## ***Land Acknowledgement***

USC acknowledges that we are on the traditional land of the Tongva People. For thousands of years, the Tongva people lived on this land we occupy today and were considered the most powerful indigenous peoples to inhabit the Los Angeles basin. Along with the Tongva, we also recognize the Chumash, Tataviam, Serrano, Cahuilla, Juaneño, and Luiseño People, for the land that USC also occupies around Southern California. ## **CTPR 385: Colloquium on Motion Picture Production Techniques**

**Units: 4**

**Fall 2024: Session 001 | CTPR-385 | Section 18516D |**

**TUESDAY 2:00pm-4:50p.m.**

**RZC Stage E**

**Link to Course Brightspace:** <https://brightspace.usc.edu/d2l/home/123232>

**Instructor: Joselito Seldera** [seldera@usc.edu](mailto:seldera@usc.edu)

**Office Hours:** By appointment. In Person or Online

**Teaching Assistant: Shashwat Mathur** [mathursh@usc.edu](mailto:mathursh@usc.edu)

## **Course Description**

From idea and script, to shooting and editing, you will learn the fundamental components of motion picture production while collaborating with classmates on short form digital video projects.

The class will take a hands-on approach and introduce you to both the creative side (script analysis, working with actors, visualization, etc.) and the basic technical side (camera, lights, editing, etc.) of the filmmaking process.

No experience necessary. This course is ideal for students seeking an introduction to all aspects of film production, and for students who have some experience but are seeking to continue expanding their knowledge and experience.

## **Learning Objectives and Outcomes**

Beginning with a well-written scene, we will uncover:

- Character emotional beats, beats that the actors and director will develop;
- Body language, shot selection and blocking of action that is as powerful as dialogue;
- Cinematic elements (lighting, visual design, picture editing and sound design) that grow out of these elements and magnify their effect a thousand-fold.

Through class exercises, analysis of films and completion of your own projects you will begin to understand how the many layers of cinematic storytelling - technical, aesthetic, and emotional- work together to reach an audience. Students will also become familiar with the business side of filmmaking through class assignments, lecture, and discussion.

**Co-Requisite(s):** Mandatory Safety Seminar required at the beginning of the semester.

**Recommended Preparation:** Reading of screenplays, both produced and un-produced, viewing of movies and television shows.

## Description and Assessment of Assignments

Each student must participate in ten main projects/assignments:

### **Assignment Submission Policy**

Assignments will be due as specified by the instructor. All assignments will be uploaded by the date and time due to Google Classroom, and all video projects will be submitted by class time on Google Classroom, a shared Google Drive folder, and with an online link in reserve. If an assignment is submitted late, your grade for that assignment will be lowered one notch (ie: A becomes A-). You have 2 weeks to turn in an assignment after it's due before it becomes a zero. I will not accept late assignments after 2 weeks.

### **Grading Timeline**

The instructor will return assignments with grades and feedback by the following class after it is due.

### **Additional Policies**

#### **MID-SEMESTER CONFERENCES:**

Your instructor may request a mid-semester conference. At your request, your instructor will definitely allow time for mid-semester conferences to discuss your work and your progress. Your instructor may also request a mid-semester conference if he feels it is necessary. If at any time you wish to discuss your work, your progress, or anything else, please contact your instructor to set up an appointment. My office hours will be done by appointment primarily on Thursdays, by phone or Skype.

#### **Production Numbers:**

Production Numbers will be given to any class who normally receives numbers. Students will be instructed when it is possible for them to go onto SCACommunity and create numbers where authorized for their class. Class SAs will aid students in making, or correcting, production numbers if needed. Note many classes work in teams where they share a production number. Ask your SA about the needs for your particular class.

Students may still make requests for location insurance verifications (or COIs) when requested by locations. Students are reminded that these requests can take 3-10 days from request to final approval.

All necessary forms and online request forms are available on SCACommunity under the "Student Productions" heading. Contact your SA with any questions that you may have.

In terms of shooting plans, student is required to vet their plans with their faculty including discussing any Hazardous Shooting Conditions as defined by the SCA's Safety Book as posted on SCACommunity. This semester students will also be required to vet their plans for remaining Covid-safe with our Covid Safety Monitor. Ask your SA if you are unclear about these protocols.

#### **Attendance:**

Timely attendance is mandatory and failure to attend all class sections from beginning to end may affect grades.

- Students are expected to be on time and prepared for each class. One absence will result in a student's grade being lowered by one notch (IE: A becomes A-). Two absences may result in a student's grade being lowered by two notches (IE: A- becomes B). A third absence may result in a student's grade being lowered another full point (IE: B becomes C). Grades can be lowered by one full point for every additional absence.
- A student is deemed late if they arrive 7 minutes after the class has started. One late arrival may not affect your grade. Two late arrivals equate to one full unexcused absence. (IE: A becomes A-). Three late arrivals may result in your grade being dropped by two portions (IE: A- becomes B). Four late arrivals may result in your grade being dropped three portions (one full point: B becomes C). Lateness of more than 30 minutes will count as an absence, as will leaving class early (IE: leaving at the break, etc.).
- Exemptions will be allowed on a case-by-case basis and must be supported by a written accommodation request from the USC Office of Student Accessibility Services (OSAS).
- Students who become ill and need to self-isolate will be supported in their efforts to stay current with classwork and assignments. Faculty are no longer required to provide an option for students to zoom into class. However, Faculty may choose to use zoom at their discretion in an effort to help students stay current in their course work.

