conduct:

The University of Southern California is a learning community committed to developing successful scholars and researchers dedicated to the pursuit of knowledge and the dissemination of ideas. Academic misconduct, which includes any act of dishonesty in the production or submission of academic work, comprises the integrity of the person who commits the act and can impugn the perceived integrity of the entire university community. It stands in opposition to the university's mission to research, educate, and contribute productively to our community and the world.

All students are expected to submit assignments that represent their own original work, and that have been prepared specifically for the course or section for which they have been submitted. You may not submit work written by others or "recycle" work prepared for other courses without obtaining written permission from the instructor(s).

Other violations of academic integrity include, but are not limited to, cheating, plagiarism, fabrication (e.g., falsifying data), collusion, knowingly assisting others in acts of academic dishonesty, and any act that gains or is intended to gain an unfair academic advantage.

The impact of academic dishonesty is far-reaching and is considered a serious offense against the university. All incidences of academic misconduct will be reported to the Office of Academic Integrity and could result in outcomes such as failure on the assignment, failure in the course, suspension, or even expulsion from the university.

For more information about academic integrity, see the [student handbook](#) or the Office of Academic Integrity's [website](#), and university policies on [Research and Scholarship Misconduct](#).

Please ask your instructor if you are unsure what constitutes unauthorized assistance on an exam or assignment, or what information requires citation and/or attribution.

Support Systems:

[Counseling and Mental Health](#) - (213) 740-9355 – 24/7 on call

Free and confidential mental health treatment for students, including short-term psychotherapy, group counseling, stress fitness workshops, and crisis intervention.

[988 Suicide and Crisis Lifeline](#) - 988 for both calls and text messages – 24/7 on call

The 988 Suicide and Crisis Lifeline (formerly known as the National Suicide Prevention Lifeline) provides free and confidential emotional support to people in suicidal crisis or emotional distress 24 hours a day, 7 days a week, across the United States. The Lifeline is comprised of a national network of over 200 local crisis centers, combining custom local care and resources with national standards and best practices. The new, shorter phone number makes it easier for people to remember and access mental health crisis services (though the previous 1 (800) 273-8255 number will continue to function indefinitely) and represents a continued commitment to those in crisis.

[Relationship and Sexual Violence Prevention Services \(RSVP\)](#) - (213) 740-9355(WELL) – 24/7 on call

Free and confidential therapy services, workshops, and training for situations related to gender- and power-based harm (including sexual assault, intimate partner violence, and stalking).

[Office for Equity, Equal Opportunity, and Title IX \(EEO-TIX\)](#) - (213) 740-5086

Information about how to get help or help someone affected by harassment or discrimination, rights of protected classes, reporting options, and additional resources for students, faculty, staff, visitors, and applicants.

[Reporting Incidents of Bias or Harassment](#) - (213) 740-5086 or (213) 821-8298

Avenue to report incidents of bias, hate crimes, and microaggressions to the Office for Equity, Equal Opportunity, and Title for appropriate investigation, supportive measures, and response.

[The Office of Student Accessibility Services \(OSAS\)](#) - (213) 740-0776

OSAS ensures equal access for students with disabilities through providing academic accommodations and auxiliary aids in accordance with federal laws and university policy.

[USC Campus Support and Intervention](#) - (213) 740-0411

Assists students and families in resolving complex personal, financial, and academic issues adversely affecting their success as a student.

[Diversity, Equity and Inclusion](#) - (213) 740-2101

Information on events, programs and training, the Provost's Diversity and Inclusion Council, Diversity Liaisons for each academic school, chronology, participation, and various resources for students.

[USC Emergency](#) - UPC: (213) 740-4321, HSC: (323) 442-1000 – 24/7 on call

Emergency assistance and avenue to report a crime. Latest updates regarding safety, including ways in which instruction will be continued if an officially declared emergency makes travel to campus infeasible.

[USC Department of Public Safety](#) - UPC: (213) 740-6000, HSC: (323) 442-1200 – 24/7 on call

Non-emergency assistance or information.

[Office of the Ombuds](#) - (213) 821-9556 (UPC) / (323-442-0382 (HSC)

A safe and confidential place to share your USC-related issues with a University Ombuds who will work with you to explore options or paths to manage your concern.

[Occupational Therapy Faculty Practice](#) - (323) 442-2850 or otfp@med.usc.edu

Confidential Lifestyle Redesign services for USC students to support health promoting habits and routines that enhance quality of life and academic performance.
