## MAYMESTER 2025

### Poisons, Plagues, and Strange Medicines

This intensive, immersive educational experience is designed for a select group of undergraduate students who will delve deep into the dark and fascinating history of medicine during one of the most harrowing periods in European history—the Great Plague, also known as the Black Death, of the 14th Century.

### Maymester Details

This Maymester will include guest lectures, local site tours, and overnight fieldtrips from our basecamp at the IES Vienna site.

- Palaces and Castles
- Cemeteries and Crypts
- Museums
- Historical Sites