**Students must contact the professor or SA 24 hours prior to class start time if they need to miss class for any reason.**

### **Academic Integrity**

The University of Southern California is foremost a learning community committed to fostering successful scholars and researchers dedicated to the pursuit of knowledge and the transmission of ideas. Academic misconduct is in contrast to the university's mission to educate students through a broad array of first-rank academic, professional, and extracurricular programs and includes any act of dishonesty in the submission of academic work (either in draft or final form).

This course will follow the expectations for academic integrity as stated in the [USC Student Handbook](#). All students are expected to submit assignments that are original work and prepared specifically for the course/section in this academic term. You may not submit work written by others or "recycle" work prepared for other courses without obtaining written permission from the instructor(s). Students suspected of engaging in academic misconduct will be reported to the Office of Academic Integrity.

Other violations of academic misconduct include, but are not limited to, cheating, plagiarism, fabrication (e.g., falsifying data), knowingly assisting others in acts of academic dishonesty, and any act that gains or is intended to gain an unfair academic advantage.

The impact of academic dishonesty is far-reaching and is considered a serious offense against the university and could result in outcomes such as failure on the assignment, failure in the course, suspension, or even expulsion from the university.

For more information about academic integrity see the [student handbook](#) or the [Office of Academic Integrity's website](#), and university policies on [Research and Scholarship Misconduct](#).

**Artificial Intelligence (AI) Policy:**

In this course, I encourage you to use artificial intelligence (AI)-powered programs to help you with assignments that indicate the permitted use of AI. You should also be aware that AI text generation tools may present incorrect information, biased responses, and incomplete analyses; thus, they are not yet prepared to produce text that meets the standards of this course. To adhere to our university values, you must cite any AI-generated material (e.g., text, images, etc.) included or referenced in your work and provide the prompts used to generate the content. Using an AI tool to generate content without proper attribution will be treated as plagiarism and reported to the Office of Academic Integrity. Please review the instructions in each assignment for more details on how and when to use AI Generators for your submissions.

**Course Content Distribution and Synchronous Session Recordings Policies**

USC has policies that prohibit recording and distribution of any synchronous and asynchronous course content outside of the learning environment.

Recording a university class without the express permission of the instructor and announcement to the class, or unless conducted pursuant to an Office of Student Accessibility Services (OSAS) accommodation. Recording can inhibit free discussion in the future, and thus infringe on the academic freedom of other students as well as the instructor. ([Living our Unifying Values: The USC Student Handbook](#), page 13).

Distribution or use of notes, recordings, exams, or other intellectual property, based on university classes or lectures without the express permission of the instructor for purposes other than individual or group study. This includes but is not limited to providing materials for distribution by services publishing course materials. This restriction on unauthorized use also applies to all information, which had been distributed to students or in any way had been displayed for use in relationship to the class, whether obtained in class, via email, on the internet, or via any other media. ([Living our Unifying Values: The USC Student Handbook](#), page 13).

### *Statement on Academic Conduct and Support Systems*

### **Academic Integrity:**

The University of Southern California is a learning community committed to developing successful scholars and researchers dedicated to the pursuit of knowledge and the dissemination of ideas. Academic

misconduct, which includes any act of dishonesty in the production or submission of academic work, compromises the integrity of the person who commits the act and can impugn the perceived integrity of the entire university community. It stands in opposition to the university's mission to research, educate, and contribute productively to our community and the world.

All students are expected to submit assignments that represent their own original work, and that have been prepared specifically for the course or section for which they have been submitted. You may not submit work written by others or "recycle" work prepared for other courses without obtaining written permission from the instructor(s).

Other violations of academic integrity include, but are not limited to, cheating, plagiarism, fabrication (e.g., falsifying data), collusion, knowingly assisting others in acts of academic dishonesty, and any act that gains or is intended to gain an unfair academic advantage.

The impact of academic dishonesty is far-reaching and is considered a serious offense against the university. All incidences of academic misconduct will be reported to the Office of Academic Integrity and could result in outcomes such as failure on the assignment, failure in the course, suspension, or even expulsion from the university.

For more information about academic integrity see [the student handbook](#) or the [Office of Academic Integrity's website](#), and university policies on [Research and Scholarship Misconduct](#).

Please ask your instructor if you are unsure what constitutes unauthorized assistance on an exam or assignment, or what information requires citation and/or attribution.

#### **Students and Disability Accommodations:**

USC welcomes students with disabilities into all of the University's educational programs. [The Office of Student Accessibility Services](#) (OSAS) is responsible for the determination of appropriate accommodations for students who encounter disability-related barriers. Once a student has completed the OSAS process (registration, initial appointment, and submitted documentation) and accommodations are determined to be reasonable and appropriate, a Letter of Accommodation (LOA) will be available to generate for each course. The LOA must be given to each course instructor by the student and followed up with a discussion. This should be done as early in the semester as possible as accommodation is not retroactive. More information can be found at [osas.usc.edu](https://osas.usc.edu). You may contact OSAS at (213) 740-0776 or via email at [osasfrontdesk@usc.edu](mailto:osasfrontdesk@usc.edu).

#### **Support Systems:**
